box and one 1.36 drawer.  
261 The Board of Education had photographs taken to document school  
buildings, new school construction, and school activities. Some were  
included in Board and Department of Public Instruction annual reports.  
270 The processed part of the collection (0.8 cf.) contains mostly views of  
school building exteriors. Many one-room schools are included, and many  
photos were taken immediately after new school construction. Some  
photos contain information on the number of rooms, the date construction  
began and ended, and the costs of construction. A smaller number of  
photos show school interiors and classroom scenes. Special events like  
county field and track meets, school attendance parades, and the Apple  
Blossom Festival parade are also included. The unprocessed part of the  
collection (2.18 cf.) also includes such subjects as driver's education,  
home economics, school class portraits, team portraits, sports, Future  
Homemakers of America, Future Farmers of America, physical education,  
and May Day activities.
