261 Administrative records of the Society, especially related to the rehabilitation of the St. Georges Presbyterian Church, a National Register of Historic Places building which the Society planned to use as a local museum.
27X Administrative records include correspondence, copies of newspaper clippings, Society by-laws, a financial report, copy of the deed, and a program for the church dedication service. Also included is a detailed engineering report on the work needed to stabilize the St. Georges Presbyterian Church. Color photographs and architectural drawings of the church are contained in the report. Additional photos of interior and exterior views of the church are found in a separate folder.
