261 Primarily grant project financial reports.
270 Files include cost schedules, expenditure reports, statement of budgetary activity and account balances, payment vouchers, copies of checks, purchase orders, grant applications, and grant approval letters. Financial reports may show expenditures, funds received, balance remaining, amount of federal funds, and grantee match funds. Grant applications describe the project goals and methods and the project budget. A small amount of correspondence primarily relates to financial questions. Grant projects include domestic violence enforcement, power point projection system, state identification system program, national criminal history improvement program, universal hiring, crime analysis, local law enforcement block grant, colposcope initiative, expansion of the Delaware Victim Center, video evidence equipment, and response to the active shooter.
