241 1 photo box  
261 Aerial photographs of the coastal region showing storm damage and recovery of the areas affected by the 1962 storm.  
270 The photographs show the storm damage to Cape Henlopen, Rehoboth Beach, Dewey Beach, Indian River and Bethany Beach. They show the storm damage and then show the same area recovered months later. For example: the Rehoboth Beach photographs show the extensive damage to the Henlopen Hotel and the boardwalk at Rehoboth Avenue. The aerial photographs then also depict the recovery and renovations of both the Henlopen Hotel and the boardwalk.

330 Arranged geographically.  
331 No index.  
332  
350 Digital Copies are on DPA Website.  
360 Good condition.  
370  
390 In-house database.  
420 2014038;  
430 When these came to us they were bordered by cardboard on both sides so that they could be used on an overhead projector. We had to remove the transparencies from the cardboard to scan them. Each is individually foldered. Use the digital copies.
