261 Minutes, election results, and lists of citizens who voted in Milford
School District elections. Elections were held for selection of school
board members or approval of referendums to raise taxes or issue bonds.
270 Minutes (1943-1977) note the place, time, and date of the election;
reason for the election; and names of election officials. Next follows
the list of voters with their address sometimes included. The time the
polls closed, who closed them, the election results, and the signature
of the election secretary follow the voters' list for each election. The
first box also includes 1923 and 1930 sample ballots and election
notices for 1941 and 1949. Nine of the volumes are identified as coming
from the individual schools where voting booths were stationed.
