 261 Statistical reports on the causes of death, age, sex, and race of people
 who died in Delaware.
 270 Reports were done on non-resident, State of Delaware residents, City of
 Wilmington, rural New Castle County, Kent County and Sussex County.
 Beginning in 1960, the reports were computerized and the cause of death
 identified with a ICD (International classification of diseases) code
 number. ICD reference book and table of contents (1957-1996) included
 here. For additional morbidity reports from as early as 1928 see 1500-
 008-064 and 1500-017-019.
