

THE "FAVORITE" WILL TAKE THE PLACE OF THE B. S. FORD.—The "Favorite," a fine, swift steamer has been secured by the Queen Anne's Railroad Company and placed on the route as a successor to the B. S. Ford. The latter boat is owned by the Chester River Company and had been under lease to the Queen Anne's Railroad during the past year. The business of the railroad company has prospered so largely in excess of calculations that it has been found necessary to secure the services of a much more commodious boat. It was for that reason that the relationship between the Queen Anne's Railroad and the Chester River Company has been severed and new arrangements made for the coming year.
