261 Account record of each school districts' receipts' and expenditures in  
administrating and operating the schoolhouses through the school year.  
27X Generally the records show district number, date of entry, name, purpose  
(appropriations and tax collections) and amount of receipts, and  
expenditures for salaries, school supplies and maintenance with  
balances. Proceedings of the meetings within each district were  
included but not consistent for all years or every district.  
Occasionally other information appears such as lists of taxables and  
students enrolled for a particular school year. In cases where a new  
school district was formed, a description of the boundaries is included.  
Separate building accounts are also found for the alteration of old or  
building of new schools.
