261 Due to a State of Delaware budget crisis, each school district was
required to submit a plan to the Secretary of Education detailing how
employees would receive five leave days as part of the 2.5% salary
reduction instituted by the Markell administration for fiscal year 2010.
270 The records for each school district include a memo from Secretary
Lillian Lowery approving the district plan, the school district plans
for the furlough days, correspondence, and agreements with the teachers'
union. Also included is a revised composite school district calendar
for the 2009-2010 school year.
