PETER S. SHOCKLEY
MILBROD, DE.

If he decides on this school, will it
be too much to ask you to secure a
room for him, an airy, sunny room
and if he is compelled to have room mate
select a good moral boy.

Of course I know you do not know all chi-
ldren, but suppose you know the instructions
who I know who's who?

Dear, Everett if for any reason you prefer
to not do this favor for me do not hesitate
to say so and if will be perfectly all right.

I am writing you because I know
you are thoroughly acquainted with the
school and everything connected with it,
and at this late date did not suppose
he could get a room in a desirable
part of the building without assistance
help from some influential person.

Assuring you that I will appreciate your
help and an early reply I am

Yours truly
Walter H. Shockley,

Newark, Delaware, June 2, 1920.

The Hon. Everett C. Johnson,
Secretary of State, Dover, Del.

Dear Johnson: Let me interrupt your deeper meditations long enough to call enclosure to your attention. After writing the enclosed letter to Dr. Mitchell I talked the matter over with him. He assented hesitantly to aiding The Review, and suggested that proceeds of book sale go to a fund to establish an Alumni Secretary. I told him that if such a place were ever made I'd be glad to give part of my time to it in connection with the publicity business of the College, but the proceeds from the book would be a trivial beginning of any such fund, and besides, it is no time to create a new salaried office, when members of the Faculty are so ill paid. It were better to make an Alumni member of the Faculty the Alumni Secretary, and give him proper additional pay for the work and the aid of a stenographer. The machinery of the Dean's office already serves some such purpose, and could be made to serve it further if that seemed well.

I am convinced that Dr. Mitchell is likely to balk the use of the proceeds up to \$400 for the Del. Col. Review, and I urge you to write him immediately—if you ever do aught so rash—insisting upon your undoubted right to determine to what the proceeds of the sale of the book should go. Wilkinson and I understood from the beginning that you claimed such right. I think it important that The Del. Col. Rev. be enlarged so that it may be an organ of the student body and of Alumni news and views. Such an arrangement would save us the expense of publishing an Alumni periodical, would strengthen the Del. Col. Rev., and knit the undergraduate body more closely to the Alumni. You can easily estimate how much it would cost to make The Delaware College Rev. a six-page instead of an ~~eight~~^{four} page thing. Perhaps the aid from the proceeds of book sale might be spread over two years, with \$200 allowed in each.

I take it we'll see you on the 12th. Dr. Hullihen has made a strongly favorable impression on all who have met him, and the letters about him are convincing. He was in no sense a seeker of the place.

Sincerely yours,

Edward N. Tallandigham

Dr. S. C. Mitchell
Delaware College
Newark, Delaware

Dear Dr. Mitchell:

Mr. Wilkinson suggests that the price for the "Fifty Years of Delaware College" be \$1.00 paper bound, \$1.50 bound in boards, and I suggest that if such are the prices students of the two Colleges be permitted to purchase at \$.50 for the paper bound, and \$1.00 for bound in boards.

Mr. Johnson, I understand, refuses to take any of the proceeds but wishes them to go to some College fund. In writing to me he suggested that part should go to the Delaware College Review. I suggest that to the Review should go at least a sum equal to the appropriation made by the Board in aid of this publication, which amount I understand is \$400.00. With such aid for the next year the Review might be able to increase its size so as to give a page to alumni matters and another page for advertisement. I suggest that at the meeting of the Alumni, subscription cards for the next year to the Review be placed at all plates with an envelope, and that the intention to make the Review a vehicle of alumni news

and views be explained by the chairman of the meeting and an appeal made for subscriptions. I will take with the Review Board about this and members of the Alumni with whom I have talked approve the plan. I have written this letter because I was not able to find you in this morning and could not wait beyond the hour at which I am writing. You can call me up at Ernest Fraser's house if you think it worth while for us to talk the matter over.

Sincerely yours,

P. S. I understand that eight hundred copies of the book are issued, of which Mr. Johnson retains fifty copies for gifts and something like twenty-five will go to newspapers for reviews. You will naturally wish to send twenty or twenty-five more to colleges and to keep a few for gifts to occasional visitors, so that there will hardly be more than six hundred fifty at most for sale.

Dear Sir:

In reply to your letters of recent date I am instructed by Governor Townsend to advise you that it will be necessary for you to take up the matter of securing the Armory for a dance with Mr. Charles M. Upham, Chief Engineer of the State Highway Department.

The Governor has been in communication with Mr. Upham and he will give you full details as to what you will have to do in order to have the dance in the Armory.

I would suggest that you take this matter up with Mr. Upham at once.

Very truly yours,

My dear Sir:

On March 1, I wrote you at Selbyville asking permission for the Down Home Club of Delaware College to hire ^{the} armory in Dover for a dance on Thursday night, April 1. Not having heard from you, I am writing again to bring the matter to your attention and ask for a reply at your earliest convenience in order that we may make definite plans for the dance.

Yours very truly,

Governor John H. Townsend, Jr.
Selbyville, Delaware

my dear sir:

The Down Home Club of Delaware College wishes to hire the Dover armory for a dance on Thursday night, April 1, 1920. Perhaps, before going further, it would be well to explain to you just what the Down Home Club is and what the club is aiming to do for Delaware College.

The Down Home Club was organized in the fall of 1918. Its membership comprises all of the men on college who live in the section of the state below Middletown (a section generally known as "Down Home"). The founders of the organization realized that Delaware College needed a boom in the southern part of the state. With this purpose in view, the Down Home Club was organized with the slogan - "Boon Delaware down

home."

Since that time the individual club members have been talking "Delaware" at every opportunity. The club has held two social functions during its short career — both in Smyrna. We are now on a firm footing and are desirous of making a spring drive for Freshmen for September 1930.

We think that Dover is the logical place to hold a "get-together" party to start the drive. The armory is the only building in Dover which will accommodate the crowd that we are planning to have. We will in no way interrupt the State Highway draftsmen as we do not wish possession of the building until after 5:15 P. M., April 1. If the Highway Department so desires, we will guarantee to move their equipment back on the floor on the following morning.

We believe, sir, that your interest in the growth and development of Delaware College will cause you to give this matter favorable consideration. We have been in-

directly assured of ^{3.} a favorable opinion
on the part of Mr. Geo. M. Fisher. We have
not communicated with any of the
other members of the Armory Committee.

Trusting that you will give this matter
your earliest attention in order that
we may go on with our plans for
a raising opening of a room for old
Delaware, we remain

Very respectfully yours,
The Down Home Club

My dear Dr. Mitchell:

I beg to acknowledge receipt of your letter of March 17th, in which you invite me to be present with you on June 14th, Commencement. I shall endeavor to be present with you on that day, although, as you know, about that time I am in the midst of strawberry season.

I appreciate your expression in your letter relative to my stand for progressive legislation for Delaware, and I hope every friend of education will stand firm in this crisis and we will be able to help the tax situation on real estate and at the same time preserve the law as it now stands.

Very sincerely yours,

OFFICE OF THE PRESIDENT

My dear Gov. Townsend:

On June 14th will be the Commencement when Gov. Nelson Page will speak. As this would mark the fiftieth anniversary of the reopening of the College after the Civil War, we desire to observe it in a special manner.

Your administration has meant a new era in education in this State, and I earnestly desire that you bring us a greeting that day, which promise be memorable.

I have loved and admired you in your stand for the things that center in the well-being of all the people, & I hope the Commencement

here can be made to further the
purposes which you embody.
We shall feel honored by your
presence. With sincere personal

My dear Governor Townsend:

The balance for the 1919 Summer School board and room account is \$353.57. As 207 of the 241 students who attended were teaching in the state during the year, \$303.69 is returned to the state. Please find enclosed a check made out to the state treasurer for the amount stated above.

This afternoon, we have been making out the budget for the 1920 Summer School. The present price of food stuffs and the indication that there will be a small attendance makes us wonder where we will come out in spite of the most careful planning.

We are hoping that you will find it possible this year to visit the Summer School. The 1917 call has been a very pleasant memory but, also, it was a great help in developing a feeling of respect for the Summer School.

My dear Governor Townsend:

It is only fair to tell you that the third man whom I counted on to help in the financing of my book on the Bible has just notified me that he is unable at the present time to be of any assistance. If in the light of this fact you should wish to withdraw your generous offer, I shall not feel aggrieved; I asked your support on the basis of what I considered a definite assurance from this third person.

With the backing that we already have, however, I might say that Mr. Johnson is ready to proceed with the publication of the book. So, if you and Mr. Wright are both willing to stay in, we can probably swing the matter without the ^{additional} assistance which I was counting on.

I recognize of course that your requests will

My dear Governor Townsend:

As a professional worker in education, and as chairman of education of the State Federation of Women's Clubs, I wish to thank you for signing the revised school code. The time had arrived when the state must assume the responsibility of financing the schools. The generous friend effect on a people is not good if continued too long. In addition, you have made it possible for every locality to have better schools if it is willing to work for them. After all that is where the responsibility must rest before there is true growth. I believe that the hard common sense of the people will bring about gradually your ideal for the schools.

As the reference to the generous friend might be misunderstood, I wish to state that both you and Mr. duPont have been perfectly splendid all thru this school fight.
