261 Record of students who graduated from Milford High School.
270 The volume lists the graduates for each year, and may show their address, who they married, post-graduate education, honor students, medals and prizes awarded, and the class valedictorian and salutatorian. Programs (1911-1964) for baccalaureate services, grammar school and high school graduations, and class night were glued into the book and later removed. Other programs of interest are from the Kent County Education Association, 1926-1927; First State Attendance Day, 1928; Milford Emergency Hospital Training School for Nurses, 1934; and Youth Congress of Colored Parents and Teachers, 1944-1945. A list of Milford High School graduates who received college aid from the Alumni Fund, 1911-1938, was in the book. Also included was an article on William Burt Foulk, a Milford graduate who was named "Princeton's Man of the Week," 1956.
