261 Equipment and maintenance records for buildings and structures on the  
post grounds of Fort DuPont.  
270 Records contain description sheets for individual buildings or  
structures, maintenance lists of various equipment, machinery, systems,  
and annual reports of construction and repair activities. Description  
sheets show post plan and building number, place, designation of  
building, capacity, total cost, date completed, materials (walls,  
foundations, roof, floors), total floor area, size (main building,  
wings, basement), height of first floor above ground, how lighted,  
water, sewer, or gas connected, how heated and type of heat, type of  
water heater, cooking ranges, refrigerators, and meters installed,  
additions and installation (date , description, and cost), photo of  
building or structure, sketch of floor plans with construction details  
and general remarks. The maintenance lists of buildings, heating  
plants, utilities, transformers, electric lighting and power, equipment  
in buildings, etc. show building number, general description of  
equipment or system (type and dimension) and remarks. Annual reports of  
construction and repair show fiscal year, building number, designation  
of building, description of important repair work over one hundred  
dollars, repair expenditures for present fiscal year, total repair  
expenditures since construction or installation of building or system,  
total original cost, cost of new construction (alterations and additions  
only) and replacement value.
