261 Correspondence between individuals or groups to the Secretary of State  
requesting use of the State Seal, including letters from the Secretary  
either granting or denying requested use.  
270 The first folder includes a sample of the seal, fabric of the state flag  
colors and photographs of the seal. A folder for each year includes  
letters from groups or individual requesting the seal; how they are  
going to use it, why they think they should be able to use the seal and  
sometimes a sample of the use. Also found are newspaper clippings of  
articles that appeared in the paper that year concerning the great seal.  
Some letters are from concerned citizens or legislators on the use of  
the seal that they have seen. Copies of emails sent between the  
committee members discussing usage of the seal or concerns and faxes.
