261 Building plans for state and local government buildings and schools
submitted in response to 29 DC, §507.
270 Drawings usually show the names of the architects and engineers,
building name and location, agency responsible for the building, dates
of drawings, type of construction project, and sheet number. Types of
drawings may include plot plans, elevations, architectural, electrical,
mechanical, heating, ventilation, and air conditioning, plumbing,
roofing, landscaping, parking, alterations, additions, and renovations.
