 900 Appears not all accounts between 1789-1791 were entered within this
 index. A loose manuscript index, possibly an extension to the entries in
 the index volume itself, was found in the Treasurer's Book. It contains
 references to references "A" and "C" only. Volume has two paginations,
 front and again beginning 3/4 through the book. Possibly because of
 change in State Constitution in 1792, as that is where break occurs.
