 430 The bulk of this collection previously included materials from a Captain George W. Chaytor. It was learned later that these materials may have been part of a single donation, as items non-war related from him were placed in the Small Manuscript Collection (RG 9200.C18.001). Captain Chaytor's military papers have been relocated into the Small Manuscript Collection under that record group and sub-record group heading reference.

 999 Not sure where the New York muster roll came from. May have been part Chaytor collection, however, a rough 1930's checklist of his materials does not reference this record.
