261 Veterans' applications for Korean War bonus payments denied by the Commission.  
270 Files contain original applications for bonus claims and copies of separation papers (DD 214). Both forms show name, address, and physical description of veteran; branch of service; dates of service; places of entry and discharge; date of document; and signature of veteran. Discharge paper also shows rank, military occupation, battles and campaigns in which participated, decorations and citations received, and dates of service outside the United States. Other supporting documents such as correspondence to and from the Commission and veteran and additional citations received are occasionally present. Reason for rejection usually noted on folder cover or application form. In 1957 the cash payment period was extended for one year by an Act of the General Assembly. In 1961 the cash payments were reactivated for several months.
