261 Primarily petitions requesting that the Delaware marriage ban on same
gender couples be repealed. Delaware Marriage Equality was an
organization founded by activist Charles Mead-e to promote equality in
Delaware's marriage laws.
270 The petitions contain the date, name and signature, address, city, zip
code, and may include phone numbers and email addresses. Some petitions
were arranged chronologically while others were arranged by zip code of
the petitioner. The petitions arranged by zip code are copies of emails
or Facebook posts. Information from the petition sheets was input into
a spreadsheet. A general spreadsheet, one by representative district,
one by senatorial district, a photo of Lt. Governor Matt Denn and
Charles Mead-e, and a photo of the gay marriage flag were saved on a cd.
Also included is a certificate of incorporation, correspondence relating
to the petition campaign and the effort to secure same sex marriage,
news articles about the endeavor, and information about the Delaware
Family Policy Council, an organization that fought against the
legislation. A Delaware Marriage Equality sign with a Delaware flag
emblem is also present.
