261 State-wide and local school statistical reports.
270 The Frankford School #206 age-grade report (1960, 1963) is a table showing the number of students of each age and their grade level. Enrollment reports (1961-1965) include Frankford School #206 tables which show the names of teachers, their address, and the grade and number of students they teach. Another table shows the race and sex statistics for each grade at Frankford School. A state-wide enrollment report lists each school in the state and the number of students for each grade.

Summary attendance reports for eastern Sussex County (1961-1962) list the schools, names of teachers and their class enrollment, attendance percentage, high school, elementary, and "colored" teachers with the highest attendance percentage, number of students on the honor roll each month, and monthly attendance statistics. The White and Colored Enrollment report (1964-1965) lists each school in the state and shows the number of white and African American students in grades 1-6 and 7-12 for each school. Another report lists schools with all white or all black enrollments in 1964 and that were integrated in 1965. The report shows enrollment statistics for 1964 and enrollment by race for 1965.

Also included is an undated cafeteria menu for the John M. Clayton School District.
