261 Thomas J. Walters was a Delaware architect for forty years who produced drawings for a number of school and state government construction projects.
270 The collection includes drawings for fifty-one different school buildings from the Appoquinimink, Capitol, Brandywine, Red Clay, and Colonial School Districts. Major state government building projects include the Smyrna Rest Stop, the Department of Transportation Maintenance Garage at Kiamensi Road, State Police Museum, and the State Fire School.
