261 Record of the meetings of the Dover Board of Health. The Board worked to prevent the spread of infectious diseases and to improve sanitary conditions in the town.
270 The minutes may show the date, time, and place of meeting, members attending, business discussed, and the signature of the secretary. Business discussed includes rules relating to quarantines, infectious diseases reported, homes quarantined, properties and businesses with sanitary problems, board elections, and the town water, drainage, and sewer systems. The back of the book contains lists of incidences of infectious diseases. The lists may show the date, name of person infected, their street, disease, and the doctor who reported it.
290 "Board of Health" on cover, "Record" on spine.
