240 2.85 cf.  
241 10 volumes  
261 Record of tax payments.  
270 The early volumes show the name of the property owner, address, date, property description, and amount of real estate assessment, total, penalty, rebate, credit, and balance. Beginning in 1968 a computer printout format was used. This shows the name and address of the owner, property location and description, land assessment, building assessment, total assessment, tax due, amount of discount, net amount owed, and date paid. There are occasional notes if taxes were delinquent. Sometimes there are notations if the property was sold or the owners moved.
