261 Files generated by the legal process for condemning land to allow for various construction projects.
270 Records show location of construction project, description of condemned lands, names(s) of property owner, amount of damages, date and signature(s) of officials. Surveys of condemned lands are occasionally included. The bulk of this appears to be for highway or road construction. Nine files relate to condemnation of property to construct the Sussex County Airport during World War II.
