261 This collection includes three plots (no date, 1863) and one invoice of goods sold to Zadock Postles by Z. Henry Postles in 1818.  
270 The plots included in this collection are in Kent County. A plot dated 1863 references the lands of John Dickinson Logan, St. Jones Neck. This map was created by Myers C. Conwell Surveyor. The other plots in this collection are not dated. One is a copy of a plot first drawn on October 2, 1845 following the death of John Marim describing the portion of Marim's land that was passed down to his daughter, Elizabeth. According to the plot, once in Elizabeth's possession, the lands came into possession of Cornelius P. Comegys, Esq. through legal conveyance, before they were ultimately sold in a sheriff sale. The third plot represents former Dickinson land owned by Peter Wilson. Lands of Dr. J. D. Logan and G.G. Logan are indicated on this plot. The Postles invoice outlines items purchased by Zadock Postles including tools, farm equipment, furniture, food, and weapons.
