261 Financial record of various types of licenses sold.
27X Shows type of license sold, date of entry, name of licensee, and amount of license. Also includes a semi-monthly account of fees collected by the Clerk of the Peace showing year and month, type of license, number of licenses sold, amount of fees collected, total amount of fees for that period, and receipt of State Treasurer. Six volumes run consecutively from 1877-1912. The other three were either personal or source for draft entries for those in other volumes. Volumes 1912 and 1913 were originally printed for recording the sale of licenses for carrying deadly weapons; "deadly weapon" has been crossed out to allow for entering other licenses. The remaining volume is a ledger with account headings and entries with reference to court cases and costs, 1905-1908 (probably Court of General Sessions). License sales are in the back of the book (1911-1912). There are two 1924-1954 volumes; one records the fees paid to the State and the other records fees paid to Kent County.
