240 2.52 cf.
241 2 cfb.
261 Proposed capital improvement program plans for the next five years
submitted by the City Manager to the Mayor and City and Council.
270 The plans have a narrative description of the general fund and capital
projects that need to be done and financial estimates for each project.
Projects include water systems, streets, electric, storm sewer, sanitary
sewer, parks and playgrounds, police, technology, and vehicle
replacements. Some plans have plots showing the location of proposed
projects.
