261 Case files maintained on patients admitted to the Delaware State
Hospital and released to the Home Care Division of the Hospital or later
to the Sussex County Mental Hygiene Clinic. All files found here are for
patients who died before 1977.
270 Files may include State Hospital or Clinic admission record, release
summary, psychological report, physical report, authorization to give
information, medical test results, outpatient service record, clinic
record card, nurse or doctor progress notes, home care drug agreement,
request of medical report, and a social, psychiatric, medical, and
family history. The outside of the folder may show the date admitted
and discontinued, and reason for discontinuation. The reason for
discontinuation was death.
290 "Home Care" on outside of most folders.
