261 Grant files document the grant proposal process that funds all the projects completed by Highway Safety. Projects are funded by the National Highway Traffic Safety Administration and the Office of Juvenile Justice and Delinquency Program.  
270 Files document the receipt of and subsequent distribution of State and Federal moneys. The projects target problem areas in highway safety and support appropriate corrective initiatives. For example, the projects funded by the Office of Juvenile Justice and Delinquency Program generally deal with enforcement of underage drinking laws. Each project has a contract file, a fiscal file and a report file.
