261 Formal class portraits of students attending Greenwood High School.
270 Most are group portraits outside the school buildings, although there
are many with a number of small individual portraits on each print. The
group portraits are usually photos of the graduating seniors, but the
earlier ones often include several grades. The prints with small
individual portraits are usually labeled with the year the class
graduated and not the year the photo was taken. Photos are for the
classes 1907-1908, 1912-1914, 1916, 1918-1921, 1924-1928, 1930-1933,
1935, 1937-1944, 1946-1952, 1954, and 1958 (newsletter illustration
only). Some photos were published in an alumni newsletter, and the
accompanying clipping lists all the students in the photo.
