261 Microfiche copies of computer generated reports for various state agencies, especially State Police, Corporations, Department of Finance, and the Department of Education.
270 Records for State Police include various reports on complaints, arson cases, homicides, offenders, time analysis, crimes, and victims. Reports for the Division of Corporations include those relating to agents, claims of inactive corporations, cancellations of incorporations, interest assessment registers, tax assessments, new incorporations, collections, void proclamations, and voided corporations. The primary report for the Department of Finance is the payroll posting report. Division of Motor Vehicles' reports include various registration history reports. An alphabetical listing of students at non-public schools is produced for the Department of Education.
