Dear Mr. Jolley:

In further regard to the replacement of  
your roof, will you please put on the estimate,  
which I am returning herewith, the kind of material  
to be used—that is, are the shingles to be wood,  
slate, asbestos, etc? When you have returned  
the estimate with this information, we will then  
transmit it to the Permanent Budget Commission.

Very truly yours,

Mr. Webster Jolley, Clerk  
Board of School Trustees  
Greenwood School District #22-c  
Greenwood, Delaware

Dear Sir:

The Sussex County Clerk of the Peace has sent us the letter of your Board of School Trustees to the effect that you held a school meeting and since there were no new candidates you agreed to re-appoint your same trustees. Inasmuch as no one had filed a petition with the Clerk of the Peace no legal election could have been held. Mr. Harley Taylor whose term expires in 1944 will therefore serve until the next election in 1945 at which time he as well as Mr. Watson will have to be re-elected or a person elected to succeed them.

Very truly yours,

H. V. Holloway  
State Superintendent

Mr. Alonzo Taylor, Pres.  
Greenwood School #222-c  
Greenwood, Delaware

My Dear Mr. Taylor:

This will acknowledge receipt of your letter of June 7 requesting that the interior of your school building be painted during the vacation period. Could this not be done with your allowance for repairs, upkeep and maintenance. If so, we would be very glad to arrange for the labor and material to be charged against your allotment, which will be \$80.00 for the coming year. If you could not take care of all of it from your allotment, maybe you could take care of a certain portion, if we could find the money to do the rest. Please let us know to what amount your allotment can be used for this purpose.

Very truly yours,

Dr. H. V. Holloway  
State Supt. of Public Instruction  
Dover, Del.

Dear Sir:

As an explanation to your letter of  
April 8<sup>th</sup>, we should like to say we are quite  
sure our letter of April 6<sup>th</sup> was misinterpreted.  
We have not decided definitely nor exactly to  
install electricity in our school. That is  
why we wrote to you. We first want to  
get permission from the State Department  
and you, then, with your permission and  
provided our patrons are still willing, it  
will be I am sure, agreed upon to install  
electricity in the building.

Our building has not been wired yet.  
We have however spoken to an efficient  
electrician to do the wiring when we decide

to have it done. We the trustees and the teachers are planning to call at your office on Saturday morning of April 23<sup>rd</sup> to discuss the matter, provided we can get an appointment with you at that time. Then with your permission, we will proceed to engage the electrician to do the wiring. High School 30th

It is expected that the new electric line will run past our school within the next few weeks. We do not intend to wire the building until that line has been completed. We will depend on you to advise us as to getting the work inspected and approved by the insurance underwriters.

Please be advised that nothing has been done yet except the money has been raised and that we wrote you relative to the matter.

We shall let the matter rest there until we see you and discuss it further. We are,

Very truly yours,

Alonso Taylor Pres.

Clarence Perkins. Secretary

Department of Public Instruction

April 8, 1938

*noted O.C.  
H.K.H.*

Mr. Alonzo Taylor, Chairman }  
Mr. Clarence Paskins, Clerk } Greenwood Colored School

Gentlemen:

In reply to your letter of April 6, your board should not have agreed to have electricity installed in Greenwood Colored School without first conferring with this Department to find out something about it. We cannot do what you ask for in your letter.

By a standing resolution of the State Board of Education, this Department is authorized to permit local school districts to have their buildings wired for electricity provided it is furnished, before the current is turned on, with a certificate that the wiring has been inspected and approved by the insurance underwriters, and provided further that any expense in connection with such installation and subsequent costs for current are paid for locally and remain a local responsibility. Any competent electrician knows how to proceed to get such a certificate.

This Department will, however, reimburse those who have paid these bills for current actually used in either one or all of the five months between October 15 and March 15 to the extent of the minimum monthly rate, provided this minimum is not more than \$1.25 per month.

To get this reimbursement, bills must be sent in the same as other local bills are presented, duly certified by the trustees, to which must be attached the electric company's bill for the month, or months, for which reimbursement is asked. No contribution from State funds will be made for other costs or for current for any other part of the year than above-mentioned.

Very truly yours,

DEPARTMENT OF PUBLIC INSTRUCTION

APR 8 1938

Greenwood, School #2220  
Greenwood, Del.  
April 6, 1938

Dr. H. V. Holloway  
State Supt. Of Public Instruction  
Dover, Del.

Dear Dr. Holloway

During the month of December our "Parent Teacher Association" raised \$50.00 more or less for the purpose of installing electric lights in our school building. At this time we are just about ready to make the cut in and connect up with the new "Rural Electric Association" of Sussex County. We are writing to find out the correct procedure in getting the consent of the State Department. Will you inform us as trustees just what steps that we are to take?

The entire project will cost us exactly \$73.32. We are therefore deficient \$23.32. Realizing there is no

particular allotment for electric lights, we should like to use a portion of our fuel allotment and our maintenance and upkeep allotment. For making a check up, we find that our fuel bill is considerably smaller than previous years. That being a fact, we would appreciate your help in bringing up our deficiency of \$23.32.

We are very anxious to get our lights installed while our patrons are interested and in the nation, we are,

Very Truly Yours,

BOARDS OF EDUCATION AND BOARDS OF  
SCHOOL TRUSTEES OF KENT & SUSSEX COUNTIES

Gentlemen:

Following the procedure established last year for the opening of school, the normal date for the opening this year, and the date selected, is Wednesday, September 8th. This date being rather late in the month, thus putting the closing of school well into June, some trustees have requested that they be permitted to open their schools on Wednesday the 1st of September, thus making it possible for their schools to close a week earlier in the spring in order to permit children to assist in picking the strawberry crop.

Will you please indicate in the blank at the bottom of this letter the preference of your Board and return the answer to this office.

Sincerely yours,

*H. V. Holloway*

Labor " 81.50  
Total = 103.77  
103.77  
33.80  
450.70

Will you please arrange to come down at  
your earliest convenience to make some investigations.

We would like to replace our fence around the  
school lot. Most of the fence has been beaten and  
battered down. This gives our school property a bad  
appearance from the public highway. Then too  
with the existing condition, we cannot keep  
animals from trespassing our school grounds.

Also the roof on the school is badly in need  
of repair. If something isn't done, the furniture and  
the inside of the building will soon be ruined. Whenever  
there is a Northeast storm the entire roof leaks. And  
again the windows need stripping as the rain  
drives in around them.

I trust you can come down at your  
earliest convenience to make above investigations

Yours,  
The area,

Very Sincerely yours

Signed:

DEC 9 1932

Dear Dr. Holloway:

Last year, Junius Nettles, one of our pupils, leg was broken while playing on the school grounds. The pupil was taken to the Milford Emergency hospital where he was given treatment for six weeks. The state paid for the pupils' hospital bill but there was an extra charge of \$2.00 expense incurred by Dr. M. V. James. The boys mother is in destitute circumstances and has been unable to pay Dr. James any of the twenty dollars. He is holding us responsible for his money for setting his leg and the x-ray picture.

We are writing to inquire if we might apply to any organization or association of this state for some help in this matter. We do not feel that we should pay the bill since the child is not ours. I have talked with Mr. Hendricks about the matter, and also Mrs. D. Bertrude

Lewis, our Visiting Teacher, who advised me  
to write to you concerning the matter.

Any information that you might be  
able to furnish would be very much app-  
reciated. The are

yours very truly  
H. L. Jolley
