261 The Foundation was created to establish criteria for and to purchase agricultural lands preservation easements. The minutes document their activities to fulfill this mission.
270 The regular minutes (1991-2009) date from the founding of the Foundation. They show the date, time, and place of the meeting; names of members, staff, and other attendees; business discussed; and the signature of the secretary. Subjects discussed include finances, applications received and approved, formulation of regulations, purchase of developmental rights, legislation, progress reports, and lists of participants in the program.

Also included are Executive Session minutes (1995-2011) which show the date, time, and place of meeting, names of attendees, and business discussed. Meetings were often about properties to be approved or a discussion about finances. These minutes are brief and not detailed. There is also one folder relating to a 1995 workshop on the purchase of developmental rights. This is a transcript of what was spoken by the presenters.
