261 Information collected in the field and used for creating survey drawings for road construction projects.
27X Record shows book number, site/location of work, date of entries and engineering specifications, measurements, and surveyor's information for road and bridge construction. Some entries before 1966 include contract numbers and almost all entries after 1966 contain contract numbers.
29X Each volume is numbered. Generally the project location or beginning and end points of road are appear on volume.
310 A few photographs present.
329 WORK STATUS

___needs sorting
___needs unfolding
___needs foldering/reboxing
___other: _____

CONDITION:

___totally disorganized
___order not apparent
___origin questionable
___other:_____

ARCHIVIST:

___review for identification/ further determination
___processing
___determine origin/purpose
___other:

FILM:

___for security
___destroy original
___other:

330 Chronological by date of entry.
331 Within, generally by type of information recorded. Separate series,
332 Handwritten
350
360 Fair to poor condition with water, acid, rust, storage and dirt damage with broken spines, loose covers and metal fasteners.
390 The surveys that were created from this data contain a reference by volume number to the corresponding notebook.
420 Transferred 25 on 12/10/1998, 50 on 2/12/1999 and 51 on 2/19/1999, Latest accessioned March 8, 1999, (9920)
430
900 The surveys drawn from the notes in these volumes are part of a database maintained by DOT as part of Contract Files series.
990 January 14, 1999
995 February 25, 1999; March 8, 1999
