261 Cards used by the Assessment Office to record the sales of property within the county so that their property ownership and tax assessment records can be updated.
270 The records shows transfer numbers and date, deed book and page number, district number, names and addresses of seller and buyer, consideration paid, date acknowledged, name of attorney, and may contain a report of purchase which includes handwritten notations on location of property and number of acres. Beginning in 1975 the cards also include the tax map number and parcel number. The transfer number can be obtained from the Property Record Cards (4535.005) or Assessment Books (4535.000).
