261 Various types of records maintained on Milford students.
270 The Milford High School Record of Standings, 1906-1912, 1912-1917, lists the class, names of students and their grades for each subject, and monthly averages. It also notes which students were promoted to the next grade, failed, or left school. The Milford Grammar School Student Attendance Record, 1911-1914, lists the students and the days they attended school. Attached to the front cover is a 1915 teacher's contract for May Foulk. The Student Record Book, 1911-1913, lists the name of each student and their parent or guardian, birth date, age, street address, height and weight, health, physical defects, attendance regularity, subjects deficient in, deportment, if promoted, and date of withdrawal. The Text Books Loaned to Pupils Record Books, 1897-1902, 1903-1911, notes the name of the department and teacher, school year, names of pupils, and names of the books each were given. A School Savings Roll Book, 1904-1906, shows the grade, name of teacher, month and year, names of students, and amounts each deposited.

Loose papers removed from these books include a record of attendance, September 1927; requests for school records, 1929-1946; Milford High School senior class list, 1935; age verification requests, 1942-1943; and a reading chart, 1929-1930. Also present is an 1896 graduation announcement and an undated Milford High School "Courses of Study," which lists the required courses.
