AN ACT TO AMEND CHAPTER 174, VOLUME 23, LAWS OF DELAWARE, AS AMENDED ENTITLED "AN ACT TO RE-INCORPORATE THE TOWN OF TOWNSEND" RELATING TO THE AUTHORITY TO ISSUE BONDS.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE (Two-thirds of all members elected to each House thereof concurring therein):

Section I. Amend Chapter 174, Volume 23, Laws of Delaware, by adding thereto a new section to be designated §15 to read as follows:

"§15. <u>Creation of Debt; Authorization, Procedures and Debt Limitation and Anticipation Borrowing</u>

(a) The Town shall have the power to authorize the issuance of bonds and notes of the Town to finance the cost of any object, program or purpose for which Town, or any officer, department, board or agency thereof, is by this Title or by any other law, authorized to raise, appropriate or expend money, or for the implementation and performance of functions, programs and purposes specified in this Title, or in any other law, applicable to Town; provided, however, that the Town shall not have authority to create or to authorize the creating of any bonded indebtedness for any of the following purposes:

The payment of any operating expenses, the payment of any judgment resulting from the failure of the Town to pay any item of operating expense; or the payment for any equipment or any public improvements of a normal life of less than 5 years. The foregoing limitations shall not apply should the Town unanimously declare the existence of an emergency due to public calamity.

(b) The powers conferred by this subsection shall be in addition to and not in substitution for or in limitation of the powers conferred by any other law. Bonds and notes may be issued under this Subchapter for any object or purpose for which Town is by this Chapter or any other law authorized to raise or appropriate or expend money notwithstanding that any other law may provide for the issuance of bonds or notes for the same or like purposes and without regard to the requirements, restrictions or other provisions contained in any other law. Bonds and notes may be issued under this Subchapter notwithstanding any debt or other limitation prescribed by any other law, and the mode and manner of procedure for the issuance of bonds and notes and the adoption of the ordinance authorizing issuance of the bonds or notes under this Chapter need not conform to the provisions of any other law or any other provision of this Chapter.

(c) Bonds and notes issued pursuant to this Subchapter shall be authorized by ordinance of the Town approved by not less than 3/5ths of all of the Members of Council. Each such ordinance shall state in brief and general terms the objects or purposes for which the debt is to be incurred and the maximum aggregate principal amount of debt to be incurred for each such object or purpose. Such ordinance, or a subsequent resolution of the Town, shall specify, or may delegate authority to the Council President to determine, with respect to any bonds and notes; their date or dates; their maturity; the security therefore, if any, including a pledge of the Town's full faith and credit, federal or State grants or other revenues or property; provisions for either serial or term bonds; sinking fund or other reserve fund requirements, if any; provisions for redemption prior to maturity, if any, with or without premiums; the interest rate or rates and any limitations with respect thereto or the manner of their determination; the times and place or places within or without this State for the consolidation of debt authorized for several objects and purposes pursuant to one or more ordinances into one consolidated issue; provisions for the receipt and deposit or investment of any good faith deposit; provisions for the public or private sale of the debt instruments; and such other terms and conditions as may be in the best interest of the Town. Debt incurred by the Town pursuant to this Subchapter may be represented by uncertificated obligations of the Town which may be applicable to bonds and notes which are permitted to be issued under this Subchapter, and the Town by resolution may determine, or it may delegate authority to the Council President to determine, all procedures appropriate to the establishment of a system of issuing uncertificated debt.

(d) The Town may pledge its full faith and credit to secure the payment of the principal, interest and premium, if any, on any debt incurred pursuant to this Subchapter and/or may pledge any other security therefor. With respect to any debt to

which the Town's full faith and credit is pledged, the authorizing ordinance and the debt instruments issued shall contain the declaration that the principal, interest and premium, if any, are to be paid by <u>ad valorem</u> taxes on all real property subject to taxation by the Town without limitation as to rate or amount and that the full faith and credit of the Town are pledged for payment. The Town shall annually levy and collect a tax <u>ad valorem</u> upon all taxable property sufficient to pay the principal of and interest on each bond or note secured by the Town's pledge of its full faith and credit as such principal and interest become due; provided, however, such tax may be reduced by the amount of other moneys appropriated and actually available for such purpose or provided for by local or special assessments or local service taxes.

(e) The outstanding general obligations bonded indebtedness of Town secured by its full faith and credit may not exceed twelve percent (12%) of the assessed valuation of all real property subject to taxation by the Town. The outstanding bonded indebtedness of the Town not secured by its full faith and credit is without limitation as to amount.

(f) The proceeds from the sale of bonds and notes issued under this Subchapter shall be used only for the object or purpose or objects or purposes specified in the ordinance authorizing such bonds or notes for the payment of the principal of and interest on temporary loans made in anticipation of the sale of such bonds or notes. If for any reason any part of such proceeds are not applied to or are not necessary for such purposes, such unexpended part of such proceeds shall be applied to the payment of the principal of or interest on such bonds or notes no later than the earliest date on which such bonds or notes may be called for redemption without premium.

(g) All bonds, notes or other evidences of indebtedness issued pursuant to this Subchapter shall recite that they are issued for a purpose or purposes as specified in the authorizing ordinance or resolution and that they are issued pursuant to the terms of the Constitution and laws of this State and the Town. Upon the sale and delivery of any such bonds, notes or other evidences of indebtedness against payment, such recitals shall be conclusive as to the right, power and authority of the Town to issue the same and of the legality, validity and enforceability of the obligation of the Town to pay principal of and interest on the same. In case any Town official whose signature or a facsimile thereof shall appear on any such bonds, notes or other evidences of indebtedness shall cease to be such officer before the delivery of such obligation, or in case the sale of the Town which appears on any such obligation shall change before the delivery of such obligation, such signature, seal or facsimile thereof shall nevertheless be valid and sufficient for all purposes as if such officer had remained in office and as if such seal had not changed. The legality, validity and enforceability of such bonds, notes or other evidences of indebtedness shall never be questioned in any court of law or equity by the Town or any person after the issuance, execution and delivery against payment for the same. All such bonds, notes and other evidences of indebtedness are hereby declared to have all the qualities and incidents of negotiable instruments under the commercial code of this State.

(h) Notwithstanding any limitations herein to the contrary, the Town may borrow in the anticipation of the collection of taxes or other revenues budgeted for any purposes for which taxes are levied."

SENATE BILL NO. 160 AS AMENDED BY SENATE AMENDMENT NO. 1

AN ACT TO AMEND TITLE 18 OF THE DELAWARE CODE TO ADOPT MINIMUM STANDARDS FOR MEDICARE SUPPLEMENT INSURANCE.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Title 18, Delaware code by repealing Chapter 34 in its entirety and substituting the following in lieu thereof:

"CHAPTER 34. MEDICARE SUPPLEMENT INSURANCE MINIMUM STANDARDS

§3401. Definitions

のないにはなる あってん

(a) 'Applicant' means:

(1) in the case of an individual Medicare supplement policy or subscriber contract, the person who seeks to contract for insurance benefits, and

(2) in the case of a group Medicare supplement policy or subscriber contract, the proposed certificate holder.

(b) 'Certificate' means, for the purposes of this Chapter, any certificate issued under a group Medicare supplement policy, which certificate has been delivered or issued for delivery in this State.

(c) 'Medicare Supplement Policy' means a group or individual policy of insurance or a subscriber contract which is advertised, marketed or designed primarily as a supplement to reimbursements under Medicare for the hospital, medical or surgical expenses of persons eligible for Medicare by reason of age.

(d) 'Medicare' means the 'Health Insurance for the Aged Act', of the Social Security Amendments of 1965, (Public Law 89-97) as then constituted or later amended.

§3402. Applicability and Scope

(a) Except as otherwise specifically provided, this Chapter shall apply to:

(1) All Medicare supplement policies and subscriber contracts delivered or issued for delivery in this State on or after the effective date hereof, and

(2) All certificates issued under group Medicare supplement policies or subscriber contracts, which certificates have been delivered or issued for delivery in this State.

(b) This Chapter shall not apply to a policy or contract of one or more employers or labor organizations, or of the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees or a combination thereof, or for members or former members, or a combination thereof, of the labor organizations. The provisions of this Chapter are not intended to prohibit or apply to insurance policies or health care benefit plans, including group conversion policies, provided to Medicare eligible persons which policies are not marketed or held to be Medicare supplement policies or benefit plans.

§3403. Standards for Policy Provisions

(a) No Medicare supplement insurance policy, contract or certificate in force in the State shall contain benefits which duplicate benefits provided by Medicare.

(b) The Commissioner shall issue reasonable regulations to establish specific standards for policy provisions of Medicare supplement policles and certificates. Such standards shall be in addition to and in accordance with applicable laws of this State. No requirement of the Insurance Code relating to minimum required policy benefits, other than the minimum standards contained in this Chapter, shall apply to Medicare supplement policies. The standards shall cover, but not be limited to:

(1) terms of renewability;

Chapter 45

- (2) initial and subsequent conditions of eligibility;
- (3) nonduplication of coverage;
- (4) probationary periods;
- (5) benefit limitations, exceptions and reductions;
- (6) elimination periods;
- (7) requirements for replacement;
- -(8) recurrent conditions; and
 - (9) definitions of terms.

(c) The Commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the Commissioner, are unjust, unfair or unfairly discriminatory to any person insured or proposed for coverage under a Medicare supplement policy.

(d) Notwithstanding any other provision of law of this State, a Medicare supplement policy may not deny a claim for losses incurred more than six (6) months from the effective date of coverage for a preexisting condition. The policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage.

§3404. Minimum Standards for Benefits and Claims Payment

The Commissioner shall issue reasonable regulations to establish minimum standards for benefits and claims payment under Medicare supplement policies.

§3405. Loss Ratio Standards and Filing Reguirements

(a) Every insurer providing group Medicare supplement insurance benefits to a resident of this State pursuant to $\S3402(a)$ of this Chapter shall file a copy of the master policy and any certificate used in this State in accordance with the filing requirements and procedures applicable to group Medicare supplement policies issued in this State. In the case of master policies effectuated and delivered outside this State but covering a resident of this State, the certificates to be delivered or issued in this State shall be filed no later than forty-five (45) days after the insurance is provided.

(b) Medicare supplement policies shall return to policyholders benefits which are reasonable in relation to the premium charged. The Commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of Medicare supplement policies on the basis of incurred claims experience, or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis, and earned premiums in accordance with accepted actuarial principles and practices. Every entity providing Medicare supplement policies or certificates in this State shall file annually its rates, rating schedules, and supporting documentation demonstrating that it is in compliance with the applicable loss ratio standards of this State. All filings of rates and rating schedules shall demonstrate that the actual and expected losses in relation to premiums comply with the provisions of 18 Del.C. §2506.

(c) No entity shall provide compensation to its agents or other producers which is greater than the renewal compensation which would have been paid on an existing policy if the existing policy is replaced by another policy with the same company where the new policy benefits are substantially similar to the benefits under the old policy and the old policy was issued by the same insurer or insurer group.

§3406. Disclosure Standards

(a) In order to provide for full and fair disclosure in the sale of Medicare supplement policies, no Medicare supplement policy or certificate shall be delivered in this State unless an outline of coverage is delivered to the applicant at the time application is made.

Chapter 45

(b) The Commissioner shall prescribe the format and content of the outline of coverage required by Subsection (a). For purposes of this Section, 'format' means style, arrangements and overall appearance, including such items as the size, color and prominence of type and arrangement of text and captions. Such outline of coverage shall include:

(1) a description of the principal benefits and coverage provided in the policy;

(2) a statement of the exceptions, reductions and limitations contained in the policy;

(3) a statement of the renewal provisions, including any reservation by the insurer of a right to change premiums;

(4) a statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(c) The Commissioner may prescribe by regulation a standard form and the contents of an informational brochure for persons eligible for Medicare by reason of age, which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the Commissioner may require by regulation that the information brochure be provided to any prospective insureds eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the Commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insureds eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(d) The Commissioner may promulgate regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not Medicare supplement coverages, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than:

- Medicare supplement policies;
- (2) disability income policies;
- (3) basic, catastrophic or major medical expense policies; or
- single premium, nonrenewable policies.

(e) The Commissioner may further promulgate reasonable regulations to govern the full and fair disclosure of the information in connection with the replacement of accident and sickness policies, subscriber contracts or certificates by persons eligible for Medicare by reason of age.

§3407. Notice of Free Examination of Policy or Certificate

Medicare supplement policies or certificates, shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty (30) days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Any refund made pursuant to this Section shall be paid directly to the applicant by the insurer in a timely manner.

§3408. Filing Requirements for Advertising

Every insurer, health care service plan or other entity providing Medicare supplement insurance or benefits in this State shall provide a copy of any Medicare supplement advertisement intended for use in this State whether through written, radio or television medium to the Commissioner of Insurance of this State for review or approval by the Commissioner to the extent it may be required under State law.

§3409. <u>Penalties</u>

In addition to any other applicable penalties for violations of the Insurance Code, the Commissioner may require insurers violating any provision of this Chapter or regulations promulgated pursuant to this Chapter to cease marketing any Medicare supplement policy or certificate in this State which is related directly or indirectly to a violation or may require such insurer to take such actions as are necessary to comply with the provisions of this Chapter, or both.

§3410. <u>Severability</u>

If any provision of this Chapter or the application thereof to any person or circumstances is for any reason held to be invalid, the remainder of the Chapter and the application of such provisions to other persons or circumstances shall not be affected thereby."

Section 2. This Act shall become effective 120 days after being signed by the Governor. Approved June 27, 1989.

GENERAL

<u>Section 2</u>. Any previous Act inconsistent with the provisions of this Act is hereby repealed to the extent of such inconsistency.

<u>Section 3</u>. If any provision of this Act, or of any rule, regulation or order thereunder, or the application of such provision to any person or circumstances, shall be invalid, the remainder of this Act and the application of such provisions of this Act or of such rule, regulation or order to persons or circumstances other than those to which it is held invalid shall not be affected thereby.

(c) (i) Salaries of designated positions in Section 10 of this Act shall have no further increase applied by any other Section of this Act except as provided in Section 10 (c)(ii) or Section 10 (c)(iii).

(ii) If a position in Section 10 (a) becomes vacant during the fiscal year and the scheduled salary associated with a vacant position is below the position's evaluated midpoint and the appointing authority determines that a suitable replacement cannot be recruited and hired for the compensation provided under this Section, the appointing authority may submit a request to the Personnel Director to increase the salary up to the evaluated midpoint. If the scheduled salary associated with a vacant position is above the position's evaluated midpoint, the appointing authority shall justify to the Personnel Director why the salary of a proposed replacement should be kept above the evaluated midpoint. If adequate justification cannot be provided, the starting salary shall be decreased as appropriate and may be set lower than the evaluated midpoint depending upon the qualifications of the proposed incumbent. In reviewing requests made pursuant to this paragraph, the Personnel Director shall provide an analysis of the controller General.

(111) Regardless of the provisions of this Act, any State employee who is offered a promotional opportunity to become a Division Level Manager and who at the time such offer is made, is being paid a salary that equals or exceeds the salary for the Division Level Manager position as established by this Section of this Act, shall be eligible for a five percent promotional salary increase. This eligibility shall be conditioned on a determination that the duties and responsibilities of the Division Level Manager position are at least one paygrade higher than the position proposed to be vacated based on a comparison of equivalent value. For the purpose of this paragraph, the equivalent value of one paygrade is defined as a seven percent difference in the constant fiscal year dollar value of the evaluated pay range midpoint of the Division Level Manager position compared to the position that the employee is vacating. If an employee is offered an appointment to a Division Level Manager position that has an equivalent value equal to or less than the paygrade assigned to the position that it does not exceed the evaluated pay range midpoint, or the current salary, provided that it does not exceed the evaluated pay range midpoint, or the

(d) Effective May 1, 1990, the Office of State Personnel shall submit to the Joint Finance Committee a listing of employees designated in Section 10. The listing shall indicate for each position the number of points applicable for Fiscal Year 1990 and the number of points of any recommended changes for any position for Fiscal Year 1991.

<u>Section 11</u>. Due to the pilot budget format, the restructuring of divisions into programs within divisions has created more exempt positions per division than allowed by law for the participating departments; therefore, all exempt positions authorized by Title 29, Section 5903, Delaware Code prior to July 1, 1987, shall remain exempt for Fiscal Year 1990.

<u>Section 12</u>. (a) The General Assembly of the State of Delaware supports the State-wide policy that the pay plan for Merit System employees be developed in accordance with the results of valid surveys of salaries provided by a defined labor market. The Director of State Personnel shall conduct such surveys on a yearly basis and report the findings of such surveys by December 15 to the Governor and members of the General Assembly who will be responsible for recommending and approving yearly adjustments as are necessary

to maintain the competitive posture of the plan. As the Director of State Personnel has conducted the required surveys for the fiscal year ending June 30, 1990, and as the Governor and members of the General Assembly have reviewed the findings of such surveys, effective July 1, 1989, the following pay plans are established for State Merit System employees:

Allocation of the funds appropriated for this purpose shall be made by the Budget Director in consultation with the affected Department/Agency head. Service need allocations shall not be transferred to another department or service need unless approved by the Budget Director. In the event there are federal funds available for match in support of a project or projects, the Budget Director and the Controller General may transfer such funds as are necessary for matching purposes to the Department/Agency involved.

(b) No computer or computer-programming related systems project identified in Subsection (a) of this Section may be initiated by the Departments/Agencies during Fiscal Year 1990 unless covered by a formalized plan approved by the Department/Agency head, the Budget Director and the Controller General. Such project will be in the form approved by the Budget Director, or his/her designee, and shall include:

- statement of work to be done: 111
- (11) existing work to be modified or displaced;
- (111) total cost of systems development and conversion effort, including systems analysis and programming cost, establishment of master files, testing, documentation, special equipment costs, including full overhead, savings or additions in positions and operating costs that will result after development or conversion;
- (1v)other advantages or reasons that justify the work;
- (v) source of funding for the work and whether or not work is within scope of work envisioned under this Section; and
- (v1) estimated costs of such project shall include a three-year projection, i.e., current fiscal year and two succeeding fiscal years.

(c) No project is to be undertaken which is beyond the scope of work approved by the Department/Agency head, the Budget Director and the Controller General. This requirement applies to all computer or computer-programming related systems development performed by the Office of Information Systems in the Office of the Budget, Department/Agency itself or an outside consultant or contractor. Further, this requirement applies to new computer programs or systems purchased or otherwise acquired and placed in use.

(d) Status reports, sufficiently descriptive in nature, of each project shall be prepared by each Department/Agency and provided quarterly to the Budget Director and the Controller General.

(e) In support of all projects executed between Information Systems in the Office of the Budget and the concerned Department/Agency, Information Systems shall maintain staff support to the benefit of Department/Agency at the projected level of effort (subject to recruitment delays) until the project work has been accomplished.

(f) No funds appropriated in Section 1 of this Act may be used to employ data or word processing professionals in support of current or proposed data or word processing systems without prior written approval of the Budget Director.

<u>Section 42</u>. Any Internal Program Unit/Budget Unit having energy funding (electricity, natural or propane gas and heating oils) for the purpose of reimbursing a host Internal Program Unit/Budget Unit must release the remaining sums to the host Internal Program Unit/Budget Unit in the event that the tenant Internal Program Unit/Budget Unit vacates the premises. It is the responsibility of the host Internal Program Unit/Budget Unit to initiate the transfer request.

Section 43. The amount appropriated to the Office of the Budget - Contingency - Other Years' Obligations, shall be used to pay Salaries and Wages, Other Employment Costs, reimbursement of overpayment of fringe benefits, and other obligations which require adjustment of the State's accounts. Any use of the Prior Years' Obligations account for fiscal Year 1989 obligations, by any Agency receiving funds in Section 1 of this Act, in excess of the amount reverted on June 30 from the Fiscal Year 1989 applicable line code will require the requesting Agency or school district to reimburse the Prior Years' Obligations account by the amount equal to the excess requested. A line code reversion sum does not negate the necessity of encumbering sufficient funds to cover known expenses: proof of circumstances beyond an agency's ability to encumber must be documented on the request for transfer to be excluded from the reimbursement clause. All requests for prior year funds to complete the payment of one-time items will require a reimbursement to the Prior Years' Obligations account by the requesting Agency. The reimbursement can be removed from the current fiscal year's budget. The reimbursement clause shall not apply to legal judgments against the Agency or school district. A reimbursement under this Section shall not be deemed to be prohibited by Title 10, Section 8111, Delaware Code.

<u>Section 44</u>. Section 1 of this Act contains \$250.0 for an energy contingency. The following nine subsections establish the rules of operation and eligibility for the contingency.

(a) This Section establishes rules for the use of the energy price contingency in the Office of the Budget - Contingency - One-Time Appropriations (10-02-04). The contingency will include the following energy types: electricity, natural gas, propane gas and numbers 2, 4, 5 and 6 heating oils.

(b) No Internal Program Unit/Budget Unit may receive funds for electricity before May of the fiscal year nor before March of the fiscal year for gas and/or heating oils. No funds will be transferred from the contingency for an energy type (electricity, gas and heating oils) while surplus funds exist in other type or types of energy used by the requesting Internal Program Unit/Budget Unit.

(c) No request will be allowed unless prices paid exceed 102 percent of the amount budgeted and then only for the amount in excess of 102 percent. The funding allowance for electricity will be limited to a maximum of 110 percent over the budgeted amount. The contingency will only cover the General Fund portion of the energy appropriations. The price paid per unit data will begin with the first billing received for Fiscal Year 1990. Any fine or late payment penalty paid will not be counted as part of an energy cost. No funding will be allowed for any Internal Program Unit/Budget Unit which has supplied incorrect or false data for any energy type.

(d) The University of Delaware and the Public Education School Districts do not receive their energy appropriation on the basis of consumption units. Therefore, they are not eligible to receive funding from the contingency.

(e) This contingency will not provide any funding for the consumption of energy units in excess of the amounts agreed to during the annual energy meetings. This includes facilities which were left out of the budgeting process due to lack of information being provided to the Energy Office function of the Department of Administrative Services.

(f) The appropriation is based on the data supplied by the Agencies; therefore, it will be the requesting Internal Program Unit's/Budget Unit's responsibility to provide all data necessary to substantiale their request.

(g) Any heating oils payment which had a per gallon cost higher than the Division of Purchasing contract prices may not receive contingency funds for the cost over the contract price.

(h) In the event that there is an unexpected cost increase or energy emergency, the Budget Director may, with the concurrence of the Controller General, transfer energy appropriations as necessary to meet the energy cost need.

(i) The continuing analysis of the statewide energy data has led to adjustments to all heating oil prices and almost all gas and electricity prices. The adjustments have been developed by Agency, the University of Delaware and the School Districts. The new energy total for the University of Delaware is 1,925.2, and the new School District Division II allowance for energy is 1,318.00 per unit. The Budget Office shall make, at the discretion of the Budget Director, the necessary adjustment to accommodate the new energy values while loading the Fiscal Year 1990 budget into the State Accounting System. During the budget load process the new energy values will either add to or subtract from the Energy Contingency amount indicated in Section 1 of this Act.

Section 45. The appropriation in Section 1 of this Act to the Office of the Budget -Contingency (10-02-04) for Contingency - State Special Funds for \$20,000.0 shall be used to make adjustments in the amount of State Special Fund appropriations in the event additional State Special Funds are received which were not previously anticipated. Such adjustments shall be made in accordance with the approval of the Budget Director and the Controller General.

Section 46. Section 1 of this Act provides an appropriation to Office of the Budget -Contingency - One-Time Appropriations (10-D2-04) for the Fiscal Year ending June 30, 1990. It is the intent that the appropriation for One-Time Appropriations in the amount of \$14,949.7 shall be non-recurring expenditure items. The Budget Director shall transfer the appropriations as itemized to the departments. Each receiving department shall identify the line item, object code and, for all practical purposes, complete and separate accountability for each appropriation amount transferred. No appropriation shall be transferred without the Budget Director and Controller General approvals. Any one-time appropriation for computer/word processing hardware and software and telecommunications, which contemplates the development of computer-related systems, shall be transferred into the line computer one-time projects in Office of the Budget Director upon the approval of a formalized plan approved by the Department/Agency head and the approval of the Executive Director of the Office of Information Systems or his/her designee, and subject to the same language in Section 41 of this Act.

Further, it is the legislative intent that none of the appropriations for One-Time Appropriations be included, or be considered, as a part of the basic budget request for the Fiscal Year 1991 Appropriation Bill.

Such performance measures should be substantively meaningful and educationally sound. For programs operated at the secondary level, the primary program performance measure(s) shall relate to change in the district's dropout rate or change in the return-to-school rate of students who had already dropped out of school. Two or more school districts may submit proposals for joint programs. Teacher planning and parental involvement in developing proposals are encouraged. The committee shall review the first-year program proposal criteria developed by the Department of Public Instruction and the program performance measures submitted by the school districts and shall make recommendations for their improvement. These recommendations shall be submitted in a report to the Governor and General Assembly by April 1, 1990. The committee shall also serve as a forum for the dissemination of effective early intervention strategies and programs which have been demonstrated to be successful.

Funds allocated under this Section may be expended for any approved program. The only exception is that funds may not be used to pay salary and other employment costs that are in excess of what would normally be considered a full state share pursuant to Chapter 13, Title 14, Delaware Code. This provision is applicable both on an annual or equivalent hourly basis. Funds authorized may also be expended for the purchase of professional services, either under contract with a State agency or a private service provider or as a direct hire of the school district. No funds appropriated under this Section may be used to supplant local funds used to operate established programs.

may only be expended with the approval of the State Board of Education acting with the advice of the Children-at-Risk Evaluation and Monitoring Committee. The State Board of Education may propose alternative one-time uses of funds remaining due to disapproval pursuant to the previous sentence. Funds allocated for approved programs which will operate during the summer months shall not be subject to reversion until September 1, 1990.

(2) Of the total amount appropriated, an amount of \$32.6 shall be transferred to the Department of Services for Children, Youth and Their Families for the purpose of supporting informational forums, developing informational materials, and conducting presentations for school district staff that will enhance teachers', counselors', and administrators' understandings of available services and strengthen the ability of the schools to identify children in need of services.

(3) A minimum local match of 25% shall be required. This local match shall supplement State funds. No more than half of this match may be in-kind contributions from the school district. During the first year of implementation, prior year local expenditures or in-kind contributions in support of programs which gain approval for expansion under this Section may be counted toward the minimum local match.

During the Fiscal Year ending June 30, 1990, former Disruptive Pupil Referral Unit programs for which continuing approval under the Children-at-Risk Intervention program is sought shall be permitted to operate in the then current manner.

<u>Section 290</u>. (a) Section 1 of this Act provides an appropriation of \$2,830.7 to Public Education, Pupil Transportation (95-04-01) for Non-Public School Transportation Reimbursements. This appropriation shall be allocated for qualifying non-public, non-profit schools, based on the procedure adopted by the Joint Finance Committee on April 16, 1981.

(b) Transportation funds for public school districts during the fiscal year ending June 30, 1990, shall be allocated and shall not exceed \$29,317.4, according to bus contract or district transportation formula, as adopted by the State Board of Education on July 23, 1987, subject to the following amendments and procedural modifications:

(1) The per gallon price used to calculate the gasoline allowance shall be based on the State contract bid price for leaded gasoline plus \$.07 per gallon for districts and plus \$.25 per gallon for contractors. For districts and contractors North of the Canal, the per gallon price shall be based on delivery to a large sized tank (5,000 or more gallons). In the case of contractors located South of the Canal, the per gallon price shall be based on delivery to a small sized tank (275 - 1,900 gallons). Upon determination by the State Board of Education that a contractor located North of the Canal and operating five or fewer buses does not have existing storage capacity in the large tank range, the per gallon price shall be based on the smaller tank size.

(2) The Fiscal Year 1990 operating allowance adjustment for inflation shall be 3 percent.

(3) For the fiscal year ending June 30, 1990, the allowable cost of a new bus purchased by a contractor shall be the Fiscal Year 1989 State bid price for new buses minus 3 percent for salvage value, plus 3 percent for inflation and plus 10 percent to account for dealer charges and profits not reflected in the State bid price due to the higher number of buses being purchased and the lag time between the ordering and delivery. The State Board of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 1989. In addition to the procedure for establishing the allowable cost of a new bus specified above, the State Board of Education is requested to structure its bids for buses in the fiscal year ending June 30, 1990, in such a manner that public school bus contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, that bid price minus 3 percent for salvage value will be the allowable cost in subsequent reimbursements to the contractor.

(4) The formula rate for reimbursing public school bus contractors for the cost of liability insurance shall be determined by the State Board of Education in consultation with the Insurance Commissioner based on the data available on April 30 of the previous fiscal year.

(c) The State Board of Education shall amend its transportation formula to permit replacement of a vehicle which has operated 100,000 school-related miles and is seven model-years old or a vehicle which has operated 150,000 school-related miles regardless of the age of the vehicle.

(d) Except as specified in the Section, or for changes in the price of gasoline, or for the adjustments of those items changed by State or federal laws, the State Board of Education shall not change the transportation formula unless the change has been authorized by the General Assembly and an appropriation therefore has been made by the General Assembly.

(e) An account called the Transportation Incentive Fund shall be established for each school district in the State which has a district-operated pupil transportation system. When the State Board of Education approves the district-operated pupil transportation funding allocation for a school district and initiates the transfer of State funds to the district transportation account, an amount equivalent to 10% of the district's prior year net allocation for district-operated pupil transportation shall be placed into the district's Transportation Incentive Fund account. Into the district's current year

district-operated pupil transportation account shall be placed the difference between the current year district-operated pupil transportation allocation and the amount placed into the district's Transportation Incentive Fund account. Funds in the Transportation Incentive Fund account. On June 1, 1990, any balance remaining in the Transportation Incentive Fund account may be transferred at any time to the district transportation account may be transferred at any time to the district transportation account may be transferred at any time to the district transportation account may be transferred to Division II - All Other Costs if the district so chooses based on a projected year-end transportation surplus. In no case shall district transportation cost overruns be reimbursed with State funds if a transfer identified in the previous sentence has been made. If pupil transportation savings cannot be realized, up to the full balance in the Transportation Incentive Fund account may be transferred to the school district's transportation account.

(b) An order under this section allowing greater or lesser compensation applies to such actions taken in the administration of a trust as the order shall specify.

§3561. Reasonable Compensation When Trust Instrument Does Not Determine.

(a) As used in this Section: the term "qualified trustee" means any person authorized by the law of this State or of the United States to act as a trustee whose activities are subject to supervision by the Bank Commissioner of the State of Delaware, the Federal Deposit Insurance Corporation, or the Comptroller of the Currency of the United States.

(b) Unless a trust instrument specifically provides that the trustee shall serve without compensation, when a trust instrument does not fix the compensation of the trustee, reasonable compensation shall be allowed. Subject to the provisions of Section 3562 hereof, such compensation shall be determined as follows:

For qualified trustees:

(i) Each qualified trustee shall file with the Register in Chancery for every county in this State, a copy of a schedule or formula by which its allowance as compensation shall be computed. Such schedule or formula may be based upon or reflect the following factors:

A. The time spent or likely to be spent in administering a trust of the type contemplated;

The risks and responsibilities involved;

C. The novelty and difficulty of the tasks required of the trustee;

D. The skill and experience of the trustee;

E. Comparable charges for similar services;

F. The character of the trust assets;

G. The time constraints imposed upon the trustee in administering the trust.

(ii) Each qualified trustee shall provide a copy of its current trustee fee schedule or formula as filed upon any filing pursuant to subparagraph (b)(l)(i) of this section to the settlor of any revocable trust and to each current income beneficiary of every other trust from which it will seek to be allowed compensation to be calculated in accordance with such schedule or formula;

(iii) Each qualified trustee shall be allowed as reasonable compensation for services with respect to each trust from which it is entitled to compensation under this section, an amount determined by application of the schedule or formula so filed to trusts of that size and type.

(2) For other trustees, the Court of Chancery shall from time to time promulgate a rule fixing the method by which, trustees other than qualified trustees may be allowed compensation for their services.

(3) There shall be no presumption that a fee schedule filed under Subparagraph (b)(1) of this Section is any more or less reasonable than the schedule promulgated under paragraph (b)(2) of this Section.

§3562. Judicial Review of Trustees' Allowances.

(a) The provisions of subparagraph (b)(1)(111) of Section 3561 of this Title notwithstanding, the settlor or any current income beneficiary of a trust, or any other person having an equitable interest in a trust from which a fee for trustee compensation is taken or is proposed to be taken pursuant to paragraph (b) of Section 3561 of this Title, who objects to a schedule or formula filed thereunder as being unreasonable, or who objects to the fee fixed by such schedule or formula as being unreasonable in the particular circumstances, may petition the Court of Chancery for judicial review of the reasonableness of the schedule or formula, or of its application, as the case may be.

(b) Upon the filing of any such petition, the Court of Chancery may appoint a disinterested third person to act as master to hear and determine the matters raised by such petition and any answer thereto. Proceedings before such master shall be in conformance with the Rules of the Court of Chancery. The final report of the master shall be in the form of findings of fact, conclusions of law, and recommended decree, and shall be filed with the Register in Chancery. Findings of fact made by the master if supported by substantial evidence, shall be conclusive. The Court of Chancery shall thereafter enter its decree determining the matter in issue. Costs of the proceeding, including the reasonable fee of the master, shall be assessed against the trust in question if the petition is denied in its entirety and shall be assessed against the truste in its individual capacity if it is granted in whole. In other instances, costs shall be apportioned equitably."

Section 3. The Act shall be effective upon enactment with respect to all trusts, whether created before or after enactment of this Act.

Approved July 1, 1989.

SENATE BILL NO. 167 AS AMENDED BY SENATE AMENDMENT NO. 1

AN ACT TO AMEND TITLE 25, DELAWARE CODE, RELATING TO PROCEDURES FOR FILING A NOTICE OF PENDENCY OF A LEGAL ACTION THE OBJECT OF WHICH IS TO AFFECT TITLE TO, OR IMPOSE AN EQUITABLE LIEN ON REAL ESTATE.

WHEREAS, under the common law doctrine of lis pendens, any equitable action filed in the courts of this State may be deemed to be notice to the world of the contents of such action; and

WHEREAS, as a consequence, a pending lawsuit could bind a person having an interest in real estate, notwithstanding the absence of actual notice to such person; and

WHEREAS, notices of actions in many different forms are filed with the Recorder of ` Deeds, which notices cloud title to real estate; and

WHEREAS, there currently exists no established procedure for the filing and canceling of a notice of pendency of an action with the Recorder of Deeds; and

WHEREAS, it is in the best interests of the people of this State that they receive notice of the existence of an action which affects real estate in which they may have an interest, and that procedures be established for the form, content, and means of filing and canceling such notices.

NOW, THEREFORE BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Title 25 of the Delaware Code by adding thereto a new chapter to read as follows:

"Chapter 16. Lis Pendens

§1601. Written Notice of Pendency of Action;

In any action instituted in any court of this state having civil jurisdiction or in the United States District Court for the District of Delaware, any party asserting a claim, the object of which is to affect the title to, or enforce an equitable lien on, real estate may, after filing of such claim, file in the office of the Recorder of Deeds of any county in which all or any part of the affected real estate is situate a written notice of the pendency of the action, which shall be under oath, and shall set forth. (1) the court in which the action was brought, the caption of the action, and the civil action number, (ii) the object of the action or the affirmative relief sought, (iii) a legal description sufficient to identify the property affected and (iv) a designation of the names of each party against whom the notice is directed to be indexed. No notice of pendency shall be filed under this chapter (i) on a claim relating to real estate which, if sustained, would entitle the party to recovery solely of money or money damages; or (ii) to enforce a mechanic's lien or to foreclose upon a mortgage at law, which actions shall continue to be governed by the notice procedures of this Code specifically applicable thereto.

§1602. <u>Recording</u>; Indexing; Cancellation;

Upon payment of the proper fee, the Recorder of Deeds shall record the notice of pendency. Each notice recorded shall be indexed, direct and indirect, against the name of each party designated in the notice of pendency. Such entry shall note next to such name the book and page number where the notice of pendency is recorded. When so directed by order of the Court, or by the recording party, as provided in this chapter, the Recorder of Deeds shall mark "canceled" across the face page of the recorded notice of pendency and the related index entries.

§1603. <u>Filed Notice of Pendency: Effect as to Persons Claiming Interest in Real Estate</u> <u>Identified in Notice of Pendency;</u>

The recording of a notice of pendency shall be notice to any person acquiring an interest in the real property identified in the notice from or through any party named in the notice from the time of the recording of the notice. Any person claiming an interest in the real property which is the subject of the notice of pendency is bound by

all proceedings taken in the action after such recording and until cancellation or discharge to the same extent as if such person were a party.

Unless and until a notice of pendency is filed as provided by this chapter, no action shall, before final judgment is entered therein, be deemed to be constructive notice to a person acquiring or having acquired a lien on or any other interest in the affected real estate.

§1604. Effective Term;

A notice of pendency shall be effective for a term of three years from the date of recording with the Recorder of Deeds. Before expiration of a term or an extended term, the Court, upon motion of the party recording the notice, for good cause shown, may grant an extension for a like additional term. An extension order shall be recorded with the Recorder of Deeds before expiration of the prior term. An extension order shall be recorded with the Recorder of Deeds before expiration of the prior term and no extension order may be entered by any Court after the expiration of the original term or any extended term.

§1605. Mailing of Notice of Pendency to Parties Against Whom Notice is Indexed;

Within five (5) days after filing the written notice of pendency with the Recorder of Deeds, the party recording the notice of pendency shall serve or mail a copy of such notice by first class mail to the last known address of each party against whom the notice of pendency has been indexed, and to all persons shown on the public records to have an interest in or lien upon the real estate which is the subject of the notice. Not later than ten (10) days after filing the written notice of pendency, an affidavit of the party recording the notice of pendency or of the attorney for such party shall be filed with the Clerk of the Court in which the action has been filed, indicating compliance with the foregoing requirements, including the parties to whom the notice was sent, the date of mailing, and the address(es) to which the notice(s) were sent.

§1606. Mandatory Cancellation;

The Court, upon motion of any party aggrieved, shall direct any Recorder of Deeds to cancel a notice of pendency if (i) mailing of the notice has not been completed within the time required by \$1605 hereof, or (ii) the final judgment entered denying the claim covered by the notice of pendency is no longer appealable; or (iii) the claim relating to the real estate is one which, if sustained, would entitle the party solely to recover money or money damages.

§1607. Cancellation Upon Condition of Security;

In an action for the enforcement of an equitable lien, the objective of which is to secure the payment of money, the Court, upon motion of any party aggrieved, as a condition of cancellation of the notice of pendency, may direct that such party post sufficient security to insure the payment of money as may, by the final determination of the action, be ascertained to be chargeable upon the affected real estate. Nothing herein contained shall preclude the posting of bond or other security by agreement of the parties as a condition of cancellation.

§1608. Discretionary Cancellation; Hearing on Probability of Success on the Merits;

The Court, upon motion, supported by affidavit(s), of any party aggrieved, may direct any Recorder of Deeds to cancel a notice of pendency if the Court determines that there is not a probability that final judgment will be entered in favor of the party recording the notice of pendency. The party recording the notice of pendency shall bear the burden of establishing such probability. The Court may order oral argument on the motion. No discovery on such motion shall be permitted unless so ordered by the Court. The order of the Court on the motion may contain such conditions as the Court deems just and proper.

§1609. Voluntary Cancellation by Party Recording the Notice;

At any time, the Recorder of Deeds shall cancel the notice of pendency upon written request, under oath, for such cancellation and upon payment of the proper fee by the party who recorded the notice, or by such party's attorney of record. The written request shall be recorded.

§1610. Effect of Canceled or Expired Notice;

A canceled or expired notice of pendency shall not be deemed to be actual or constructive notice to any person for any purpose.

§1611. Costs and Attorney's Fees;

In an order either upholding a notice of pendency or cancelling a notice of pendency, the court may, for good cause shown, and in the interest of justice, direct a party to pay the prevailing party's damages, if any, together with court costs of the action. In addition, the court, in exceptional cases, may award reasonable attorney's fees to the prevailing party. Attorney's fees may be assessed against a party only if the court finds that such party has willfully asserted a claim or defense thereof without foundation in law or fact and/or not supported by a good faith request for an extension of the law, or for an improper purpose such as to harass or cause unnecessary delay in a legal proceeding or transaction.

§1612. Fee for Recording Notice as Taxable Costs;

The fee for recording a notice of pendency shall be taxable as a part of the costs in the action.

§1613. Recording and Marginal Notation of Judgment or Stipulation of Dismissal;

Whenever a stipulation of dismissal is filed, or whenever a final judgment entered is no longer appealable, notice of the pendency of which action has been filed in the Recorder of Deeds, the party who filed the notice of pendency shall cause a certified .copy of the order of final judgment or a copy of the stipulation to be recorded in the Office of the Recorder of Deeds. Upon payment of the proper fee, the Recorder of Deeds shall record the order or stipulation in the manner provided in §1602 of this chapter and shall note the recording thereof on the notice of pendency. If the party who filed the notice of pendency fails or refuses to file a certified copy of the final order or stipulation of dismissal, any party aggrieved by the filing of the notice may cause the order or stipulation to be filed.

§1614. Express Repeal of Common Law

The common law doctrine of lis pendens is hereby abolished and no action instituted after the effective date hereof shall constitute constructive notice to any person unless notice of such action complies with the requirements of this Chapter.

Approved June 29, 1989.

SENATE BILL NO. 133

AN ACT TO AMEND PART I, TITLE 18 OF THE DELAWARE CODE RELATING TO INSURANCE; AND PROVIDING FOR A LONG-TERM CARE INSURANCE ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Part I, Title 18 of the Delaware Code by adding thereto a new Chapter, designated as Chapter 71, which new Chapter shall read as follows:

"CHAPTER 71. LONG-TERM CARE INSURANCE

§7101. Statement of Purpose

The purpose of this Chapter is to promote the public interest; to promote the availability of long-term care insurance policies; to protect applicants for long-term care insurance, as defined in this Chapter, from unfair or deceptive sales or enrollment practices; to establish standards for long-term care insurance; to facilitate public understanding and comparison of long-term care insurance policies; and to facilitate flexibility and innovation in the development of long-term care insurance coverage.

§7102. Scope

The requirements of this Chapter shall apply to policies delivered or issued for delivery in this State on or after its effective date. This Chapter is not intended to supersede the obligations of entities subject to this Chapter to comply with the substance of other applicable insurance laws insofar as such laws not conflict with this Chapter; provided however, that laws and regulations designed and intended to apply to Medicare supplement insurance policies shall not be applied to long-term care insurance. A policy which is not advertised, marketed or offered as long-term care insurance or nursing home insurance need not meet the requirements of this Chapter.

§7103. Definitions

. . .

The following words, terms and phrases, when used in this Chapter, shall have the meanings ascribed to them in this Section, except where the context clearly indicates a different meaning:

(a) "Applicant" shall mean:

(1) In the case of an individual long-term care insurance policy, the person who seeks to contract for benefits; and

(2) in the case of a group long-term care insurance policy, the proposed certificate holder.

(b) "Certificate" shall mean, for the purposes of this Chapter, any certificate issued under a group long-term care insurance policy, which policy has been delivered or issued for delivery in this state.

(c) "Commissioner" shall mean the Insurance Commissioner of this State.

(d) "Group long-term care insurance" shall mean a long-term care insurance policy which is delivered or issued for delivery in this state and issued to:

(1) one or more employers or labor organizations, or to a trust or to the trustees of a fund established by one or more employers or labor organizations, or a combination thereof, for employees or former employees or a combination thereof, or for members or a combination thereof, of the labor organization; or

(2) any professional, trade or occupational association for its members or former or retired members, or combination thereof, if such association is composed of individuals all of whom are or were actively engaged in the same profession, trade or occupation; and such association has been maintained in good faith for purposes other than obtaining insurance; or (3) an association or a trust or the trustee(s) of a fund established, created or maintained for the benefit of members of one or more associations. Prior to advertising, marketing or offering such policy within this state, each such association or the insurer of such association, shall file evidence with the Commissioner that the association has at the outset a minimum of one hundred persons; has been organized and maintained in good faith for purposes other than that of obtaining insurance; has been in active existence for at least one year; and has a constitution and by-laws which provide that:

(i) the association holds regular meetings not less than

annually to further purposes of the members;

(ii) except for credit unions, the association collects

dues or solicits contributions from members; and

(iii) the members of the association have voting privileges and

representation on the governing board and committees.

Thirty days after such filing the association shall be deemed to satisfy such organizational requirements, unless the Commissioner makes a finding that the association does satisfy those organizational requirements.

(4) a group other than as described in paragraphs (1) through (3) of this subsection, subject to a finding by the Commissioner that:

(i) the issuance of the group policy is not contrary to the best

interest of the public;

(ii) the issuance of the group policy would result in economies of

acquisition or administration; and

(iii) the benefits are reasonable in relation to the premiums charged.

(e) "Long-term care insurance" shall mean any insurance policy or rider advertised, marketed, offered or designed to provide coverage for not less than twelve consecutive months for each covered person on an expense incurred, indemnity, prepaid or other basis; for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance or personal care services, provided in a setting other than an acute care unit of a hospital. Such term includes group and individual policies or riders whether issued by insurers; fraternal benefit societies; health maintenance organizations or any similar organization. The words "long-term care insurance" shall not include any insurance policy which is offered primarily to provide basic Medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, disability income protection coverage, accident only coverage, specified disease or specified accident coverage, or limited benefit health coverage.

(f) "Policy" shall mean, for the purposes of this Chapter, any policy, contract, subscriber agreement, rider or endorsement delivered or issued for delivery in this state by an insurer; fraternal benefit society; non-profit health, hospital, or medical service corporation; prepaid health plan; health maintenance organization or any similar organization.

§7104 Extraterritorial Jurisdiction; Group Long-Term Care Insurance

No group long-term care insurance coverage may be offered to a resident of this state under a group policy issued in another state to a group described in \$7103(d)(4), unless this state or another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in this state has made a determination that such requirements have been met.

§7105. Disclosure and Performance Standards for Long-Term Care Insurance

(a) The Commissioner may adopt regulations that include standards for full and fair disclosure setting forth the manner, content and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent

conditions of eligibility, non-duplication of coverage provisions, coverage of dependents, pre-existing conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions and definitions of terms.

(b) No long-term care insurance policy may:

(1) be cancelled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

(2) contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

(3) provide coverage for skilled nursing care only, or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care.

(c) Pre-existing conditions

(1) No long-term care insurance policy or certificate, other than a policy or certificate thereunder issued to a group as defined in §7103 (d)(1), shall use a definition of "pre-existing condition" which is more restrictive than the following: "Pre-existing condition" shall mean a condition for which medical advice or treatment was recommended by, or received from a provider of health care services, within six months preceding the effective date of coverage of an insured person.

(2) No long-term care insurance policy or certificate, other than a policy or certificate thereunder issued to a group as defined in §7103 (d)(l), shall exclude coverage for a loss or confinement which is the result of a pre-existing condition, unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

(3) The Commissioner may extend the limitation periods set forth in paragraphs
 (1) and (2) of this subsection as to specific age group categories in specific

policy forms, upon findings that the extension is in the best interest of the public.

(4) The definition of "pre-existing condition" shall not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant; and, on the basis of the answers on that application, from underwriting standards. Unless otherwise provided in the policy or certificate, a pre-existing condition, regardless of whether or not it is disclosed on the application, need not be covered until the waiting period described in paragraph (2) of this subsection expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described pre-existing diseases or physical conditions beyond the waiting period described in said paragrah (2).

(d) Prior hospitalization and/or institutionalization

(1) No long-term care insurance policy may be delivered or issued for delivery in this state if such policy conditions eligibility for any benefits on a prior hospitalization requirement; or if such policy conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care.

(2) Each long-term care insurance policy which contains any limitation or condition for eligibility, other than those prohibited in paragraph (1) of this subsection, shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits" such limitations or conditions, including any required number of days of confinement.

(3) A long-term care insurance policy containing a benefit advertised, marketed or offered as a home health care or home care benefit shall not condition receipt of benefits on a prior institutionalization requirement. A long-term care insurance policy which conditions eligibility of noninstitutional benefits on the prior receipt of institutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty (30) days for which benefits are paid.

(4) No long-term care insurance policy which provides benefits only following institutionalization shall condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

§7106. Administrative Procedures

Regulations adopted pursuant to this Chapter shall be in accordance with the provisions of Chapter 101, Title 29 of the Delaware Code."

Section 2. This Act shall be known and may be cited as the "Long-Term Care Insurance Act."

HOUSE BILL NO. 351 AS AMENDED BY HOUSE AMENDMENT NO. 1 AND SENATE AMENDMENT NO. 1

AN ACT TO AMEND CHAPTER 29, TITLE 7 OF THE DELAWARE CODE RELATING TO THE CONSERVATION AND REFORESTATION OF CERTAIN TREES.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE (Two-thirds of all members elected to each House thereof concurring therein):

Section 1. Amend Chapter 29, Title 7 of the Delaware Code by adding a new subchapter, designated as subchapter V, which shall read as follows:

"Subchapter V. Pine and Yellow-Poplar Tree Conservation and Reforestation.

§2965. Findings; policy; purpose.

(a) The General Assembly finds and declares that the pine and yellow-poplar forest resource of the State provides significant recreational, aesthetic, wildlife and environmental benefits as well as wood fiber essential to commerce and industry for the citizens of the State. The General Assembly has also determined that the pine and hardwood forest resources are being harvested at a greater rate than they are being replanted or reproduced and unless measures are instituted to ensure that the forest resources are sustained, this natural resource will be depleted to the detriment of the citizens of the State. It is, therefore, the declared public policy of this State to preserve and protect the pine and yellow-poplar forest resource of the State. The purpose of this Chapter is to regulate the maintenance and reproduction of the pine and yellow-poplar forest resource of the State in the public interest.

§2966. Definitions.

As used in this subchapter:

(1) "Cutting operation" shall mean the cutting of timber for commercial purposes from ten acres or more of land on which lobiolly pine (Pinus taeda), shortleaf pine (Pinus echinata), or pond pine (Pinus serotina), yellow-poplar (Liriodendron tulipifera), singly or together occur and constitute twenty-five (25%) percent or more of the live trees on each acre.

(2) "Live tree" shall mean trees that have their crowns in the uppermost layers of the canopy (dominant and co-dominant trees), are largely free growing, free of insect and disease infestation, windfirm, and old enough to produce fertile seed crops.

(3) "Diameter" shall mean the distance through the tree at the point of average thickness as measured from outside the bark to outside of bark at a point eight inches above the ground level.

(4) "Landowner" shall mean any person holding title to the land or possessing the right to contract for the cutting operation thereon.

(5) "Operator" shall mean any person, including a landowner, who conducts any cutting operation.

(6) "Person" shall mean the State, any county, municipality, corporation or other political subdivision of the State, or any of their units, or an individual receiver, trustee, guardian, executor, administrator, fiduciary, or representative of any kind, or any partnership, firm, association, public or private corporation or any other entity, or principal(s) in business ventures operating under more than one name.

(7) "Pine" shall mean any lobiolly pine (Pinus taeda), shortleaf pine (Pinus echinata), or pond pine (Pinus serotina).

(8) "Secretary" shall mean the Secretary of the Department of Agriculture.

(9) "Seedling" shall mean a young pine or yellow-poplar plant less than one inch in diameter.

(10) "Tree" or "timber" shall mean any tree of a currently commercially valuable species which is six inches or more in diameter.

(11) "Free to grow" shall mean to increase stem and crown diameter, basal area, height, volume, and quality of individual tree.

\$2967. Conservation or reforestation plan required; applicability; regulations.

(a) No person shall commence a cutting operation unless seed trees have been reserved pursuant to the natural regeneration method set forth herein or pursuant to an alternate management plan approved by the State Forester or his designee.

(b) This subchapter shall not apply to cutting operations of timber from land being cleared for reservoirs, military installations, agriculture, residential, ditch and utility right-of-ways, industrial sites, railroad, or to cutting operations undertaken pursuant to a contract executed prior to January 1, 1989.

(c) The Department of Agriculture shall have the authority to adopt, amend, modify or repeal such rules and regulations as it deems necessary to effectuate the policies and the purposes of this Chapter.

§2968. Natural regeneration.

(a) Operators and landowners shall leave uncut and uninjured at least 6 seed bearing pine or yellow-poplar trees, 14 inches diameter or larger on each acre involved in a cutting operation. If an acre lacks one or more of the required seedtrees, then two seed-bearing pine or yellow-poplar of the next smallest diameter shall be chosen to replace each missing tree.

(b) Trees reserved pursuant to subsection (a) for the purpose of reseeding shall be healthy, windfirm, well-distributed throughout each acre and have well developed crown possessing viable cones.

(c) Seed-bearing pine or yellow-poplar trees need not be reserved, if at least 400 pine or yellow-poplar seedlings exist on each acre which are vigorous, well distributed throughout, and free to grow upon completion of the cutting operation.

(d) Any operators or landowners proposing to utilize the natural regeneration method shall notify the State Forester at the Delaware Department of Agriculture, Forestry Section of the proposed natural regeneration plan at least ten working days prior to initiation of a cutting operation.

(1) Operators or landowner shall be responsible to have seed trees physically marked prior to notification of the State Forester.

(2) Within ten working days, the State Forester or his designated agent shall inspect the proposed site and provide the operator or landowner with approval, approval with modifications or rejection of the natural regeneration plan.

(e) Once approval is given, but before the cutting operation begins, the landowner will agree, on a form furnished by the Department of Agriculture's Forestry Section, that he will not cut or permit to be cut any pine or yellow-poplar tree required to be reserved for reseeding for two years after completion of the cutting operation. The provisions of this subsection do not apply if the landowner places the land in any of the uses enumerated in §2967(b).

(f) Prior to the sale or other transfer of rights of the land or perpetual timber rights subject to the obligation to reserve the trees, the transferor shall notify the transferee of the existence and nature of the obligation and the transferee shall sign a notice of the obligation indicating the transferee's knowledge thereof.

(1) The notice shall be on a form furnished by the Department of Agriculture's Forestry Section and shall be sent to the Department of Agriculture by the transferor at the time of sale or transfer of rights of the land or perpetual timber rights.

(2) If the transferor fails to notify the transferee about the obligation to reserve the trees, the transferor shall pay the transferee's costs related to fulfilling the obligation to reserve the trees or reforest all trees cut,

including all legal costs and reasonable attorneys fees incurred by the transferee in enforcing the obligation against the transferor.

(3) Failure by the transferor to send the required notice to the Department of Agriculture's Forestry Section at the time of transfer shall be prima facie evidence, in any action by the transferee against the transferor for costs related to reserving the trees or reforestating all trees cut, that the transferor did not notify the transferee of the obligation to reserve the trees prior to transfer.

§2969. Reforestation method.

(a) The land involved in a cutting operation may be reforested pursuant to an approved reforestation plan in lieu of the natural regeneration method. The plan shall be prepared by the landowner or his agent and shall be designed to assure the reproduction and maintenance of growth of young, vigorous pine or yellow-poplar trees.

(b) The reforestation plan shall be accompanied by a statement of the landowner, on a form furnished by the Department of Agriculture's Forestry Section, that the landowner will not perform any act or permit any act to be performed which prevents reforestation. This provision does not apply if the landowner places the land in any of the uses enumerated in §2967(b).

(c) Ten working days prior to the initiation of the cutting operation, the landowner, his agent or operator shall notify the State Forester of the intention to reforest and shall submit a reforestation plan.

(d) The landowner, his agent or operator shall submit the reforestation plan to the State Forester at the Department of Agriculture's Forestry Section for approval.

(1) The Department of Agriculture's Forestry Section shall approve, approve with modifications, or reject any reforestation plan submitted within ten working days.

(2) The determination of the Department of Agriculture's Forestry Section shall be in writing, setting forth the reasons for approval with modifications or rejection and shall be forwarded to the operator or landowner.

(3) In cases where a reforestation plan has been rejected by the State Forester, the landowner, his agent or operator shall be required to submit another reforestation plan for approval. Under no circumstances, shall a cutting operation begin prior to approval of a reforestation plan by the Forestry Section.

(e) Prior to the sale or other transfer of rights of land or perpetual timber rights subject to a reforestation obligation, the transferor of land shall notify the transferee of the existence and nature of the obligation and the transferee shall sign a notice of reforestation obligation indicating the transferee's knowledge thereof:

(1) The notice shall be on a form furnished by the Department of Agriculture's Forestry Section and shall be sent to the Department of Agriculture by the transferor at the time of sale or transfer of rights of land or perpetual timber rights.

(2) If the transferor fails to notify the transferee about the reforestation obligation, the transferor shall pay the transferee's costs related to reforestation including all legal costs and reasonable attorney's fees incurred by the transferee in enforcing the reforestation obligation against the transferor.

(3) Failure by the transferor to send the required notice to the Department of Agriculture at the time of the sale shall be prima facle evidence, in any action by the transferee against the transferor for costs related to reforestation, that the transferor did not notify the buyer of the reforestation obligation prior to sale.

§2970. Prohibitions.

No person shall cut or permit to be cut any pine or yellow-poplar tree or seedling required to be reserved for reseeding or planted under a reforestation plan or perform any act or permit any act to be performed which prevents reseeding or reforestation of any area in which a cutting operation has been conducted.

62971. Right of entry.

The State Forester or his duly authorized representative may enter, at reasonable times, upon any public or private property for the purpose of determining whether a violation of the provisions of this Chapter or any of the regulations promulgated thereunder exists upon given verbal notice and after presenting official identification to the landowner, operator, custodian or agent of said property.

§2972. Cease and desist orders.

The Secretary shall have the power to issue a cease and desist order to any person violating any provision of this subchapter or rule or regulation promulgated thereto. Any such cease and desist order shall remain in effect until withdrawal of said order by the Secretary, or until the order is superseded by an injunction, whichever occurs first.

§2973. Injunctive relief.

Whenever it appears that any person has engaged or is about to engage in any act or practice constituting a violation of any provisions of this Chapter or rule or regulations adopted pursuant to it, the Secretary may bring an action in the Court of Chancery to restrain or to enjoin the acts or practices and to enforce compliance with this subchapter. The Court shall not require the Department of Agriculture to post a bond.

§2974. Appeals.

(a) Any person whose interest is substantially affected by an action of the State Forester or his designee may request a hearing to demonstrate compliance with this subchapter or any regulations promulgated thereunder.

(b) Such hearing shall be scheduled within 15 days of the request and shall be held by the Secretary or his designee. The decision of the Secretary or his designee may be appealed to Superior Court on the record within 30 days of the decision.

(c) No appeal shall operate to automatically stay any action of the Secretary.

§2975. Penalties.

(a) Any person who violates any provision of this subchapter shall, upon conviction, be subject to a fine not exceeding \$2,000 or imprisonment not exceeding three months or both.

(b) Any person found guilty of a second or subsequent violation of any provision of this Chapter is subject to a fine not exceeding \$4,000 or imprisonment not exceeding one year, or both. For the purpose of this subsection, a second or subsequent violation is one which has occurred within two years of any prior violation of this subchapter.

HOUSE BILL NO. 378

AN ACT TO AMEND CHAPTER 60, TITLE 7, OF THE DELAWARE CODE RELATING TO OCEAN DUMPING.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Chapter 60, Title 7, Delaware Code by adding thereto a new subchapter to read as follows:

"SUBCHAPTER IV. Ocean Dumping.

§6070. Title.

This Act shall be known as the Ocean Solid Waste Dumping Elimination Act.

§6071 Purpose.

The General Assembly finds that historically millions of tons of solid waste have been disposed in the ocean, that these solid wastes are ocean rather than land disposed in recognition of the threat posed by the presence of contaminants, or that it is simply cheaper to dispose of such wastes in the ocean; that the United States Environmental Protection Agency has affirmed a termination of ocean dumping as its adopted policy, a goal undermined by continuing ocean disposal of solid waste; and that there are deleterious effects of waste disposal on the ocean environment. Therefore, it is the intent of this General Assembly to prohibit ocean disposal of solid waste.

§6072. Prevention.

The provisions of any other law, rule or regulation to the contrary notwithstanding, all disposal of solid waste into the ocean waters of the State is hereby prohibited.

§6073. Penalty.

Whoever violates \$6072 of this Act shall be fined not less than \$100,000 nor more than \$500,000 for each violation and there shall be no suspension of the fine. The Superior Court shall have jurisdiction over violations of \$6072.

Approved July 18, 1989.

HOUSE BILL NO. 421 AS AMENDED BY HOUSE AMENDMENT NOS. 1 AND 2 AND SENATE AMENDMENT NO. 2

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE (Three-fourths of all members elected to each House thereof concurring therein):

"(9) That infectious waste be disposed of by the Authority on a statewide basis in accordance with applicable statutes, regulations and inspection procedures approved by the Department of Health and Social Services and issued by the Department of Natural Resources and Environmental Control to assure adequate and proper disposal in a manner to protect the public health and welfare."

Section 2. Amend §6401(c), Chapter 64, Title 7 of the Delaware Code, by redesignating subsection (5) as subsection (6) and inserting as subsection (5) the following:

"(5) That a statewide program for disposal of infectious waste, giving special attention to the management and operation of an infectious waste facility, be established."

Section 3. Amend §6402, Chapter 64, Title 7 of the Delaware Code, by adding a new subsection (17) to read as follows:

"(17) "Infectious waste" means those wastes which may cause human disease and may reasonably be suspected of harboring human pathogenic organisms, or may pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed of or otherwise managed. Types of wastes designated as infectious include, but are not necessarily limited to, the following:

(a) Biological wastes which shall include, but not be limited to:

i. "Biological liquid wastes" which shall mean blood and blood products, excretions, exudates, secretions, suctionings and other body fluids including liquid waste: from renal dialysis.

11. "Pathological wastes" which shall mean all human tissues and anatomical remains, including human fetal remains, which emanate from surgery, obstetrical procedures, autopsy, and laboratory procedures.

111. "Cultures and stocks of etiologic agents and associated biological wastes" which shall mean, but is not limited to, specimen cultures, cultures and stocks of etiologic agents, and wastes from production of biologicals and serums.

Such wastes include, but are not limited to, disposable materials, culture dishes, devices used to transfer, inoculate and mix cultures, paper and cloth which have come in contact with specimens or cultures which have not been sterilized or rendered noninfectious; or laboratory wastes, including cultures of etiologic agents, which pose a substantial threat to health due to their volume and virulence.

v. Animal tissue, bedding and other waste from animals known or suspected to be infected with a pathogen which also causes human disease, provided that prevailing evidence indicates that such tissue, bedding or other waste may act as a vehicle of transmission to humans.

(

vi. Human dialysis waste materials including blood lines and dialysate membranes.

(b) "Sharps" which shall mean any discarded article that may cause puncture or cuts. Such wastes include but are not limited to, needles, intravenous (IV) tubing with needles attached, scalpel blades, glassware, and syringes that have been removed from their original sterile containers.

(c) "Discarded biologicals" which shall mean serums and vaccines produced by pharmaceutical companies for human or veterinary use. These products may be discarded because of a bad manufacturing lot (i.e., off-specification material that does not pass quality control or that is recalled), out-dating or removal of the product from the market or other reasons. Because of the possible presence of etiologic agents in these products, the discarded material constitutes infectious waste.

(d) "Other infectious wastes" which shall mean any residue or contaminated soil, water, or other debris resulting from the cleanup of a spill of any infectious waste."

Section 4. Amend §6402, Chapter 64, Title 7 of the Delaware Code, by adding a new subsection (18) to read as follows:

"CHAPTER 98. PARAMEDIC SERVICES

§9801. Purpose

(1) It is the purpose of this Act to establish a statewide paramedic program under the direction of the Office of Paramedic Administration, Division of Public Health. Department of Health and Social Services.

(2) The Paramedic Program includes a coordinated Advanced Life Support System, under qualified medical supervision, which has the responsibility for providing a rapid response capability in the delivery of Emergency Medical Services to individuals who become unexpectedly ill or incapacitated or who are otherwise placed in a position where highly skilled medical assistance must be rendered to sustain or maintain such individual prior to institutional health care.

(3) The Paramedic Services Program shall be utilized for medical emergencies, either at the scene or while the patient is in transit to a health facility.

(4) It is the further purpose of this Act to provide a program which shall have a direct impact on the morbidity and mortality rates of this State and which, over a period of time will also reduce health care costs to each emergency patient.

(5) It is the further purpose of this Act to establish a framework for the creation of an effective and efficient means for the provision of advanced life support services to the citizens of the State of Delaware regardless of their economic status, who require such services without prior inquiry as to the patient's ability to pay.

(6) This Act is intended to promote the public health, safety and welfare of the citizens of this State by providing for the creation of a statewide advanced life support services system, in conjunction with the efforts of all providers of emergency medical services in this State, with uniform standards for all such providers of advanced life support services.

(7) It is the further purpose of this Act to insure that emergency patients requiring advanced life support services are transported from the scene of a medical emergency to the nearest emergency medical institution or the institution of their choice, within reason, that possesses the equipment and staff resources to immediately attend to the particular needs of the patient. This statement is tempered by the understanding that, in certain circumstances, it may be necessary to bypass the closest medical facility if specialized medical care is required. It shall also be understood that the use of paramedics to assist in the transfer of patients to facilities and programs which offer such follow-up care and rehabilitation as is necessary to effect the maximum recovery of the patient, shall be permitted when deemed medically necessary.

SENATE BILL NO. 225

AN ACT TO AMEND CHAPTER 9, TITLE 10 AND CHAPTER 5, TITLE 13, DELAWARE CODE RELATING TO FAMILY COURT PROCEEDINGS.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend §913, Chapter 9, Title 10, Delaware Code, by striking the existing §913 in its entirety and in lieu thereof substituting a new §913 to read as follows:

"§913. Masters; Appointment; Duties; Review.

(a) The Chief Judge, after consultation with other Judges on the Court, may appoint, commission, set salaries for and discharge Masters in the Court. A Master, at the time of appointment and thereafter, shall be a suitable person who has been a resident of the State for at least 5 years immediately preceding the appointment. The salaries so set shall be a part of the annual budget of the Court and shall reflect the experience and time commitment of the person appointed to such office.

(b) The Court as to all cases in a class or type of proceeding designated in the Court Rules, or the Chief Judge as to any individual case or proceeding, may direct that a hearing be held in the first instance by a Judge or Master; except, however, a Master shall not conduct adult bail and juvenile detention hearings, nor any hearings involving charges against juveniles which are classified as felonies when committed by an adult. The Department of Justice with respect to all other delinquency and adult misdemeanor charges, shall have the discretion, unless it has entered an appearance, whether to participate in delinquency and adult misdemeanor proceedings assigned by the Court to a Master, or, within a reasonable time, to transfer any delinquency or adult misdemeanor matter for consideration by a Judge.

(c) Masters shall regulate all of the proceedings in every hearing before them. All proceedings before Masters shall be recorded. Masters shall have full authority to order the issuance of legal process to compel the attendance of necessary parties and witnesses; to administer oaths in the discharge of their official duties; to examine the parties and witnesses; to pass upon all questions of competency of witnesses and admissibility of evidence; to require the production of all books, papers, writings, vouchers and other documents applicable thereto; to grant adjournments and extensions of time; and generally to do all other acts, and direct all other inquiries and proceedings in the matters before them, which they may deem necessary and proper, including appropriate sanctions except incarceration, subject at all times to the revision and control of the Court.

(d) At the end of any hearing or within a reasonable time thereafter, a Master shall enter the order in writing which shall announce the result and provide an explanation therefor. Every written order by a Master shall inform all parties that, as provided in this section, there is an absolute right to a review de novo by a Judge and that in the absence of a request within 10 days for de novo review, the written order of a Master shall become enforceable by any legal means. Any party may obtain a review de novo of any Master's written order by a Judge by filing with the Court a written request therefor within 10 days from the date of a Master's written order; except, however, there shall be no review by a Judge in contravention of any state or federal constitutional prohibition against double jeopardy.

(e) Upon request for review de novo, the case shall be placed upon the calendar of the Court and treated for all purposes as if it had not been referred to a Master. Upon review de novo, unless otherwise stipulated by the parties the Court shall not admit evidence that there has been a proceeding before a Master, the nature of the Master's written order, nor any other matter concerning the conduct or outcome of the Master's proceeding; except, however, recorded sworn testimony and other evidence admitted at a Master's hearing may be used as the basis for an interim order of the Court, and generally in the same manner as sworn testimony given at a deposition in the case.

(f) A request for a review de novo shall be the sole remedy of any party with respect to a Master's written order, except for posthearing motions before the Master. A Master's written order shall become an enforceable judgment of the Court only after the time for requesting a review de novo has expired without any such request. A judgment derived from a Master's written order shall have the same force and effect as any other judgment of the Court, except that it shall not be subject to appeal.

(g) The Court may adopt appropriate and specific rules to effectuate the intent and purpose of these statutory provisions relating to Masters."

Section 2. Amend §934(b)(3), Title 10, Delaware Code, by striking the existing $\S 334(b)(3)$ in its entirety and in lieu thereof substituting a new §934(b)(3) to read as follows:

"§940. Prosecution of Adults; Process; Bail.

(a) Prosecution of a person subject to the jurisdiction of the Court who has reached his 18th birthday prior to the time of commission of the offense shall be without trial by jury and may be prosecuted either by an information or a complaint. Neither the Attorney General nor any of his Deputy Attorneys General is required to appear to prosecute any such criminal case before a Master.

(b) A summons or other process may be employed to command the appearance of such person before the \mbox{Court} .

(c) Notwithstanding any other provision in this Chapter, such person may be released on his own recognizance; or under such bail as a Judge of the Court may require pending disposition of the case; or, in default of bail, such person may be committed to the Department of Services to Children, Youth, and Their Families or to the Department of Correction, pending disposition of the case.

(d) In connection with either a secured release or an unsecured release, a Judge of the Court may impose one or more of the following conditions:

(10) Impose any other condition deemed reasonably necessary to assure appearance as required, and to carry out the purposes of this Chapter.

(f) The accused, or the Attorney General, may apply to the Court for any modification of any determination by the Court as to the decision of the type of release, the amount and nature of the bond or surety or the conditions of release.

(g) Where a Judge modifies any bail amount, such Judge shall review conditions and may impose any conditions as are set forth in this section, including specific considerations for the safety of the victim and the community.

(h) If the accused has furnished surety, a Judge of the Court shall, at that time, review conditions and may impose conditions as are set forth in this section including specific considerations for the safety of the victim and the community."

AN ACT AUTHORIZING AND DIRECTING THE DEPARTMENT OF NATURAL RESOURCES AND ENVIRONMENTAL CONTROL TO ISSUE A COMMERCIAL GILL NET FOODFISHING PERMIT TO GLENN ROSCOE DAVIS OF LAUREL, DELAWARE, WHO IS PRESENTLY PROHIBITED FROM OBTAINING A PERMIT UNDER DELAWARE FINFISHING STATUTES.

WHEREAS, Mr. Glenn Roscoe Davis of 8th Street, Laurel, Delaware, has engaged in commercial gill net fishing for ten years, and was so engaged in the five-year period prior to the enactment of the present Delaware Finfishing Statute in 1984, which requires a person to have a commercial Gill Net Foodfishing Permit to fish a drifting gill net; and

WHEREAS, Mr. Davis did not apply for a commercial gill net permit immediately after passage of the new law in 1984 because the Department represented that only gill net fishermen who had obtained more than 50 per cent of their income from gill net fishing were qualified under the statute to obtain a permit, and such restriction was not in fact authorized by the statute; and

WHEREAS, it would thus appear that Mr. Davis was qualified to apply for and receive a commercial gill net permit under the provisions of §915, Chapter 9, Title 7 of the Delaware Code and could have done so but for the incorrect interpretation of the statute by the Department; and

WHEREAS, restricting Mr. Davis from engaging in gill net fishing creates a hardship when economic and biological factors dictate that gill net fishing is the most effective method of engaging in the profession of commercial fishing; and

WHEREAS, the General Assembly has directed the Department of Natural Resources and Environmental Control to make exception to the closure of the gill net fishery when the prohibitions of §915, Title 7, Delaware Code, have created hardships for persons who should have been permitted to apply for and obtain a gill net permit at the time of enactment; and

WHEREAS, the Department may not issue any new commercial gill net foodfishing permits until the number issued annually fails below 30; and

WHEREAS, the number of commercial gill net foodfishing permits renewed in 1988 was 135; and

WHEREAS, the Department may, if directed to do so by legislation, avoid the prohibitions of §915, Title 7, Delaware Code, and issue a permit to the individual specified in the legislation.

SENATE SUBSTITUTE NO. 1

FOR

SENATE BILL NO. 321

AN ACT OF THE 135TH DELAWARE GENERAL ASSEMBLY REQUESTING THE GOVERNMENT OF THE UNIFED STATES OF AMERICA TO PROVIDE FOR THE TIMELY CONSTRUCTION AND MAINTENANCE OF A NEW BRIDGE OVER THE CHESAPEAKE AND DELAWARE CANAL IN THE VICINITY OF ST. GEORGES, AS PART OF THE U.S. ROUTE 13 RELIEF ROUTE, IN KEEPING WITH ITS OBLIGATIONS TO THE STATE OF DELAWARE.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Legislative Findings and Determinations.

(a) The General Assembly finds that:

(1) The Chesapeake and Delaware Canal cuts the State of Delaware and the Delmarva Peninsula into two parts, eliminating overland access to the major metropolitan areas of the East Coast.

(2) In recognition of the effect of the canal on the State's economy, the Act of Incorporation of the Chesapeake and Delaware Canal Company, enacted into law at 3 Delaware Laws, Chapter 78, provided in Section 16 of said Act that "Whenever said canal shall cross any public road, it shall be the duty of said company, at the proper expense of the same, to make and keep good and sufficient bridges across the said canal, so as to prevent any inconvenience, in the usage of said road or roads by reason of said canal crossing the same, and that it shall be lawful for the Legislature of this State, at all times hereafter, to enact laws for the erecting and maintaining bridges across the said canal, at the expense of the said company, and to subject the said company to forfeitures, pains and penalties for not complying with such laws."

(3) By an Act dated March 26, 1909, appearing at 25 Delaware Laws, Chapter 165, the General Assembly approved in advance the acquisition of the property, rights of property, franchises, and appurtenances of the Chesapeake and Delaware Canal Company by the United States of America. This approval did not in any way eliminate the obligation contained within Section 16 of the corporate franchise to build and maintain sufficient bridges over the Canal.

(4) The River and Harbors Act of 2 March 1919, Public Law No. 323, authorized the acquisition by condemnation by the United States of the Company's Chesapeake and Delaware Canal and "all the property, rights of property, franchises, and appurtenances used or acquired in connection therewith. . . " By such acquisition the United States assumed the Company's obligations, including the obligation to make and keep good and sufficient bridges over the canal. In connection with the acquisition, Congress expressly provided that "all land traffic, both highway and rail, to and from the Delmarvia (sic) Peninsula" crossing the canal "could not be broken". The condemnation was carried out in 1919, and the United States of America has since owned, operated, maintained, and improved the Canal and the highway bridges crossing it.

(5) In keeping with the obligations it assumed, the Federal Government built new bridges over the canal at Reedy Point, Summit, and St. Georges, including the addition of new lanes for highway traffic at Summit and St. Georges. The accepted understanding by the United States of its obligations is illustrated by a written statement of July 6, 1939, by then-Secretary of War, Harry H. Woodring: "The United States is obligated to maintain reasonably adequate highway crossings over the canal". Accordingly, when new lanes of highway crossings are needed, the United States is obligated to provide them.

(6) United States Route 13 crosses the canal at St. Georges. The existing bridge for Route 13 at St. Georges is the most important bridge over the canal in Delaware, carrying 60% or more of the north-south traffic from the Delmarva Peninsula to major eastern cities.

(7) As reflected, inter alla, in recent bond bills passed by the General Assembly, the State has determined that a relief route is necessary to carry the

.

increased traffic now overburdening U. S. Route 13. This relief route, as planned by the State and approved by the Federal Highway Administration, includes a new crossing over the canal in the vicinity of the existing crossing at St. Georges, Delaware. Construction of aspects of this route began in 1989, with the State eventually projected to incur over \$400 million in construction costs, financed from the State's Transportation Trust Fund, over and above the construction costs of the new crossing over the canal.

(8) The Delaware Department of Transportation estimates that rising annual average daily traffic (AADT) figures within this decade will lead to failing levels of service on U.S. Route 13, in the absence of the new Relief Route, which includes a new crossing over the canal.

(9) The existing St. Georges Bridge is currently scheduled for interim repairs. It is also projected that major rehabilitation of the existing bridge will be required. The interim repairs should permit the delay of the major rehabilitation of this bridge for five years. Nonetheless, the projected major rehabilitation will cause severe traffic disruptions on U.S. Route 13, in the absence of a new crossing for the Relief Route being in place by that time.

(10) A new bridge for the U.S. Route 13 Relief Route, using designs now under review by the Delaware Department of Transportation and the Federal Highway Administration, will take at least three years to be completed and open to traffic.

(11) Under the circumstances outlined herein, at a minimum the new bridge for the relief route should be built and in operation on or before December 31, 1995 in order to maintain levels of service and prevent the serious disruption of the State's economy.

(b) The General Assembly hereby determines that pursuant to the obligations the United States assumed by its acquisition of the property of the Chesapeake and Delaware Canal Company, the United States should provide for the construction and maintenance of a new bridge over the canal to carry the highway traffic using the U. S. Route 13 Relief Route, in order to make and keep good and sufficient crossings over the canal.

Section 2. <u>Terms and Conditions</u>. Pursuant to its legally binding obligation contained in 3 Delaware Laws, Chapter 78, Section 16, the Government of the United States of America is hereby requested to provide for the construction and maintenance of a new bridge over the Chesapeake and Delaware Canal for the U. S. Route 13 Relief Route, under the following terms and conditions:

(a) The new bridge should be built using a design and in the location approved by the Delaware Department of Transportation and the Federal Highway Administration, on a schedule which will permit the new bridge to be in operation on or before December 31, 1995.

(b) Federal appropriations for the Federal Fiscal Year 1991, which begins October 1, 1990, should contain provisions indicating the Federal Government's acceptance of its obligation to provide for the construction and maintenance of the new bridge under the terms and conditions outlined herein, on or before December 31, 1995. The absence of any such appropriation, or other suitable Federal legislation enacted before December 31, 1990, as determined by the Governor, shall be taken by the State of Delaware as a refusal by the Federal Government to meet its obligations to make and keep good and sufficient crossings over the Chesapeake and Delaware Canal, as required under 3 Delaware Laws, Chapter 78, Section 16.

Section 3. <u>Effective Date</u>. This Act shall become effective upon approval by the General Assembly and execution by the Governor; however, Section 2 of the Act shall not remain in effect if the Government of the United States and the State of Delaware enter into an agreement which will provide the necessary crossing over the canal under terms and conditions acceptable to both governments, which terms and conditions may differ from those provided in Section 2.

Approved February 8, 1990.

§7702. Taking Up and Impounding Stray Livestock.

Any person or resident owning land in this State may take up any livestock found running at large upon the public highways or on lands owned by that person and impound the same. Such person may demand and receive a reasonable sum for the care and feeding of the animal or animals while in his care. The care and shelter provided shall be humane and shall be adequate for the size and class of livestock impounded. The State Veterinarian, a County Extension Agent of the county in which the livestock is impounded and a livestock owner of the same county will be responsible for determining if the animal or animals are being housed and fed properly as well as determining a fair and reasonable cost per day.

The person taking up and impounding the livestock shall forthwith give written notice of the taking up and impounding to the owner thereof, if known, or by leaving the notice with an adult person at his or their usual place of abode; or, if unknown, shall place a notice of three days duration in two (2) local newspapers adequately describing the livestock and giving an accurate name, address and telephone number of the person holding the animal or animals.

Any person taking up and impounding stock under this chapter, who refuses or neglects to give notice, as provided in this section, shall be liable to the owner of such stock in civil damages, to be recovered in a civil action before a Justice of the Peace or the Court of Common Pleas of the county in which the stock was taken up.

§7703. Damage by Stray Livestock.

Upon the application of any person, or his agent, sustaining any damage by reason of the livestock running at large contrary to this chapter, any Justice of the Peace or the Court of Common Pleas of the county in which damage was incurred by livestock, which may or may not have been taken up and impounded, shall designate the State Veterinarian, a County Extension Agent and a livestock owner of the county in which the damage was incurred, who shall estimate said damages and make a report to the Justice or Court, in writing, under their hands or the hands of the majority of them, the amount of damage estimated. The Justice or Court shall immediately give notice thereof to the parties interested. The damages so ascertained, together with the legal charges for impounding and keeping the livestock, shall be paid by the person claiming the stock before the same shall be delivered.

If known, or by leaving the same with an adult person at his usual place of abode.

(b) At the time fixed in the advertisement, the person having the livestock in charge shall proceed to sell the livestock, but may postpone the sale for good and sufficient cause. The proceeds of the sale, after deducting all legal charges, shall be deposited with the Clerk of the Peace of the county in which the proceedings took place. No owner, or other person in charge of cattle or other livestock, shall be responsible in any action by reason of cattle or other livestock accidentally escaping from their enclosure and straying on any public highway of this State unless the owner or other person in charge thereof has intentionally allowed the livestock to escape or unless he is guilty of negligence in the care of the cattle or other livestock.

FORMERLY

SENATE BILL NO. 359

AN ACT TO AMEND CHAPTER 40, TITLE 7, DELAWARE CODE, RELATING TO EROSION AND SEDIMENTATION CONTROL AND STORMWATER MANAGEMENT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE (Two-thirds of all members elected to each House thereof concurring therein):

Section 1. Amend Chapter 40, Title 7, Delaware Code by striking Chapter 40 in its entirety and by substituting in lieu thereof a new Chapter 40 to read as follows:

"§4001. Legislative Findings and Statement of Policy

(a) Legislative Findings. The General Assembly finds that erosion and sedimentation continue to present serious problems throughout the State, and that the removal of a stable ground cover in conjunction with the decrease in the infiltration capability of soils resulting from the creation of additional impervious areas such as roads and parking lots has accelerated the process of soil erosion and sediment, agricultural, industrial, recreational, fish and wildlife and other resource uses. The General Assembly further finds that accelerated stormwater runoff increases flood flows and velocities, contributes to erosion, sedimentation, and degradation of water quality, overtaxes the carrying capacity of streams and storm sewers, greatly increases the costs of public facilities in carrying and controlling stormwater, undermines flood plain management and flood control efforts in downstream communities, reduces groundwater recharge, and threatens public health, welfare, and safety.

(b) <u>State of Policy</u>. In consideration of these legislative findings, it is declared to be the policy of this Chapter to strengthen and extend the present erosion and sediment control activities and programs of this State for both rural and urban lands and to provide for control and management of stormwater runoff consistent with sound water and land use practices. These activities will reduce to the extent possible any adverse effects of stormwater runoff on the water and lands of the State. This policy, to be carried out by establishing and implementing the Department of Natural governments and subdivisions of this State, and other public and other local governments and subdivisions of this State, and other public and private entities, a statewide comprehensive and coordinated erosion and sediment control and stormwater management program to conserve and protect land, water, air and other environmental program shall be consistent with, and coordinated with other environmental programs implemented by the Department such as wetlands protection and groundwater is the state in the protection.

§4002. <u>Definitions</u>. The following words, terms and phrases, when used in this Chapter, shall have the meanings ascribed to them in this Section, except where the context clearly indicates a different meaning:

(1) 'Certified Construction Reviewer' means an individual who has passed a departmental sponsored or approved training course and who provides on-site construction review for sediment control and stormwater management in accordance with regulations promulgated under this Chapter.

(2) 'Designated Watershed or Subwatershed' means a watershed or subwatershed proposed by a conservation district, county, municipality, or State agency and approved by the Department. The Department may establish additional requirements due to existing water quantity or water quality problems. These requirements shall be implemented on an overall watershed or subwatershed master plan developed for water quality and/or water quantity protection.

(3) 'Land Disturbing Activity' means any land change or construction activity for residential, commercial, silvicultural, industrial, and institutional land use which may result in soil erosion from water or wind or movement of sediments or pollutants into State waters or onto lands in the State, or which may result in accelerated stormwater runoff, including, but not limited to, clearing, grading, excavating, transporting and filling of land.

(4) 'Person' means any State or federal agency, individual, partnership, film association, joint venture, public or private correlation, trust, estate, commission Chapter 234

board, public or private institution, utility, cooperative, municipality or other political subdivision of this State, any interstate body, or any other legal entity.

(5) 'Responsible Personnel' means any foreman or superintendent who is in charge of on-site clearing and land disturbing activities for sediment and stormwater control associated with a construction project.

(6) 'Sediment and Stormwater Management Plan' or 'plan' means a plan for the control of soil erosion, sedimentation, stormwater quantity, and water quality impacts which may result from any land disturbing activity.

(7) 'State Waters' means any and all waters, public or private, on the surface of the earth which are contained within, flow through or border upon the State of Delaware or any portion thereof.

(8) 'Stormwater' means the runoff of water from the surface of the land resulting from any form of precipitation and including snow or ice melt.

(9) 'Stormwater Management' means:

(a) for water quantity control, a system of vegetative, structural, and other measures that controls the volume and rate of stormwater runoff which may be caused by land disturbing activities or activities upon the land; and

(b) for water quality control, a system of vegetative structural, and other measures that controls adverse effects on water quality that may be caused by land disturbing activities or activities upon the land.

(10) 'Stormwater Utility' means the establishment of an administrative organization that has been created for the purposes of funding sediment control, stormwater management or flood control planning, design, construction, maintenance, and overall resource needs by authorized and imposed charges.

§4003. Duties of Persons Engaged in Land Disturbing Activities

(a) After July 1, 1991, unless exempted, no person shall engage in land disturbing activities without submitting a sediment and stormwater management plan to the appropriate plan approval authority and obtaining a permit to proceed.

(b) Projects which do not alter stormwater runoff characteristics may be required to provide water quality enhancement even if the predevelopment runoff characteristics are unchanged. Criteria will be detailed in the regulations regarding level of water quality control and variance procedures.

(c) Each land developer shall certify, on the sediment and stormwater management plan submitted for approval, that all land clearing, construction, development, and drainage will be done according to the approved plan.

(d) All approved land disturbing activities shall have associated therein at least one individual who functions as responsible personnel.

§4004. Applicability

(a) The provisions of this Chapter shall not apply to agricultural land management practices unless the conservation district or the Department determines that the land requires a new or updated soil and water conservation plan, and the owner or operator of the land has refused either to apply to a conservation district for the development of such a plan, or to implement a plan developed by a conservation district.

(b) Unless a waiver is granted the construction of agricultural structures such as broiler houses, machine sheds, repair shops, and other major buildings shall require approval of a sediment and stormwater management plan, by the appropriate plan approval agency, prior to the initiation of construction.

(c) Utility projects disturbing less than 5,000 square feet of land not subject to the provisions of this Chapter.

§4005. Program Funding and Financial Assistance

(a) The Department, conservation districts, counties, or municipalities are authorized to receive from federal, State, or other public or private sources financial, technical or other assistance for use in accomplishing the purposes of this Chapter. The Department may allocate, as necessary or desirable, any funds received to conservation districts, counties, or municipalities for the purpose of effectuating this Chapter.

(b) The conservation districts, counties, and municipalities shall have authority to adopt a fee system to help fund program implementation. That fee system shall be implemented by the designated plan approval agency to fund overall program management, plan review, construction review, enforcement needs, and maintenance responsibilities. In those situations where the Department becomes the designated plan approval agency the Department may assess a plan review and inspection fee. That fee shall not exceed \$80.00 per disturbed acre per project. There shall be no duplication of fees by the various implementing agencies for an individual land disturbing activity and the fee schedule shall be based upon the costs to the Department, conservation districts, counties, or municipalities to implement and administer the program.

(c) Authority is also granted to the Department, conservation districts, counties or municipalities to establish a stormwater utility as an alternative to total funding under the fee system. The stormwater utility shall be developed for the designated watersheds and may fund such activities as long range watershed master planning, watershed retrofitting, and facility maintenance. This fee system shall be reasonable and equitable so that each contributor of runoff to the system, including State agencies, shall pay to the extent to which runoff is contributed. Criteria for the implementation of the stormwater utility shall be established in regulations promulgated under this Chapter. The implementation of a stormwater utility will necessitate the development of a local utility ordinance prior to its implementation.

§4006. State Management Program

(a) The Department shall, in cooperation with appropriate State and federal agencies, conservation districts, other governmental subdivisions of the State, and the regulated community develop a State Stormwater Management Program. This program shall take into consideration both quantity and quality of water, and shall be integrated with, and made a part of the amended State Erosion and Sediment Control Program to create a Sediment and Stormwater Program.

(b) In carrying out this Act, the Department shall have the authority to:

(1) Provide technical and other assistance to districts, countles, municipalities, and State agencies in implementing this Chapter;

(5) Cooperate with appropriate agencies of the United States or other states or any interstate agency with respect to sediment control and stormwater management;

(6) Conduct studies and research regarding the causes, effects and hazards of stormwater and methods to control stormwater runoff;

(7) Conduct and supervise educational programs with respect to sediment control and stormwater management;

(8) Require the submission to the Department of records and periodic reports by conservation districts, tax ditch organization, county and municipal agencies as may be necessary to carry out this Act;

(9) Review and approve designated watersheds for the purpose of this Act;

(10) Establish a maximum life of three years for the validation of approved plans. The regulations shall specify variances which expand this time limitation in specific situation; and (11) Establish a means of communication, such as a newsletter, so that Information regarding program development and implementation can be distributed to Interested individuals.

(c) The Department shall develop such regulations in conjunction with and with substantial concurrence of a regulatory advisory committee, appointed by the Secretary, which shall include representatives of the regulated community and others affected by this Act. The recommendations of this committee shall be presented at all public workshops and hearings related to the adoption of the regulations implementing this Act. ۰.

(a) With respect to approved sediment and stormwater plans, the agency responsible for construction review during and after construction completion shall ensure that periodic reviews are undertaken, implementation is accomplished in accordance with the approved plans, and the required measures are functioning in an effective manner. Notice of such right of construction review shall be included in the sediment and stormwater management plan certification. The agency responsible for construction review may, in addition to local enforcement options, refer a site violation to the Department for additional action.

(b) Referral of a site violation to the Department may initiate a departmental construction review of the site to verify site conditions. That construction review may result in the following actions:

() Notification through appropriate means to the person engaged in a land disturbing activity and the contractor to comply with the approved plan within a specified time frame.

(2) Notification of plan inadequacy, with a time frame for the person engaged in a land disturbing activity to submit a revised sediment and stormwater plan to the appropriate plan approval agency and to receive its approval with respect thereto.

Section 1. Amend §721, Chapter 7, Title 13 of the Delaware Code by adding thereto a new subsection (e) to read as follows:

"(e) A custody proceeding between parents shall be determined in accordance with $\S722$ or \$729, whichever shall apply. A custody proceeding between a parent and any other person shall not be decided in favor of the other person unless the Court concludes, after a hearing, (1) that the child is dependent or neglected within the meaning of \$901 of Title 10, and (2) that the application of the standards set forth in \$722 or \$729, whichever shall apply, lead the Court to conclude that the child should not be placed in the custody of one of his or her parents."

Section 2. Amend subsection (a), $\S722$, Chapter 7, Title 13 of the Delaware Code by deleting all of subsection (a) and substituting in lieu thereof the following:

"(a) The Court shall determine the legal custody and residential arrangements for a child in accordance with the best interests of the child. In determining the best interests of the child, the Court shall consider all relevant factors including:

 The wishes of the child's parent or parents as to his or her custody and residential arrangements;

(2) The wishes of the child as to his or her.custodian(s) and residential arrangements;

(3) The interaction and interrelationship of the child with his or her parents, grandparents, siblings, persons cohabiting in the relationship of husband and wife with a parent of the child, any other residents of the household or persons who may significantly affect the child's best interests;

Section 3. Amend §722, Chapter 7, Title 13 of the Delaware Code by striking subsection (b) in its entirety and substituting in lieu thereof the following:

"(b) The Court shall not presume that a parent, because of his or her sex, is better qualified than the other parent to act as a joint or sole legal custodian.for a child or as the child's primary residential parent, nor shall it consider conduct of a proposed sole or joint custodian or primary residential parent that does not affect his or her relationship with the child."

Section 4. Amend §723, Chapter 7, Title 13 of the Delaware Code by striking subsection (a) in its entirety and substituting in lieu thereof the following:

"(a) A party to a custody or visitation proceeding may move for a temporary custody or visitation order. An application for temporary custody or visitation shall be accompanied by an affidavit setting forth the factual basis for the motion or application with particularity. In the event such an order is entered, a copy of the order shall be served upon all other interested parties as soon as practicable and they shall have an opportunity to be heard in opposition to the application as soon as practicable." Section 5. Amend Chapter 7, Title 13 of the Delaware Code by striking existing 3727 in its entirety and substituting in lieu thereof the following:

(b) Any custody order entered by the Court may include the following provisions:

(1) Granting temporary joint or sole custody for a period of time not to exceed six months in duration to give the parents the opportunity of demonstrating to the satisfaction of the Court their ability and willingness to cooperate with the custodial arrangement ordered. Following a timely review of this temporary order by the Court either at the end of this temporary period or sooner upon the application of any party to the proceeding, the Court shall have the authority to continue or modify the temporary order on a permanent basis.

Section 6. Amend Chapter 7, Title 13 of the Delaware Code by striking existing §728 in its entirety and substituting in lieu thereof the following:

"§728. Residence; visitation; sanctions.

(a) The Court shall determine, whether the parents have joint legal custody of the child or one of them has sole legal custody of the child, with which parent the child shall primarily reside and a schedule of visitation with the other parent, consistent with the child's best interests and maturity, which is designed to permit and encourage the child to have frequent and meaningful contact with both parents unless the Court finds, after a hearing, that contact of the child with one parent would endanger the child's physical health or significantly impair his or her emotional development. The Court shall specifically state in any order denying or restricting a parent's access to a child the facts and conclusions in support of such a denial or restriction.

(b) The Court shall encourage all parents and other persons to foster the exercise of a parent's joint or sole custodial authority and the maintenance of frequent and meaningful contact, in person, by mail and by telephone, between parents and children unless an order has been entered pursuant to subsection (a) denying or restricting such contact. If the Court finds, after a hearing, that a parent or any other person has violated, interfered with, impaired or impeded the rights of a parent or a child with respect to the exercise of joint or sole custodial authority, residence, visitation or other contact with the child, the Court shall order such person to pay the costs and reasonable counsel fees of the parent applying for relief under this section. The Court shall also impose one or more of the following remedies or sanctions.

The amount of the surcharge shall be up to ten percent of the visiting parent's monthly child support obligation for each violation and shall be payable to the parent with whom the child or children reside(s).

(D) A fine in the discretion of the Court; or

(E) A term of imprisonment if a person is found to be in contempt of prior orders of the Court.

(c) A parent or custodian of a child who believes it to be in the best interests of a child for the custodial authority, visitation or communication between a parent and a child as established by a prior Court order or written agreement of the parties to be modified may apply to the Court for such modification, and the Court may grant such an application if it finds after application of the standards set forth in subsection (a) above that the best interests of the child would be served by ordering such a modification. The filing of an application under this subsection (c) by any person shall not be a defense in an action brought against any person under subsection (b) unless the Court has entered an appropriate order allowing such conduct prior to the occurrence of the conduct complained of in the action brought under subsection (b)."

Section 7. Amend Chapter 7, Title 13 of the Delaware Code by striking the existing §729 in its entirety and substituting in lieu thereof the following:

"§729. Modification of Prior Orders.

(a) An order concerning visitation may be modified at any time if the best interests of the child would be served thereby in accordance with the standards set forth in 5728(a),

(b) An order entered by the Court by consent of all parties, an interim order or a written agreement between the parties concerning the legal custody of a child or his or her residence may be modified at any time by the Court in accordance with the standards set forth in $\S722$.

(c) An order entered by the Court after a full hearing on the merits concerning the legal custody of a child or his or her primary residence may be modified only as follows:

(A) If the application for modification is filed within 2 years after the Court's most recent order concerning these matters, the Court shall not modify its prior order unless it finds, after a hearing, that continuing enforcement of the prior order may endanger the child's physical health or significantly impair his or her emotional development.

(B) If the application for modification is filed more than 2 years after the Court's most recent order concerning these matters, the Court may modify its prior order after considering:

(i) Whether any harm is likely to be caused to the child by a modification of its prior order, and, if so, whether that harm is likely to be outweighed by the advantages, if any, to the child of such a modification;

(ii) The compliance of each parent with prior orders of the Court concerning custody and visitation and compliance with his or her duties and responsibilities under 727 including whether either parent has been subjected to sanctions by the Court under 728(b) since the prior order was entered; and

(iii) The factors set forth in §722."

Section 8. Amend §731, Chapter 7, Title 13 of the Delaware Code by deleting the words "the financial resources of the parties" after the word "considering" and inserting after the word "considering" the following:

Section 11. This Act shall become effective 30 days after the day on which it is enacted into law. Actions commenced prior to the effective date of this Act shall be governed by the provisions of the Delaware Code operative prior to such effective date and those provisions shall remain in effect as to those actions as if this Act were not in effect.

Section 12. Nothing in this Act shall be construed to affect any right, duty or liability arising under any statutes in effect immediately prior to the effective date of this Act, but the same shall be continued and concluded under such prior statutes. Nothing in this Act shall revive or reinstate any rights or liability previously barred by statute.

Section 13. If the provision of this Act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

(d) After notice and hearing, the Court of Chancery shall determine the amount of the elective share and shall enter a judgment and order apportioning the liability for the amount of the elective share among the recipients of the contributing estate and directing payment of such liability as provided in §908(a). If it appears that a fund or property included in the elective estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the property or who has possession thereof, whether as trustee or otherwise."

Further amend said §906 by adding the following new subsections (f) and (g):

laws unless the surviving spouse also expressly renounces in the petition for an elective share the benefit of all or any of the provisions. If any provision is so renounced, the property or other benefit which would otherwise have passed to the surviving spouse thereunder is treated, subject to contribution under subsection (a) of §908 of this Title, as if the surviving spouse had predeceased the decedent for all purposes except the value of an income interest renounced by the surviving spouse shall nonetheless be deemed to be property transferred to the surviving spouse by the decedent for purposes of §903(a) and §901(a).

(b) A surviving spouse is entitled to the surviving spouse's allowance whether or not he elects to take an elective share."

Section 8. Amend §908 of Chapter 9, Title 12, Delaware Code by striking it in its entirety substituting in lieu thereof the following:

"§908. Liability for Elective Share.

(a) The liability for the amount of the elective share shall be apportioned among the recipients of 'the decedent's contributing estate' (as defined in subsection (b)). Such apportionment shall be made in the proportion, as near as may be, that the value of the property of each such recipient bears to the total value of the property received by all such recipients interested in the contributing estate, provided that in any case where a person is given an interest in income or an estate for years, or for life, or other temporary interest in any property, the liability for the elective share on both such temporary interest and on the remainder thereafter shall not be apportioned between or among the recipients of such interest but shall be charged in rem against and paid out of the corpus of such property without apportionment between remainders and temporary estates. Until it is paid or satisfied the surviving spouse's elective share shall be a proportionate charge against the properties constituting the decedent's contributing estate based upon the values of all such property for purposes of determining the elective estate. No person or property shall be liable for contribution in any greater amount than he or such property would have been if relief had been secured against all persons and property subject to contribution.

(b) For purposes of this Section, the decedent's contributing estate consists of only that portion of the elective estate of which the decedent was the sole owner at his death and which was not transferred or deemed transferred to his surviving spouse by the decedent as described in §903(a). The decedent's contributing estate does not include any jointly owned property with the right of survivorship of which he was a joint owner, any insurance proceeds which are payable to a beneficiary other than to his estate, or any property held in trust.

(c) A recipient of property comprising part of the contributing estate may pay his proportionate elective share liability with respect to such property or may choose to give up such property thereby relieving his personal liability. If a recipient elects to give up such property he shall be entitled to any value realized upon the sale or other disposition of such property in excess of his proportionate elective share liability."

Section 9. This Act shall become effective for estates of decedents dying on or after January 1, 1990.

Approved June 20, 1990.

HOUSE BILL NO. 514

AN ACT TO AMEND TITLE 14 OF THE DELAWARE CODE RELATING TO SUBSTANCE ABUSE; AND PROVIDING FOR A DELAWARE DRUG-FREE SCHOOL ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Part I, Title 14 of the Delaware Code by adding thereto a new chapter, designated as Chapter 38, which new chapter shall read as follows:

"CHAPTER 38. CONTROLLED SUBSTANCES

§3801. Declaration of Purpose

The General Assembly finds and declares that a substantial drug and alcohol trafficking and abuse problem exists in this State among school-age children, in schools and on school campuses, parks and playgrounds. It is the purpose of this Chapter, to support increased efforts by local law enforcement agencies, working in conjunction with school districts and with State and local drug and alcohol prevention agencies, to suppress trafficking; and to prevent drug and alcohol abuse among school-age children in schools and on school campuses, through the development of innovative and model programs jointly undertaken by local law enforcement agencies and school districts. Further, it is the intent of the General Assembly to establish a program of financial and technical assistance for local law enforcement and school districts; and to formulate a joint policy of pursuing both demand reduction (through education and prevention programs), and supply reduction (through law enforcement).

§3802. Definitions:

All applications for such funds shall be applications made jointly by the school and law enforcement entities involved in the proposed project.

(b) In the allocation and awarding of funds to joint law enforcement and public school recipients, the Division shall obtain the comments and recommendations of the State Drug-free School Advisory Committee. All allocation and awarding of funds by the Division shall be in accordance with the Administrative Procedures Act, and with those guidelines promulgated by the State Drug-free School Advisory Committee which do not conflict with existing State laws.

(a) Funds shall be awarded primarily for projects undertaken jointly by the school district or other public school entity, and a law enforcement entity. In participating in any joint application for the funds, the public school entity shall consult with the superintendent of each affected school. Any funds disbursed under this Chapter are Chapter 244

supplemental to and shall not supplant local funds which would, in the absence of this Chapter, be otherwise available to suppress and prevent drug and alcohol abuse among school-age children; or which otherwise would be used to curtail drug and alcohol trafficking in and around schools, parks and playgrounds.

(b)(i) The provisions for salaries in the Budget Appropriation Bill are projected to cover the salaries and wages which shall become due and payable during the fiscal year. All agencies shall stay within their appropriations for salaries as well as positions authorized.

GENERAL

<u>Section 2</u>. Any previous Act inconsistent with the provisions of this Act is hereby repealed to the extent of such inconsistency.

<u>Section 3.</u> If any provision of this Act, or of any rule, regulation or order thereunder, or the application of such provision to any person or circumstances, shall be invalid, the remainder of this Act and the application of such provisions of this Act or of such rule, regulation or order to persons or circumstances other than those to which it is held invalid shall not be affected thereby.

Section 4. The monies appropriated in Section 1 of this Act shall be paid by the State Treasurer from the General Fund, except as otherwise referenced in Section 1.

<u>Section 5</u>. The provisions of this Act to the contrary notwithstanding, any section, chapter or title of the Delaware Code and any Laws of Delaware providing for the application of "Sunset" shall be operative for those agencies, commissions or boards affected during the fiscal year commencing July 1, 1990.

<u>Section 6</u>. Due to the pilot budget format, the restructuring of divisions into programs within divisions has created more exempt positions per division than allowed by law for the participating departments; therefore, all exempt positions authorized by Title 29, Section 5903, Delaware Code, prior to July 1, 1987, shall remain exempt for Fiscal Year 1991.

<u>Section 7</u>. Salaries and wage rates for State employees who are not covered by the Merit System or by the provisions of Title 14, Chapter 13, Delaware Code, shall have the following:

(a) The salary of employees shall be comparable to salaries and wage rates paid from funds appropriated by the State to employees with similar training and experience who serve in similar positions in the Merit System. In the event that there are no similar positions in the Merit System, the State Personnel Director shall establish an exempt position classification only for the purpose of assigning a salary or wage rate to said position. On or before August 15, 1990, the State Personnel Director shall publish a list of exempt positions and the comparable Merit System class and/or paygrade for each position. In addition, such listing shall show the name of the incumbent, if the position is filled, and shall show the statutory citation which authorizes the establishment of the exempt position(s). The State Personnel Director shall provide copies of such listing to members of the Joint Finance Committee and the Controller General. No exempt employee, shall be hired until said list is published. No reclassification of exempt employee, otherwise permitted under Delaware law, shall become effective unless and until a new position is placed on the comparability list. In order to permit the development of the comparability list. State Agencies shall provide to the State Personnel Director job descriptions of all exempt positions and position classification questionnaires describing the duties and responsibilities of each of the positions. The certification of comparability by the State Personnel Director shall not be withheld unreasonably. Those positions assigned on a list of comparability that are assigned a comparable class and/or paygrade in the Merit System shall be paid in accordance with Section 8(c) and (d) and Merit System Rule 13.0110.

(b) The salary of employees whose salary in effect as of June 30, 1990, is below the minimum salary of the assigned paygrade of the pay plan shall be raised to the minimum salary. This adjustment shall be made after the implementation of the general salary increase in Section 8(d)(1).

(c) Notwithstanding any other provision of the Delaware Law or this Act to the contrary, civilian employees of the Delaware National Guard shall be compensated at a salary and wage rate established by the Federal Civil Service Commission.

Section 8. (a) The General Assembly of the State of Delaware supports the State-wide policy that the pay plan for Merit System employees be developed in accordance with the results of valid surveys of salaries provided by a defined labor market. The Director of State Personnel shall conduct such surveys on a yearly basis and report the findings of such surveys by December 15 to the Governor and members of the General Assembly who will be responsible for recommending and approving yearly adjustments as are necessary to maintain the competitive posture of the plan. (ii) The salaries contained in Section 10(a) of this Act for the New Castle County Prothonotary, the Kent County Prothonotary, and the Sussex County Prothonotary shall remain in effect until such time as the current term expires or the position becomes vacant. Upon expiration of the current term or when a vacancy occurs, the State Personnel Director, the Budget Director and the Controller General shall determine an evaluated pay range for the position based on a Position Classification Questionnaire (PCQ) approved by the President Judge of the Superior Court. If the elected incumbent is appointed, the salary in effect shall remain at the current level or be brought to the minimum of the evaluated pay range, whichever is greater. If the appointee is other than the elected incumbent, compensation shall be set according to Sections 10(c)(iv) and (v) of this Act.

(111) Amend Title 29, Chapter 33, Section 3303 (a) of the Delaware Code by deleting the phrase "the Prothonotaries in each of the 3 counties".

If the scheduled salary associated with a vacant position is above the position's evaluated midpoint, the appointing authority shall justify to the Personnel Director why the salary of a proposed replacement should be kept above the evaluated midpoint. If adequate justification cannot be provided, the starting salary shall be decreased as appropriate and may be set lower than the evaluated midpoint depending upon the qualifications of the proposed incumbent. In reviewing requests made pursuant to this paragraph, the Personnel Director shall provide an analysis of the request and shall solicit the advice and written consent of the Budget Director and the Controller General.

This eligibility shall be conditioned on a determination that the duties and responsibilities of the Division Level Manager position are at least one paygrade higher than the position proposed to be vacated based on a comparison of equivalent value. For the purpose of this paragraph, the equivalent value of one paygrade is defined as a seven percent difference in the constant fiscal year dollar value of the evaluated pay range midpoint of the Division Level Manager position compared to the position that the employee is vacating. If an employee is offered an appointment to a Division Level Manager position that has an equivalent value equal to or less than the paygrade assigned to the position the employee is vacating, the employee may retain his/her current salary, provided that it does not exceed the evaluated pay range midpoint, or the current salary of the Division Level Manager position, whichever is greater. (d) Effective May 1, 1991, the Office of State Personnel shall submit to the John

This appropriation shall be allocated for qualifying non-public, non-profit schools, based on the procedure adopted by the Joint Finance Committee on April 16, 1981.

(b) Transportation funds for public school districts during the fiscal year ending June 30, 1991, shall be allocated and shall not exceed \$31,108.1, according to bus contract or district transportation formula, as adopted by the State Board of Education on July 23, 1987, subject to the following amendments and procedural modifications:

(1) The per gallon price used to calculate the gasoline allowance shall be based on the State contract bid price for unleaded gasoline plus \$.07 per gallon for districts and plus \$.25 per gallon for contractors. For districts and contractors North of the Canal, the per gallon price shall be based on delivery to a large-sized tank (5,000 or more gallons). In the case of contractors located South of the Canal, the per gallon price shall be based on delivery to a small-sized tank (275 - 1,900 gallons). Upon determination by the State Board of Education that a contractor located North of the Canal and operating five or fewer buses does not have existing storage capacity in the large-tank range, the per gallon price shall be based on the smaller tank size.

(2) The Fiscal Year 1991 operating allowance adjustment for inflation shall be 3.75 percent.

(3) For the fiscal year ending June 30, 1991, the allowable cost of a new bus purchased by a contractor shall be the Fiscal Year 1990 State bid price for new buses minus 3 percent for salvage value, plus 3.75 percent for inflation and plus 10 percent to account for dealer charges and profits not reflected in the State bid price due to the higher number of buses being purchased and the lag time between the ordering and delivery. The State Board of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 1989. In addition to the procedure for establishing the allowable cost of a new bus specified above, the State Board of Education is requested to structure its bids for buses in the fiscal year ending June 30, 1991, in such a manner that public school bus contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, that bid price minus 3 percent for salvage value will be the allowable cost in subsequent reimburgements to the contractor.

(4) The formula rate for reimbursing public school bus contractors for the cost of liability insurance shall be determined by the State Board of Education in consultation with the Insurance Commissioner based on the data available on April 30 of the previous fiscal year

(c) The State Board of Education shall amend its transportation formula to permit replacement of a vehicle which has operated 100,000 school-related miles and is seven model-years old or a vehicle which has operated 150,000 school-related miles regardless of the age of the vehicle.

(d) Except as specified in the Section, or for changes in the price of gasoline, or for the adjustments of those items changed by State or federal laws, the State Board of Education shall not change the transportation formula unless the change has been authorized by the General Assembly and an appropriation therefore has been made by the General Assembly.

An account called the Transportation Incentive Fund shall be established for each (e) school district in the State which has a district-operated pupil transportation system. When the State Board of Education approves the district-operated pupil transportation funding allocation for a school district and initiates the transfer of State funds to the district transportation account, an amount equivalent to 10% of the district's prior year district transportation account, an amount equivalent to 10% of the district's prior year net allocation for district-operated pupil transportation shall be placed into the district's Transportation Incentive Fund account. Into the district's current year district-operated pupil transportation account shall be placed the difference between the current year district-operated pupil transportation allocation and the amount placed into the district's Transportation Incentive Fund account. Funds in the Transportation Incentive Fund account may be transferred at any time to the district transportation account. On June 1, 1991, any balance remaining in the Transportation Incentive Fund account may be transferred to Division II - All Other Costs if the district so chooses based on a projected year-end transportation surplus. In no case shall district transportation cost overruns be reimbursed with State funds if a transfer identified in the previous sentence has been made. If pupil transportation savings cannot be realized, up to previous sentence has been made. If pupil transportation savings cannot be realized, up to the full balance in the Transportation Incentive Fund account may be transferred to the school district's transportation account.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE (Two-thirds of all members elected to each House thereof concurring therein):

Section 1. Amend Chapter 51, Title 24 of the Delaware Code by adding a new subchapter II to read as follows:

### "SUBCHAPTER II. AESTHETICIAN CERTIFICATION

§5121. Objectives.

The primary purpose for the certification of aestheticians is to guarantee to the public that each practitioner has achieved a minimum level of competence as an aesthetician.

§5122. Definitions.

(a) For the purpose of this chapter, an 'aesthetician' is defined as a person who is certified under this chapter to practice the cleansing, stimulating, manipulating and beautifying of skin, with hands or mechanical or electrical apparatus or appliances, and to give treatments to keep skin healthy and attractive. An aesthetician is not authorized to prescribe medication or provide medical treatments in the same manner as a dermatologist.

(b) 'Division' means the Division of Professional Regulation.

(c) 'School' means an institution privately owned and conducted for the purpose of teaching aesthetics.

### §5123. Prohibitions.

(a) No person may engage in practice as an aesthetician or use any initials, letters, wording or abbreviation used by an aesthetician unless he or she is certified under this chapter.

(b) A person may not seek a certification or renewal by means of false or fraudulent actions or representations.

#### §5124. Exemptions.

Nothing in this chapter shall prohibit:

- (a) A licensed cosmetologist from performing services as an aesthetician.
- (b) A licensed dermatologist from performing services as a dermatologist.

### §5125. Records.

The Division of Professional Regulation shall maintain a register of all applicants for certification. This register shall be available for public inspection. The certification to practice as an aesthetician in this state shall be renewed by the aesthetician every two years and shall be renewed upon payment of the renewal fee. The Division shall provide forms for application for certification and for the renewal of certification. The Division shall notify each registrant of the expiration date of his or her certificate and the amount of the fee that shall be required at least one month prior to the expiration for application of any change of address. A late fee shall be established by the Division to take effect one month after the expiration date of the certification. A late fee must be paid before the certification is renewed.

### §5126. Qualifications.

No person shall be certified under this chapter unless he or she has:

(a) completed a course of study of not less than three hundred (300) hours in the principles pertaining to the practice of aesthetics.

Chapter 299

(b) passed the National examination required in §5127 of this subchapter.

### §5127. Examinations.

(a) Examinations for certification shall be professionally developed and used on a national basis.

(b) Examination services shall be contracted and approved by the Division of Professional Regulation.

(c) The Division of Professional Regulation shall administer the examination for certification. Grading will be performed by the contracted testing service.

## §5128. Complaints.

(a) The Division of Professional Regulation shall investigate any written complaints concerning uncertified practitioners practicing or advertising themselves to be aestheticians. When it is determined that an individual is practicing aesthetics without certification, the Division shall apply to the appropriate court to issue a cease and desist order. If the violation continues, the Division shall make a formal complaint to the Attorney General.

(b) Where a person, not currently licensed as an aesthetician, is convicted of unlawfully practicing aesthetics in violation of this chapter such offender shall, upon the first offense, be fined five hundred dollars (\$500) and shall pay all costs.

(c) Where a person previously convicted of unlawfully practicing aesthetics is convicted a second or subsequent time of such offense, the fine assessed against such person shall be increased by five hundred dollars (\$500) for each subsequent offense thereafter.

## §5209. Display of Certificate.

Each individual certified under this chapter shall prominently display his or her certificate issued by the Division in a conspicuous part of his or her office wherein the practice of aesthetics is conducted. In addition, each main or branch office shall have prominently displayed a name and telephone number where individuals may call concerning the services of the certified aesthetician.

## §5210. Fees.

(a) The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the proportional expenses incurred by the Division in its services pursuant to this chapter. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each calendar year the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate fees for the coming year.

(b) In those instances where a national examination is to be taken in Delaware, applicants shall nevertheless pay all fees charged by the testing service directly to the testing service. Where the testing service refuses to accept direct payment, the applicant may pay the Division. In the event there are extra local expenses incurred by the State for its services in administering the examination, the applicant shall pay an additional fee to the Division to defray those local expenses.

## §5211. Operation of Aesthetic Schools.

(a) Any school which holds a current license to conduct a school for the purpose of teaching cosmetology and its branches may apply for approval by the Division to teach a course pertaining to the principles of aesthetics.

### §5212. Equipment.

Every school shall have, and shall maintain in good working condition, appropriate and sufficient equipment for its entire student body. Minimum equipment for an aesthetic school will be established by regulation by the Board of Cosmetology and Barbering.

## §5213. Instructors.

The General Assembly also recognizes that some hazardous substances have been stored or disposed of at facilities in the State in a manner insufficient to protect public health or welfare or the environment. The General Assembly finds that the release of a hazardous substance constitutes an imminent threat to public health or welfare or the environment of the State to require prompt containment and removal of such hazardous substances, to eliminate or minimize the risk to public health or welfare or the environment, and to provide a fund for the cleanup of the facilities affected by the release of hazardous substances.

The General Assembly finds that private parties should be provided with encouragement to exercise their responsibility to clean up the facilities for which they are responsible,

but that if they refuse to do so, then the State should conduct the cleanup and recover the costs thereof from the private parties.

The General Assembly finds that in order to effectuate the purposes of this Act to remedy contamination resulting from past acts and to address more equitably the issue of who should bear the costs of remediation, Section 9105 of this Chapter shall apply to all responsible parties without regard to the date of enactment of this Act or any amendments thereto.

The Secretary or other authorized person gaining access under this Section, if requested in advance, shall split a sample with the operator, or person in charge of the facility. If any analysis is made of the samples, a copy of the results of the analysis may be furnished to the owner, operator, or person in charge.

(c) A person who has resolved his or her liability to the State under this Section is not liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other potentially responsible parties, but it reduces the total potential liability of others to the State by the amount of the settlement exclusive of Section 9109 of this Chapter.

(d) The Secretary may enter into a settlement agreement that requires the Secretary to provide a specified amount of money from the Fund to help defray the costs of implementing the remedy. These funds may be provided only in circumstances where the Secretary finds it would expedite or enhance remediation or achieve equity with respect to the payment of remedial costs. The Secretary may recover the amount of public funding provided under this Section from a potentially responsible party who has not entered into a settlement agreement under this Section or fulfilled all obligations under the agreement. For purposes of such a cost recovery, the public funding shall be considered as remedial costs

# HOUSE BILL NO. 745

AN ACT TO AMEND TITLE 16 OF THE DELAWARE CODE RELATING TO THE ESTABLISHMENT OF THE DELAWARE HEALTH CARE COMMISSION.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Title 16 of the Delaware Code by adding thereto Part XI to read as follows:

# "PART XI. DELAWARE HEALTH CARE COMMISSION

CHAPTER 98. DELAWARE HEALTH CARE COMMISSION

### §9801. Findings.

The General Assembly finds and declares that substantial numbers of Delawareans have no health care coverage and that most of these residents are wage earners and their dependents. One-third of these individuals are children.

The General Assembly further finds and declares that when these individuals enter the health care system they have often foregone preventative care and are in need of more expensive treatment that often exceeds their financial resources. Much of the cost for these uncompensated services to the uninsured are already included in health care systems costs in the form of increased insurance and provider rates.

The General Assembly further finds and declares that spreading these costs among the already insured represents an extremely inefficient method for providing basic preventive and acute care for the uninsured and represents an added cost to employers now providing health insurance to their employees.

The General Assembly further finds and declares that it is necessary to ensure basic and affordable health care to all Delawareans while addressing the economic pressures on the health care system as a whole in Delaware.

§9802. Delaware Health Care Commission.

(a) There is hereby established the Delaware Health Care Commission, hereinafter in this Chapter referred to as the Commission. Said Commission shall consist of 9 members, 4 of whom shall be appointed by the Governor, 1 of whom shall be appointed by the President Pro Tempore of the Senate and 1 of whom shall be appointed by the Speaker of the House of Representatives. Of the 6 appointed members, at least 1 shall be a resident of each county. The Insurance Commissioner, the Secretary of Health and Social Services and the Secretary of Finance shall serve as ex-officio members of the Commission.

The Governor shall designate 1 member of the Commission to be chairman who shall serve at the pleasure of the Governor. The terms of the remaining 5 appointed members shall be for 4 years except that the initial term of each may be for a lesser period. Any vacancy shall be filled by the Governor for the balance of the unexpired term. A member of the Commission shall be eligible for reappointment. No more than 5 of the Commission members shall be of the same political party.

(b) The Commission is constituted an independent public instrumentality and may call upon the Department of Health and Social Services, the Insurance Department and/or the Department of Finance for any assistance, information or data that may be necessary to carry out the purposes for which it has been established. For administrative and budgetary purposes only, the Commission shall be located within the Department of Health and Social Services.

§9803. Duties and Authority of the Commission.

(a) The Commission shall have the authority to hire staff, contract for Consulting services, conduct any technical and/or actuarial studies which it deems to be necessary to support its work, and to publish reports as required in order to accomplish its purposes in accordance with the provisions of this Chapter.

(b) The Commission shall be responsible for overseeing the implementation of the Governor's Indigent Health Care Task Force Report issued May 31, 1990. The Task Force Report specifically identifies programs and initiatives which address the access and affordability problems recognized as the primary barriers to provision of appropriate health care to the uninsured. The Task Force further recognized that the initial report would address only a portion of the problems of indigent/uncompensated health care.

(c) As relates to the pilot health access projects, the Commission is expressly authorized to develop such programs in consultation with the appropriate public and private entities; to assign implementation to the appropriate State agency; to monitor and oversee program progress and to ensure that each pilot program is evaluted by an outside, independent evaluator after no more than 2 years of operations.

(d) Other functions which the Commission should undertake include:

1. Determining, in conjunction with the State's Health Statistics Center, the additional data needed to carry out its mission and evaluting the effectiveness of pilot programs; preparing appropriate legislation to obtain such data and ensuring that data to support the goals of health access is available and accessible;

Recommending methods to reduce and control health care costs, in conjunction with the private sector;

3. Coordinating efforts with the Health Resources Management Council, which is responsible for overall health planning and the State's Certificate of Need Program, to ensure that Delaware has a balanced approach to access, quality and costs of health care;

4. Reviewing and recommending changes to State medical insurance regulations (in conjunction with the insurance commissioner) to promote efficiency, equity and affordability in health care insurance premiums;

 Exploring all potential insurance options including size and makeup of risk groups;

6. Studying and making recommendations as to incentives to ensure that employers continue to provide health insurance coverage;

 Studying and making recommendations regarding benefits to be covered by health plans that would be available through the health care access programs, including prevention, well-child care, and prenatal care;

 Identifying cost savings to public programs that would result from implementation of health care access programs;

9. Studying alternative financing plans for the State share of premium costs for those who cannot afford health insurance or who are unemployed;

10. Examining and making recommendations as to gatekeeping mechanisms for access to health care services and various benefit and service packages for a minimum care coverage plan;

 Examining and studying actuarial analyses, sliding fee scale analyses, co-payment levels and limits on provider reimbursements and covered services in developing proposals for core benefit packages;

 Developing a methodology to coordinate the health care access program with other government-subsidized programs, and;

13. Conducting other activities it considers necessary to carry out the intent of the General Assembly as expressed in this Chapter.

# §9804. Reporting Requirements.

(a) On or before January 15, 1991, the Commission shall report to the Governor and the General Assembly on the status of the recommendations contained in the May 31, 1990 Task Force Report. On or before March 15, 1991, the Commission shall submit to the Governor and the General Assembly its recommendations for legislative action on insurance reform. In any given year, State Agencies shall only be eligible to receive funds as defined in this section where the Secretary determines that available funds exceed the eligible project requests from non-State applicants. (iii) It is the intent of the General Assembly that the amount of realty transfer tax revenues applied in any fiscal year for the purposes of conservation under this Subchapter pursuant to clause (11)(A)(I) of this subsection (e) shall not decline as the total debt service on revenue bonds decreases. Accordingly, in any fiscal year when the debt service required to be set aside under said clause (11)(A)(I) is less than the debt service required to be set aside under said clause in any prior fiscal year, an amount equal to the decline in such debt service shall be deposited in the Endowment Account before any funds are applied pursuant to clauses (11)(A)(II) or fill).

(iv) After the amount in the Endowment Account equals \$50 million or on July 1, 2005, which ever occurs sooner, no further deposits shall be made into the Endowment Account or the Project Account under this subsection (e).

# HOUSE BILL NO. 714

AN ACT TO AMEND TITLE 7 OF THE DELAWARE CODE PROVIDING FOR THE CONSERVATION OF LAND, WATER AND OTHER NATURAL AND HISTORIC RESOURCES WITHIN THE STATE AND ESTABLISHING ORGANIZATIONAL, REGULATORY AND FINANCIAL MEANS THEREFORE AND TO AMEND CHAPTER 34, TITLE 29 AND CHAPTER 47, TITLE 7 OF THE DELAWARE CODE TO CONFORM THEREWITH.

Section 1. Amend Title 7 of the Delaware Code to add a new Chapter to be designated as "Chapter 75" to read as follows:

# "CHAPTER 75. DELAWARE LAND PROTECTION ACT

Subchapter I. Policy, Purposes, Creation of Delaware Open Space Council.

§7501. Short Title.

This chapter shall be known and may be cited as the "Delaware Land Protection Act."

§7502. Declaration of Policy.

The General Assembly finds that:

(a) The provision of lands for public recreation and conservation of natural resources promotes biological diversity, public health, prosperity, and general welfare and is a proper responsibility of government.

(b) Lands now provided for such purposes will not be adequate to meet the needs of an expanding population in years to come.

(c) The expansion of population, while increasing the need for such lands, will continually diminish the supply and tend to increase the cost of public acquisition of lands available and appropriate for such purposes.

(d) Rapid growth and spread of urban development is encroaching upon, or eliminating, many open areas and spaces of varied size and character. These areas and spaces, if preserved and maintained in their present open state, constitute important physical, biological, social, aesthetic or economic assets.

(e) The State must act now to protect and to help local governments to protect substantial quantities of such lands as are now available and appropriate so that they may be preserved and developed for the purposes enumerated herein.

(f) It is the public policy of the State of Delaware and its political subdivisions that the preservation of open spaces shall be accomplished through the acquisition of interests or rights in real property, or donation of said lands, and that said acquisition constitutes a public purpose for which public funds have been expended or advanced and should be continued.

§7503. Purpose.

(a) State Agencies may acquire any interest in real property for the following purposes, to carry out and expand on the intent of the conservation program described in Volume 65, Chapter 212 of the Laws of Delaware:

(1) To protect and conserve all forms of natural and cultural resources;

(2) To protect and conserve the biological diversity of plants and animals and their habitat;

(3) To protect existing or planned parks, forests, wildlife areas, nature preserves, or other recreation, conservation, or cultural sites by controlling the use of contiguous or nearby lands;

(4) To preserve sites of special natural, cultural, or geological interest;

÷

,

(5) To connect existing open spaces into a cohesive system of greenways and resource areas;

(6) To provide for public outdoor recreation; and

(7) To allow for water resource conservation.

(b) State Agencies may acquire property or rights in real property pursuant to this chapter by the use of direct acquisition for cash, by purchase money mortgage, by installment sale, or by other methods or incentives as determined by the Secretary after consultation with the Secretary of Finance. State Agencies shall not exercise the "right of eminent domain" to carry out the provisions of this Chapter.

§7504. Definitions.

For the purposes of this chapter open space shall include significant cultural, historical or archaeological sites as determined by state plans and policies adopted by the Bureau of Historic and Cultural Affairs.

 Standards and criteria consistent with the purposes of this chapter for evaluating the lands and waters of the State for inclusion as State Resource Areas in the open spare program;

§7508. Land Use Reguirements.

The guidelines shall designate the boundaries to which they apply and provide a procedure for the appeal of such boundary designations. The zones created hereunder shall overlie and not replace the existing zoning or preclude or prejudice any change thereto. The standards specified in the guidelines shall include, but not be limited to:

(1) The establishment of frontage, building height, setback and site design requirements that shall apply in State Resource Areas and which may apply to lands immediately adjacent thereto, which will result in residential, commercial, and industrial or other uses which minimize the loss of open space and associated values of State Resource Area lands.

Such natural resource protection requirements shall restrict land use activity by means of enactment and enforcement of specific technically-based environmental performance standards, design criteria and mitigation requirements consistent with State law and regulations. Minimum lot sizes, density limitations, and prescribed percentages of impervious surface and use limitations and prohibitions shall not constitute performance standards as required herein, however, such limitations and restrictions shall be adopted where appropriate, to establish an alternative means of complying with the purpose and requirements of the overlay zones. It shall be the option of the owner of land to satisfy either (1) the County environmental performance standards, design criteria of this subsection shall not apply to lands producing Agricultural Commodities as defined in Title 3, Chapter 7 of Delaware Code or lands under State Agency ownership.

(c) In order to encourage land owners and developers to promote the objectives of this Chapter, each county government shall evaluate density bonuses, credits, or other incentives and allowances to land owners and developers for lands or resource protection rights thereto, to encourage the permanent protection of open space and/or any natural resource as governed by this Title and elect such measures as they deem appropriate. The counties shall evaluate and consider enactment of measures to allow such bonuses, allowances, incentives and credits to have the ability to be sold, transferred, or applied, as a matter of right, to other lands to the maximum density permitted by the applicable zoning classification, so long as such action is consistent with the Comprehensive Plan of the County.

(d) Counties shall adopt zoning ordinances that enact these guidelines and standards within 18 months after receipt of State Resource Area Maps from the Department. If a county government does not comply with this 18 month enactment requirement, said county

shall be ineligible for any funds negotiated for but unexpended under subsection (e) of this section and return to the State an amount equal to Funds expended under an agreement negotiated under subsection (e).

The Department's existing Statewide Comprehensive Outdoor Recreation Plan shall be the initial plan for the purposes of this subsection.

(b) The Department, in conjunction with other public and private land management organizations, shall undertake a special program to acquire or otherwise permanently protect lands within established State Resource Areas and other lands identified as having State significance according to the procedures of this chapter.

(c) Rules and regulations adopted, and contracts entered into, with respect to the Delaware Land and Water Conservation Trust Fund as originally established under Section 4733 of this Title shall remain in effect with respect to the Conservation Trust Fund until amended, revoked or otherwise modified pursuant to this subsection.

## SENATE BILL NO. 380 AS AMENDED BY SENATE AMENDMENT NO. 1

AN ACT TO AMEND SUBCHAPTER III, CHAPTER 35, TITLE 24, DELAWARE CODE RELATING TO THE APPLICABILITY OF THE PROVISIONS OF CHAPTER 223, VOL. 65, LAWS OF DELAWARE, RELATIVE TO THE LICENSURE REQUIREMENTS OF PSYCHOLOGISTS.

WHEREAS, the provisions of Chapter 223, Vol. 65, Laws of Delaware being S.B. No. 281 of the 133rd General Assembly, grandfathered in employees working for the state, at institutions operated by the State or political subdivisions of the State, before July 31, 1985; and

WHEREAS, Mr. Michael Betts was hired as a clinical psychologist at the Kent-Sussex Community Mental Health Center on December 2, 1985; and

WHEREAS, in January of 1986 the legislature enacted into law S.B. 281 which placed more stringent requirements on the licensure of psychologist in this state.

WHEREAS, during the period a number of events occurred one (1) of which included an evaluation by Maintenance Review determining that Mr. Betts' position should be a psychologist III for which the necessary paperwork was processed to accomplish this; however, it was not feasible for the Division of Alcoholism, Drug Abuse and Mental Health to assign a supervisor to him to comply with the law because the Division did not have any licensed psychologists in the downstate area; and

WHEREAS, in May of 1989 an evaluation was made by "Maintenance Review" determining that Mr. Betts' position should be that of a psychologist III and paperwork was processed making him a psychologist II at a pay grade 16; and

WHEREAS, the Division needs to employ a licensed psychologist in Mr. Betts' position in order to comply with the law and provide the required mental health services; and

WHEREAS, Mr. Betts' has in the mean time been certified as eligible for a psychiatric social worker III at pay grade 15 which he has accepted in order to retain employment with the Kent/Sussex Community Mental Health Center; and

WHEREAS, in view of these unique and unusual circumstances which have lasted over a two year period, management supports this request of Mr. Betts' to be grandfathered in the law because it was no fault on the part of Mr. Betts that resolution of this dilemma has drawn on for this length of time; and

WHEREAS, Mr. Betts was actually placed in a precarious position being hired as a clinical psychologist on December 2, 1985 when the law did not require that he be under the supervision of a licensed psychologist and later when the Delaware General Assembly passed S.B. 281 tightening the requirements, and requiring a licensed psychologist to supervise him, it left Mr. Betts in a quandry which he had nothing to do with, nor was he apprised of this unfortuitous situation.

NOW THEREFORE:

(1) 'School district ability' means the total full valuation of all taxable real property within the school district as of July 1 of the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated, divided by the number of units of pupils, excluding those units in special schools administered by a school district which are supported by a tuition tax, in the public schools of the school district as of September 30 of the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated. In the case of a vocational-technical school district, the school district ability shall be determined by dividing the total full valuation of all taxable real property located within the vocational-technical school district by the total number of units in the public schools located in the vocational-technical school district, as of September 30 of the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated. In the case of a school district abilities shall be computed. 'Tax district ability' shall be computed by dividing the total full valuation of all taxable real property located in the school tax district in the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated. In the case of a school district abilities shall be computed. 'Tax district ability' shall be computed by dividing the total full valuation of all taxable real property located in the school tax district in the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated, by the number of units of pupils, excluding those units in special schools administered by all school district as of September 30 of the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated. The Budget Office shall conduct, in accordance with nationally accepted standards and practices, an assessment to sales price study, by school district, at least every two years in order to establish the most current ratios and such studies shall be open to public review. Each county is required to make available to the State Budget Office, at the cost of reproduction only, machine readable copies of its assessment and sales transactions files. In the case of a school district created under the provisions of §1028(k) of this Title, two values for current expense revenues shall be computed. 'Tax district current expense revenue' shall be computed by multiplying the current operating expense real estate tax rate for the school tax district by the total assessed valuation of the school tax district as of July 1 of the fiscal year immediately preceding the fiscal year for which Division III funds are appropriated. 'Individual district current expense revenue' shall be computed as specified in the first sentence of this paragraph.

(12) 'Local district effort index' applies only to school districts created under the provisions of  $\S1028(k)$  of this Title and means the lesser of 1 minus the tax district effort index or the individual district effort index, but shall be a number at least equal to zero.

(c) The formula for determining the sums to be allocated in Division III, to school districts other than those created under the provisions of 1028(k) of this Title, shall be as provided in this Subsection. The state share for special schools as defined in Paragraph (1) of Subsection (b) of

•.,

this Section shall be equal to the state share for the vocational-technical school district in the county in which the special school is located. The state share per unit, the sum of the tax district share and the individual district share in any fiscal year shall not be less than 95% or more than 120% of the state share per unit in the preceding fiscal year, except as provided in Subsection (e) of this Section.

(e) In the case of a school district with an effort index less than 1.00, or a district created under  $\S1028(k)$  of this Title where the sum of the tax district effort index and the individual district effort index is less than 1.00, that passes a current expense tax referendum to increase taxes in the fiscal year preceding the fiscal year for which Division III funds are appropriated, the state share per unit shall be determined as provided in this Subsection. The state share per unit shall first be computed in accordance with the provisions of Subsection (c) or Subsection (d) of this Section, whichever calculation is appropriate for a particular school district, excluding the 120 $\chi$  provision. The state share per unit shall then be calculated a second time using the appropriate formula from Subsection (c) or Subsection (d) except that the current expense tax rate(s) for real estate and capitation for the current fiscal year shall replace the rates for the immediately preceding fiscal year throughout the calculation. The state share per unit shall also be excluded in this second calculation. The state share per unit shall be equal to the amount computed in the second calculation; provided that, in no case shall the state share per unit be greater than the state share per unit under the first calculation plus 120 $\chi$  of the state share per unit in the preceding fiscal year.

(f) The 95% provision contained in Subsection (c) and Subsection (d) assumes that a school district does not reduce its current expense revenue by reducing current expense tax rates on real estate or capitations. In the event that a school district does reduce its current expense tax rate(s), the 95% minimum shall not apply and the school district shall gualify for a state share per unit based upon the formula in Subsection (c) or Subsection (d) only.

(g) Total state equalization shall be computed by multiplying the state share per unit times the number of units of pupils enrolled in the school district, the vocational school district, or the special school in the fiscal year for which the Division III funds are appropriated.

(h) Division III funds shall be utilized to supplement funds appropriated under Division I, including legal expenses associated with collective bargaining, and Division II for the purpose of advancing education beyond the level authorized through the basic appropriations in Divisions I and II or through any other state or federal appropriation.

(1) A committee, composed of not less than ten or more than fifteen members, shall be appointed by the President of the State Board of Education to annually review and make recommendations on the equalization formula. The committee shall also be empowered to analyze other issues and concerns related to equalization that impact the State's ability to achieve the basic purpose of equalization for Delaware's school districts. The committee shall include at least the following: a representative of the State Board of Education; a representative from the Governor's 'Office designated by the Governor; at least one member each from the House of Representatives and the State Senate designated by the Speaker of the Nouse and the President Pro Tempore of the Senate, respectively; the Secretary of Finance or his designee; the State Budget Director or his designee; the Controller General or his designee; a representative of the State Education Association Chapter 393

designated by that organization; and at least three representatives of the local school districts, one from each county."

Section 2. If for the fiscal year ending June 30, 1991, a school district is entitled to a state share per unit of equalization funding, under the provisions of Delaware Code, Title 14, §1707, that is less than the state share per unit the district received in the prior school year because the "effort index" for the school district is less than 1.00, and if the school district conducts a successful current expense referendum at some time during the fiscal year ending June 30, 1991, for implementation in the fiscal year beginning July 1, 1991, then the school district shall receive a state share per unit calculated in accordance with Delaware Code, Title 14, §1707, except that the current expense tax rate(s) for the fiscal year beginning on July 1, 1991, shall be used in the calculation of the state share.

(a) No licensed importer, licensed manufacturer, or licensed dealer shall sell or deliver from his inventory any firearm, as defined in 11 <u>Del. C.</u> 222 (9), to another person, other than a licensed importer, licensed manufacturer, licensed dealer, or licensed collector, until he has:

(1) obtained a completed consent form from the potential buyer or transferee, which form shall have been promulgated by the State Bureau of Identification (SBI) and provided by the licensed importer, licensed manufacturer, or licensed dealer, which shall include the name, address, birth, date, gender, race, and social security number, driver's license number or other identification number of such potential buyer or transferee and has inspected identification containing a photograph of the potential buyer or transferee;

(2) requested, by means of a toll-free telephone call pursuant to subsection (e) herein, the SBI to conduct a criminal history record check; and

(3) received a unique approval number for that inquiry from the SBI, and has recorded the date and approval number on the consent form.

(b) Upon receipt of a request for a criminal history record check, the SBI during the licensee's call or by return call, shall;

(c) In the event of electronic failure or similar emergency beyond the control of the SBI, the SBI shall immediately notify the requesting licensee of the reason for, and estimated length of, such delay. After such notification, the SBI shall no later than the end of the third business day following a request for a criminal history record check of the licensee, either

(1) inform the licensee that its records demonstrate that the potential buyer or transferee is prohibited from receipt or possession of a firearm pursuant to 11 Del. C. §1448 or federal law, or

(2) provide the licensee with a unique approval number. Unless notified by the end of the third business day following a request for a records check that the potential buyer or transferee is so prohibited, and without regard to whether he has received a unique approval number, the licensee may complete the sale or delivery and shall not be deemed in violation of this section with respect to such sale or delivery.

(d)(1) Any records containing any of the information set forth in subsection (a)(1) pertaining to a potential buyer or transferee who is not found to be prohibited from receipt or possession of a firearm by reason of 11 Del. C. §1448 or federal law shall be confidential and may not be disclosed by any officer or employee of SBI to any person or to another agency. The SBI shall destroy any such records after it communicates the corresponding approval number to the licensee and such records shall be destroyed within 30 days after the day of receipt of the licensee's request.

(2) Notwithstanding contrary provisions of this subsection, the SBI shall maintain a log of dates of requests for criminal history record checks and unique approval numbers corresponding to such dates for a period of not longer than one year.

(3) Nothing in this section shall be construed to allow the State of Delaware to maintain records containing the names of licensees who receive unique approval numbers or to maintain records of firearm transactions, including the names or other identification of licensees and potential buyers or transferees, involving persons not prohibited by 11 Del. If the SBI fails to amend the record within thirty (30) days, the person requesting the amendment may petition the SUperior Court in the county of his residence for a writ of mandamus directing the SBI to amend the record. The court shall award the petitioner all reasonable attorney fees and other costs, if it determines that S.B.I. willfully refused to amend the record. If the record as corrected demonstrates that such person is not prohibited from receipt or possession of a firearm by 11 Del. C. §1448 or federal law, the SBI shall destroy any records check set forth in subsection (a)(1).

(g) The SBI shall promulgate regulations to ensure the identity, confidentiality, and security of all records and data provided pursuant to this section.

(i) Compliance with the provisions of this section shall be a complete defense to any claim or cause of action under the laws of this state for liability for damages arising from the importation or manufacture, or the subsequent sale or transfer to any person who has been convicted in any court of a crime punishable by imprisonment for a term exceeding one year, of any firearm which has been shipped or transported in interstate or foreign commerce.

(m) Any licensed importer, licensed manufacturer, licensed importer or employee thereof who willfully and intentionally sells or delivers a firearm in violation of this section shall be guilty of a Class A misdemeanor. Second or subsequent offenses by an individual shall be a Class G Felony.

(n) The SBI shall provide to the judiciary committees of the Senate and House of Repesentatives an annual report including the number of inquiries made pursuant to this section for the prior calendar year. Such report shall include, but not be limited to, the number of inquiries received from licensees, the number of inquiries resulting in a determination that the potential buyer or transferee was prohibited from receipt or possession of a firearm pursuant to 11 Del. C. §1448 or federal law, and the estimated costs of administering this section.

(o) This section shall become effective six months from the date of enactment or at such time as the SBI has notified all licensed importers, licensed manufacturers, and licensed dealers in writing that the procedures and toll-free number described in this section are operational, which ever shall occur first.

\$5802. Legislative Findings and Statement of Policy.

The General Assembly finds and declares:

(1) In our democratic form of government, the conduct of officers and employees of the State must hold the respect and confidence of the people. (a) The General Assembly hereby declares that public office is a public trust and that any effort to realize personal financial gain through public office other than compensation provided by law is a violation of that trust. In serving the public interest, it is a legislator's right and responsibility to vote upon all questions before the House of which he or she is a member and to participate in the business of the House and its Committees, and in doing so, he or she is presumed to be acting in good faith and in the public interest.

A personal or private interest in a measure or bill is an interest which tends to impair a legislator's independence of judgment in the performance of his or her legislative duties with respect to that

(b) A legislator has an interest which tends to impair his or her independence of judgment in the performance of his or her legislative duties with regard to any bill or measure when:

(d) A legislator who violates the provisions of this section shall be subject to such sanction as shall be prescribed by the House of which he or she is a member pursuant to rules adopted under Article II, Section 9 of the Delaware Constitution.

## §1003 Legislative Ethics Committees.

The House and the Senate shall each establish an Ethics Committee which shall have the responsibilities assigned in this section with respect to the enforcement of this chapter and such other responsibilities as may be assigned by the House or the Senate as the case may be. Each Ethics Committee may, upon the request of a member, provide a written advisory opinion as to the application of this chapter to a particular situation. Any member who acts in good faith in reliance upon any such written advisory opinion shall not be subject to any disciplinary proceeding by the respective House with respect to the matters covered by the advisory opinion provided there was a full disclosure to the Ethics Committee of all facts necessary for the opinion. All proceedings before an Ethics Committee in connection with an advisory opinion shall be confidential, subject to the following: (i) the legislator involved may waive the privilege of confidentiality; (ii) the proceedings shall no longer be confidential and may be made public in any subsequent disciplinary proceeding if the legislator acts in disregard of an advisory opinion; and (iii) each Ethics Committee shall maintain records of its proceedings and advisory opinions which shall be available for reference by the Committee, subsequent Committees and their staff. Each Committee shall investigate allegations of violations of this chapter by the members of the respective House and shall make recommendations to the respective House with respect thereto. If in the course of any proceeding, advisory or investigative, the Committee shall become aware of any substantial evidence of a violation of any law involving legislative conduct subject to its jurisdiction it shall report the same to the appropriate federal or state authorities.

# SENATE BILL NO. 308 AS AMENDED BY HOUSE AMENDMENT NOS. 1, 2 AND 3

AN ACT TO AMEND TITLE 11 AND TITLE 21 OF THE DELAWARE CODE RELATING TO MOTOR VEHICLES; AND PROVIDING FOR AN IGNITION INTERLOCK DEVICE ACT.

WHEREAS, there is a need to reduce the incidence of drivers on the highways and roads of this State who, because of their use, consumption, or possession of alcohol, pose a danger to the health and safety of other drivers; and

WHEREAS, one method of dealing with the problem of drinking drivers is to discourage the use of motor vehicles by persons who possess or have consumed alcoholic beverages; and

WHEREAS, the installation of an ignition interlock breath-alcohol device provides a means of deterring the use of motor vehicles by persons who have consumed alcoholic beverages; and

WHEREAS, ignition interlock devices are designed to supplement penalties which are intended to prevent a driver from operating a motor vehicle after using, possessing, or consuming alcohol; and

WHEREAS, it is economically and technically feasible to have an ignition interlock device installed in a motor vehicle in such a manner that the vehicle will not start if the operator has recently consumed alcohol.

NOW, THEREFORE:

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend §4177, Chapter 41, Part III, Title 21 of the Delaware Code by re-designating present subsection (e) as new subsection (f), and by re-designating present subsection (f) as new subsection (g).

Section 2. Amend §4177, Chapter 41, Part III, Title 21 of the Delaware Code by adding thereto a new subsection, designated as subsection (e), which new subsection shall read as follows:

"(e) In addition to or in lieu of any penalty for the violation of subsection (a) or subsection (b) of this Section, the Court may prohibit a person convicted under either subsection from operating any motor vehicle unless such motor vehicle is equipped with a functioning ignition interlock device; and such prohibition shall be for a period of not less than one year."

Section 3. Amend Subchapter IX, Chapter 41, Part III, Title 21 of the Delaware Code by re-designating present §4177F as new §4177I, and by re-designating each succeeding section in said subchapter accordingly.

Section 4. Amend Subchapter IX, Chapter 41, Part III, Title 21 of the Delaware Code by adding thereto the following new sections:

### "§4177F. Ignition Interlock Device

(a) Where a person has been convicted a second or subsequent time within 5 years of a prior conviction, of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle, the Court may order that such person shall not operate any motor vehicle except one which is equipped with an approved ignition interlock device; and such restriction shall be for a period of not less than one year. Such restriction shall be in addition to any other penalty or restriction, or may be imposed where no other penalty or restriction is imposed. Any person who is restricted to an ignition interlock device shall purchase such device at his own cost.

(b) Notwithstanding any other provision of this Subchapter, a 'first offender' under §4177B shall have been 'convicted' for purposes of this section. For purposes of this section, the words 'ignition interlock device' or 'approved device' shall mean ignition equipment, approved by the Director of the Division of Motor Vehicles, designed to prevent a motor vehicle from being operated by a person who has consumed an alcoholic beverage. For purposes of this section, "certification" shall mean the essential requirement for approval of the Division. The Division of Motor Vehicles shall, consonant with the provisions of applicable State law, establish the required calibration setting; and shall provide standards for the certification, installation, setting, repair and removal of such devices.

(c) The Division of Motor Vehicles shall attach or imprint a notation on the driver's license of any person restricted under this section, stating that such person shall not operate any motor vehicle except one equipped with an ignition interlock device; or, in the Division's discretion, shall issue to such person at his own expense a restricted license which permits the holder to operate only those vehicles which are equipped with an approved device.

(d) If the Court imposes the use of an ignition interlock device as a term of probation on an offender whose driving privilege is not suspended or revoked, the Court shall require such person to provide proof to the Division of Motor Vehicles within three weeks thereafter that such a device has been permanently installed. If such offender fails to provide proof of installation within that period, absent a written finding of good cause for such failure, the Division shall report such failure to the Court, and the Court shall revoke or terminate such person's probation. The Division may, in lieu of proof of installment, require that the vehicle and device pass inspection by the Division.

(e) If the Court imposes the use of an ignition interlock device as a term of probation on an offender whose driving privilege is suspended or revoked for a period of less than three years, the Court shall require that such person report to the Division of Motor Vehicles at least once annually (or more frequently as the Court may order), on such forms and by such other proof as the Division may require, attesting to the condition and operation of each interlock device in such person's vehicle or vehicles. If such person fails to keep the device in good operating condition, the Division shall report such failure to the Court, and the Court may revoke such probation or issue such order as it deems appropriate. The Division may, in lieu of proof of such condition and operation, require that the vehicle and device be inspected by the Division at such times and under such conditions as the Division may deem necessary.

# §4177H. Certification and Approval of Devices

(a) The Division of Motor Vehicles shall adopt and publish rules setting forth the requirements for obtaining certification of an ignition interlock device. No ignition interlock device shall be certified unless it meets the requirements specified and published by the Division. Such requirements shall include provisions for setting a calibration range which complies with  $\S4177F$  and any other applicable law; and which shall include, but not be limited to, specifications that the device:

- (1) does not impede the safe operation of the vehicle;
- (2) has features that make circumvention difficult, but which do not interfere with the normal use of the vehicle; and
- (3) resists tampering, and shows evidence of tampering if tampering is attempted.

(b) The cost of certification shall be borne by each manufacturer of an ignition interlock device who desires to have such device certified in this State."

Section 5. Amend Subpart D, Subchapter VI, Chapter 5, Title 11 of the Delaware Code by adding thereto a new section, designated as §1249, which new section shall read as follows:

#### "§1249. Abetting the Violation of Driver's License Restrictions

(a) It shall be unlawful for any person to blow into an ignition interlock device, or to start a motor vehicle equipped with such a device, for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted.

(b) It shall be unlawful for any person whose driving privilege is restricted to request or solicit any other person to blow into an ignition interlock device, or to start a motor vehicle equipped with such device, for the purpose of providing the person so restricted with an operable motor vehicle.

(c) It shall be unlawful to tamper with, or to circumvent the operation of, any ignition interlock device.

(d) A violation of this section shall be a Class A misdemeanor; provided however, that a second or subsequent conviction of a violation of this section shall be a Class G felony. Where a person violates this section, and such violation is a direct cause of the subsequent death of any person, such violation of this section shall be a Class G felony. The Superior Court shall have jurisdiction over all violations of this section.

Section 6. The Court shall notify the Division of Motor Vehicles of each order requiring the use of an ignition interlock device, and the Division shall stamp the record of each such offender who is required to use such a device, or shall otherwise reflect in its records that such person is required to use an interlock device.

Section 7. The provisions of this Act shall not become effective until the first February 1 after the Division of Motor Vehicles has completed a six-month pilot program, which pilot program shall be a six month implementation of this Act in one county of the State, which shall begin six months after the Governor has signed this Act. Upon the completion of the pilot program, the Secretary of Public Safety shall evaluate the pilot program and report to the General Assembly as to whether the provisions of this Act should be implemented statewide or discontinued altogether. The provisions of this Act shall automatically become effective on the first February 1 following the completion of the pilot program if legislation is not passed to discontinue the provisions of this Act and remove them from the Code.

Section 8. This Act shall be known as, and may be cited as, the Ignition Interlock Device Act.

(4) Any political subdivision having the power to levy or collect any of the charges described herein shall maintain a record of all charges creating liens under this section, including the amount of the lien, the name of the chargeable, and the location of the real property against or upon which such charges have been levied or imposed. The record or information contained therein shall be available to the public upon request.

(b)(1) Upon the filing of a Notice of Lien by a political subdivision in accordance with this subsection (b), the charges described in subsection (a)(1) hereof shall, as of the date of filing a Notice of Lien pursuant to this subsection (b), be and constitute a lien upon all real property of which the chargeable was seized at the time, or at any time after such Notice of Lien has been filed in accordance with this subsection (b), situate in the county (including all real property situate within any incorporated town or city located within the county) in which such charges are levied or imposed.

(2) Notices of Lien shall be in the form of an affidavit, executed by an attorney for the political subdivision or by an employee of the political subdivision having

(4) Notice of Lien shall be indexed by the name of the chargeable, in a separate index for such purposes maintained in the Office of the Prothonotary in each county. The index shall be maintained by the Office of the Prothonotary in the County in which the real property is located and shall include the name of the chargeable and the date and time the Notice of Lien was filed. A fee for filing the Notice of Lien shall be established by the Superior Court pursuant to 10 <u>Del.C.</u> §8705 and shall be paid at the time of filing the Notice of Lien. Any release, whether partial or complete, shall be noted in the index for Notices of Lien.

(6) A Notice of Lien shall be ineffective as of the date all charges owed by the chargeable have been paid in full, subject to subsection (7) hereof.

(7) A Notice of Lien shall be effective for a period of three (3) years after the date of filing such Notice, unless the political subdivision files a subsequent Continuation of Lien against the same chargeable prior to the expiration of the three (3) year period and in such event the lien created by the subsequent Continuation of Lien will have priority as of the date of filing of the previous Notice of Lien. A Continuation of Lien will be effective for a period of three years following the initial three-year period of the Notice of Lien and shall constitute a lien against any real property acquired by the chargeable after the filing of the Notice of Lien, and located in the county in which the Notice of Lien was filed. No more than one Continuation of Lien may be filed for any one Notice of Lien, provided, however, that this limitation shall not preclude the later filing of a new Notice of such later filing.

(8) Upon written notice by the chargeable to the political subdivision that all charges for which the Notice of Lien was filed have been paid, the political subdivision shall enter a satisfaction of record on the Notice of Lien index.

(9) Nothing contained herein shall be deemed to affect or limit the ability of the political subdivision to collect any charge through any other legal procedure including, without limitation, proceedings pursuant to a Writ of Monition.

(10) All liens for the nonpayment of charges (including any created pursuant to 9 <u>Del.C.</u> §8701), other than the lien upon the real property against which the charge was levied or imposed as provided in subsection (a), are hereby extinguished, provided, however, that this subsection shall not affect any lien obtained by any political subdivision prior to the effective date hereof by any legal procedure including, without limitation, proceedings pursuant to a Writ of Monition.

WHEREAS, Mr. Carpenter's interest and devotion to sports over his life time went far beyond baseball and football, other hobbies included wildlife hunting on the 17,000 acre family plantation in South Carolina, and dog breeding, winning him national acclaims from the nationally known magazine, 'Field and Stream', for having the nation's most outstanding retriever; and

WHEREAS, Mr. Carpenter and his father, along with Connie Mack were co-owners of the Interstate Baseball League's Wilmington Blue Rocks, which included such well known names as Robin Roberts, Curt Simmons, and Jack Sanford, who went on to the majors (Class A baseball) to become outstanding players with the Phillies; and

WHEREAS, Mr. Carpenter's diverse interest in sports also included pro-basketball which he was instrumental in bringing to Wilmington, Delaware in the early 1940's, the American League Blue Bombers; and

WHEREAS, also in the early 940's, Mr. Carpenter showed his multiple interest in sports by supporting and backing pro-boxing ventures, two of whom were Al Trebaune and Lou Brooks, allowing them to stay in physical condition by exercising on his Montchanin estate in Wilmington; and

WHEREAS, Mr. Carpenter found time to devote his talents to other worthwhile causes, to include Chairmanship of the Delaware Racing Commission for two terms, a member of the Board of Directors of the News Journal Company before it was purchased from Christiana Securities by Gannett Company, and a member of the Board of Trustees of the University of Delaware succeeding his father who served before him, a responsibility and duty he sacredly honored and devoted tireless time to; and

WHEREAS, the citizens of Delaware, and most particularly those intimately involved with the various sports, and above all, the University of Delaware, the College of Physical Education, Athletics and Recreation, will no doubt experience a deep void as a result of the passing of Mr. Carpenter who was not only an outstanding enthusiastic supporter of athletes, but was a philanthropist in the widest meaning of the word, morally, socially and financially; and

WHEREAS, the News Journal Papers, in eulogizing Mr. Carpenter's many contributions to athletics, put it succinctly and aptly when they said, "he had a great love for victory, but he never lost sight of his primary objective, and that was, assisting youngsters to

play football and receive a first class education", for it is true, he loved collegiate sports and gave tremendously to its success, but he also contributed enormously to the entire University of Delaware for which all Delawareans are most grateful; and

WHEREAS, when Mr. Carpenter owned the Phillies, the Delaware legislature looked forward every year to being the guest of Mr. Carpenter at a home game where the evening was enjoyed by all, the delicious food and the jovial, down to earth talk Mr. Carpenter would exchange with all his guests, moving from table to table to exchange a few words of wisdom.

#### NOW, THEREFORE:

BE IT RESOLVED by the members of the 135th General Assembly of the State of Delaware, the Governor concurring therein, that the entire State of Delaware hereby mourns the death of Mr. R. R. M. Carpenter, Jr., who passed away on Sunday evening, July 8, 1990 at age 74, and expresses its deepest sympathy to the family during their bereavement, and further expressing the State's profound loss which will leave a void in all our lives, but his long legacy of institutional contributions will live on by which we shall long remember him.

BE IT FURTHER RESOLVED that upon enactment of this Joint Resolution, suitably prepared copies be forwarded to Mrs. Mary Kaye Carpenter, wife of Mr. Carpenter; to Ruly and Keith, sons, and to Mary Kaye Murray, the daughter, all of Wilmington, Delaware.

#### HOUSE JOINT RESOLUTION NO. 3

OPPOSING THE RECENT PROPOSAL BY THE BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM TO INTRUDE UPON THE HISTORIC AUTHORITY OF STATE LEGISLATURES AND BANK REGULATORY AUTHORITIES TO MONITOR AND REGULATE THE ACTIVITIES OF STATE BANKS.

WHEREAS, the strength and vitality of this country's financial marketplace has depended in large part upon the separate state and federal regulation of this country's state and federally chartered banks, respectively; and

WHEREAS, the General Assembly and Governor of the State of Delaware and regulatory officers acting in accordance with Delaware law have historically had authority over the activities of banks and other financial institutions organized under the laws of this State: and

WHEREAS, in exercising their responsibilities pursuant to such authority, the General Assembly and Governor of this State and Delaware banking regulators have always acted to promote the safety and soundness of Delaware's financial institutions while simultaneously recognizing that such institutions must evolve to meet the needs of a dynamic, rapidly changing marketplace for financial services; and

WHEREAS, the General Assembly and Governor of this State and Delaware banking regulators have balanced the competing goals of bank regulation with great success, as evidenced by the tremendous growth in Delaware of safe and sound financial institutions which provide the public with a wide array of needed financial services; and

WHEREAS, under our nation's "dual banking system", the President and Congress of the United States and federal regulatory officials have traditionally limited their direct regulation of financial institutions to those organized under federal law; and

WHEREAS, in recognition of the primacy of state legislatures and bank regulators with respect to the regulation of state chartered financial institutions, federal law has historically been drafted and interpreted so as not to intrude upon the regulatory authority of state legislatures and bank regulators; and

WHEREAS, the Federal Reserve Board has recently proposed to amend the provisions of its Regulation Y, enacted pursuant to the Bank Holding Company Act, which amendments would prohibit state chartered financial institutions from engaging in various activities otherwise permissible under state law; and

WHEREAS, the Amendments to Regulation Y proposed by the Federal Reserve Board would directly interfere with and usurp the historic authority of the states to determine the range of activities in which state chartered financial institutions may engage; and Survey and the

ビーシージャンシージャー

WHEREAS, the Amendments to Regulation Y proposed by the Federal Reserve Board wrongly presume that the states are incapable of monitoring the continued safety and soundness of state chartered financial institutions; and

WHEREAS, the Amendments to Regulation Y proposed by the Federal Reserve Board wrongly presume that the Federal Reserve Board is better able to assess the financial service needs of the citizens of this State than the General Assembly and Governor of this State; and

WHEREAS, the Amendments to Regulation Y proposed by the Federal Reserve Board threaten the continued viability of our nation's dual federal and state banking systems; and

WHEREAS, the Amendments to Regulation Y proposed by the Federal Reserve Board threaten the continued ability of Delaware to ensure the provision of financial services in a prudent manner within a pro-competitive environment; and

WHEREAS, the Federal Reserve Board has provided parties that would be affected by its proposed amendments to Regulation Y with the opportunity to comment on these proposed amendments.

NOW, THEREFORE:

BE IT RESOLVED by the House of Representatives and the Senate of the 135th General Assembly of the State of Delaware, with the approval of the Governor, that the amendments to Regulation Y proposed by the Federal Reserve Board constitute a legally and historically unjustifiable interference with the prerogatives of the General Assembly and Governor of the State of Delaware to determine the range of activities in which financial institutions organized under the laws of this State may engage consistent with safe and sound banking practices.

BE IT FURTHER RESOLVED that upon passage of this Resolution, a suitably prepared copy be forwarded to the Board of Governors of the Federal Reserve System and to each member of the United States Congressional delegation of the State of Delaware as an expression of our opposition to the Federal Reserve Board's proposed Amendments to Regulation Y.

Approved February 8, 1989.

URGING THE DELAWARE CONGRESSIONAL DELEGATION TO PURSUE LEGISLATION WHICH WOULD GRANT SERVICE CONNECTED DISABILITY TO THOSE VETERANS WHO ARE AFFECTED BY THE EFFECTS OF EXPOSURE TO HERBICIDES, PRIMARILY AGENT ORANGE, USED BY THE MILITARY IN AND AROUND VIETNAM.

WHEREAS, the medical and scientific community have recognized the effects of dioxin on human beings; and

WHEREAS, dioxin is a by-product of compounds used in many products including herbicides; and

WHEREAS, the effects have been documented by literally hundreds of studies in both the public and private sector; and

WHEREAS, one of the herbicides, Agent Orange, used in South East Asia during the Vietnam War, has been recognized as containing dioxin; and

WHEREAS, of particular note are the most recent studies; the New Jersey Agent Orange Commissions' "Point Man Study", and the American Legion-Columbia University Vietnam Veteran Study; and

WHEREAS, those two, and countless other studies have indicated a direct correlation between exposure to Agent Orange and a host of illnesses; and

WHEREAS, the Veterans Administration (now the Department of Veterans Affairs) has not accepted the results of those studies as proof that exposure to Agent Orange, and illnesses incurred therefrom, are grounds for filing a claim for a Service Connected Disability; and

WHEREAS, as many as 8,000 Delaware veterans, who served in South East Asia, have been, or potentially may be affected by the health hazards attributed to exposure to various levels of dioxin.

NOW, THEREFORE:

BE IT RESOLVED by the House of Representatives and the Senate of the 135th General Assembly of the State of Delaware, with the approval of the Governor, that we encourage Delaware's U.S. Congressional delegation to support current pending legislation or introduce legislation which would amend Title 38, United States Code to Compensate, those affected by exposure to this potentially deadly compound, as a Service Connected Disability.

#### SENATE CONCURRENT RESOLUTION NO. 88

URGING THE STATE ELECTIONS COMMISSIONER AND COUNTY BOARDS OF ELECTION TO LOCATE POLLING PLACES IN FACILITIES THAT ARE ACCESSIBLE TO PEOPLE WITH DISABILITIES, AND THAT EVERY EFFORT BE MADE TO ACCOMPLISH THIS IN THE 1990 ELECTIONS.

WHEREAS, the number of elderly and handicapped citizens of voting age is the fastest growing segment of our State's population; and

WHEREAS, people with disabilities each election year express the strong desire to participate equally in the electoral process; and

WHEREAS, the Federal Voting Accessibility for the Elderly and Handicapped Act, (Public Law 98-435) signed into law on September 28, 1984, charges state elections officials with assuring that all polling places for Federal elections are accessible to the handicapped and elderly voters; and

WHEREAS, there are now throughout the State numerous accessible facilities that are available, and meet all polling place criteria; and

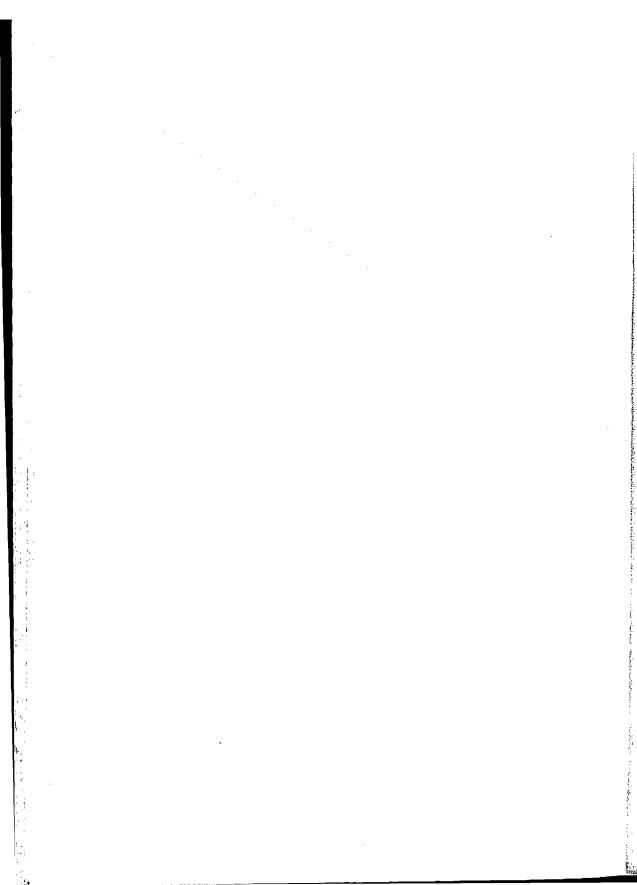

WHEREAS, the re-apportionment scheduled to be in place for the 1992 elections should not be the target date for accessible polling places since the re-apportionment process will consume elections officials time; and, historically although election district lines may change, facilities used for polling places rarely do.

NOW, THEREFORE:

1

BE IT RESOLVED by the Senate of the 135th General Assembly of the State of Delaware, the House of Representatives concurring therein, that the State Elections Commissioner and County Boards of Election are hereby urged to locate all polling places in buildings that are accessible to older people and others with disabilities and that this be accomplished in time for the 1990 general elections.

BE IT FURTHER RESOLVED that, upon passage, suitable copies of this Resolution be forwarded to the State Elections Commissioner and to the Administrative Directors of each of the County Boards of Election.
