261 Milford School District narrative and statistical reports for each
school year.
270 The Annual Reports generally show the number of teachers and staff,
enrollments for each school, referendum results, enrollment statistics,
financial statements, and tax rates. Later reports provide more
information, especially detailed statistics. These include statistics
on building and property size, student participation in food services,
transportation, senior class plans, scholarship amounts, college credits
earned, instructional computers, child nutrition program, academic
retention, student discipline, special education, attendance, athletic
finances and participation, accident report, dropout, and bus
discipline. The reports may include the names of school board members
and District organizational charts.
