261 Annual report on the finances of the Town of Elsmere.
270 The early reports audited the records of the Treasurer and the Tax
Collector. These include statements of cash receipts and disbursements
of the general fund and the special fund as well as a schedule of unpaid
town and sewer disposal taxes. A list of delinquent taxpayers was
included in the reports until 1980. After this year the audit reports
are detailed financial statements of the Town.
