261 A card catalog indexing death and tombstone references from numerous series in the holdings of the Delaware Public Archives.
270 Death cards (36 drawers) may show the county, record reference, name of deceased, age, names of parents, date, race, sex, residence, place of burial, occupation, and nationality. Tombstone cards (1 drawer) may show the family names of the deceased, name and location of cemetery, and page number. These cards index vital statistical information contained in 1325-004 Marriage Records Collection, RG 9020-004 Bible Records Collection, RG 9020-001 Tombstone Records, and Faries Undertaker Records. Other records incompletely indexed include church records, Court of Chancery records, Orphans' Court records, probate records, published books, and the Archives Deeds Collection.
