241 10 volumes in O/S Flat - 16 box  
261 Record of individuals assessed for Milford school taxes.  
270 Shows school district number, name of taxable; location of his property  
and number of livestock, when applicable; value of real estate and  
personal property; total of personal and real estate values and amount  
of poll tax. It was the duty of the school committees to assess all  
white male inhabitants of the district over the age of 21 on the value  
of their personal property and the "clear rental value" of real estate  
owned by white persons within the district. A copy of the assessment  
book was posted for inspection in a public place for the citizens  
inspection. [1852 Revised Del. Code, ch. 42, ss 12]. These volumes are  
for combined school districts 42, 43, 65, 66, 68 and 70. Date of these  
records is probably between 1900 and 1915. In 1915 additional districts  
were added to the Milford Special School District.
