261 Records compiled by Hope Tyler during her time working on the political campaigns of Pierre S. du Pont, IV, and Michael Castle and as part of the Castle administration.
270 A majority of the records relate to Castle's gubernatorial campaign in 1984. These files contain Castle biographies, campaign bumper stickers, campaign notes, campaign platforms, and a campaign report. Other Castle records include inauguration programs, Lt. Governor campaign brochures and stickers, photographs, and the 1985 State of the State address. Several folders contain records from Pete du Pont's campaigns for governor and president. They include position papers, bumper stickers, brochures, newspaper clippings, biographies, invitations, a speech, and correspondence. Also present is a lengthy 1973 Philadelphia Bulletin article on Congressman du Pont.

Hope Tyler also served on the Delaware Heritage Commission and worked with the Governor's School for Excellence. There are two reports, brochures, programs, and newsletters about the Heritage Commission's efforts to celebrate the Constitutional Bicentennial. One folder contains working papers for the Governor's School. Also present in the collection are stickers for Jim Baxter's campaign against Joseph Biden for U. S. Senator and a letter from Senator Bill Roth to Tyler thanking her for helping at a fundraiser.
