261 Drawings of street layouts in the City of Wilmington.  
270 Drawings show names of streets, width of street, length of each block  
and page number of sheet. Each sheet shows three to nine blocks. Some  
pages show locations of manhole covers, railroad lines, rivers, bridges,  
and other features. These drawings were removed from volumes B, C, E  
and F. There is no key or index. Records probably date from the early  
1900's.
