261 A majority of the files relate to public hearings or workshops related  
to proposed road construction.  
270 Files may include memorandum, correspondence, affidavits of publication,  
copies of legislation, environmental impact reports, maps, news  
clippings, speeches, right of way reports, public hearing notices and  
transcripts, and mailing lists. In addition to road construction, other  
subjects include revision of DART bus service, expansion of Department  
property, noise and sidewalk policies, road vacations, sidewalk  
construction projects, bridge painting, road safety improvements, truck  
route studies, bike maps, and long-range transportation plans.
