261 Unused book published by I. D. Affleck to aid farmers in keeping track
of their management information and accounts and to provide useful
information.
270 There are pages to record daily events, inventory of stock and
implements, tenants leasing land, laborers employed, wood cut and rails
split, land fertilized, land in crops, harvest expenses, crops harvested
and prepared for market or use, poultry sold and used, eggs gathered,
milk, butter, and cheese, fruit and vegetables sold and used, cattle
bred and born, disbursements for the farm, family, and house, statement
of expenses, and annual balance sheet. At the back of the book are a
number of sections of useful information and reference tables. These
include sections on food and its preparation, preserving food, dairy,
poultry and eggs, painting, soldering, care of the sick, manures and
fertilizers, and other subjects.
