261 In response to a legislative directive, the State Highway Department surveyed the boundary monuments on the Maryland and Pennsylvania borders. The resulting reports describe each monument only.
270 These reports are for Kent and New Castle County only. For each marker there is a statement of condition, physical description of the marker and a detailed description of the marker location. One or two 3" x 4.5" black and white photo of each marker is included. Each report offers suggestions for preservation of the markers. The New Castle County report numbered the markers from the Kent - New Castle border up to the Delaware River. The Mason - Dixon marker number and the U. S. Coast and Geodetic Survey marker number is also provided. The Kent County report numbers the markers from the New Castle County border to the Sussex County border.
