241 14 flat folders  
261 Blueprint copies of a statewide survey used for planning purposes.  
270 These records are copies of aerial photographs with road numbers, state  
and hundred boundary lines, names of towns, rivers, creeks, lakes,  
businesses, roads, race tracks, streets and other features identified.  
Each sheet also shows the longitude, latitude and map number. The  
clarity of these copies is not sufficient to identify houses or small  
features. The map scale is one inch equals eight hundred feet.
