261 The Joint Sunset Committee performs periodic legislative review of agencies, commissions or boards. The purpose of the review is to determine whether or not there is a genuine public need for the agency and, if so, determine if the agency is effectively performing to meet that need. These Files are the records compiled during the Committee's investigation and for the production of their recommendations.
270 The Files may have a final report with recommendations, correspondence, copies of legislation, report working papers and drafts, notes, agency meeting agendas and minutes, Performance Evaluation Questionnaire, agreements, audited financial statements, budget information, agency history, organization chart, and copies of court legal documents.
