261 Photographs taken by Mr. Stewart to document the restoration of Delaware's former state capitol building. Stewart later became the Bureau Chief for the Delaware State Museums.
270 Color and black and white prints, negatives, and color slides are present. The photos show the removal of the cupola, exterior and interior views of various stages of reconstruction, and the July 3, 1976 bicentennial celebration event at the State House. Also present are views of The Green and the Capital Complex.
