261 Record of the meetings of a standing committee created by SB 260 (2000)
that is charged with helping to establish a system of professional
development, professional standards, licensure, and certification
designed to continually improve the quality of instruction for
Delaware's school children.
270 Minutes show the date, time, and place of meeting, members present, and
a synopsis of the business discussed. Subjects include SB 260
requirements, the three-tier licensure system, mentoring, and
requirements for licenses and certification.
