HISTORY OF SOUND CHURCH

As Christians of today, we more or less take it for granted each Sunday morning we are to get up and go to Church. Maybe during the week we attend a church meeting or choir practice or possibly other church gatherings. If we take time to look back, we will see how Sound M. E. Church helped partake in the building of Methodism.

John and Charles Wesley, the latter born at Epworth, England, June 17, 1703, planned this religious work of our believing in the Lord. They preached in America for two years, 1736 and 1737. Charles Wesley preached in Boston and John Wesley in Charleston, where they formed societies. They returned to England and 47 years passed by.

During these 47 years of seeming inactivity, meetings were held in private homes and the word of God was being preached throughout the Colonies. George Whitefield came in 1738 and preached from Georgia to New England. In 1758 he was followed by Robert Strawbridge, and in 1760 it was Phillip Emberg.

Lastly came the names of Francis Asbury, Thomas Coke, Henry Boehm, Harry Hosier and Freeborn Garrettson who were all traveling companions and who all were an important asset to the building of our own "Sound Church."

As we all know, Barratt's Chapel is one of the oldest existing churches in our state. It was built in 1780 and is located ten miles south of Dover on the du Pont Highway. Around the year 1784 Francis Asbury and Thomas Coke met there for the first time in the United States. The brick church today is known as the "Cradle of Methodism" for it was there the law of the Methodist Church was framed and the First Sacrament was given by an ordained preacher.

Sound Methodist Church (M.E.) of today is located approximately one mile east of Williamsville on Route 54 under the ministry of Rev. Donald O. Clendaniel III. According to "Lore," it is the second oldest Methodist Church in Sussex County. We find the Church was organized through the efforts of Freeborn Garrettson on April 3, 1779.

Freeborn Garrettson was born in the state of Maryland in 1752 and commenced preaching in 1775 at the age of 23. At this time there were less than twenty preachers of Methodism in America. He was known as the "Traveling Preacher," riding five and six thousand miles on one trip and taking three months to complete the circuit. He suffered untold hardships riding through what was then wilderness up the Hudson River right through to the coast. He was one of the preachers at the first Christmas Conference in Baltimore.

One of the events that is said to have happened to Freeborn Garrettson is this story; On one of his trips while riding along the border of Cypress Swamp, he found it was late and night was coming on and as houses were long distances apart he decided to enter the first one he came to. One man took him in to his humble cottage and he spent the night there. In the morning before leaving he asked the man if he were acquainted with Jesus Christ. After holding his head down a few seconds thinking, the man then said, "Mister, Jesus Christ don't live 'round here cuz I know everbody in these parts." People just did not know the word of the Lord at that time.

Freeborn Garrettson preached in this section for several years, holding services under the branches of a white oak tree which would have stood about a mile north of the present church and at the head of the Assawoman Bay. Speaking of one of the meetings held there, Garrettson says in his diary: "The work of the Lord broke out there, the people wept on every side, and after a sermon of three hours seemed fixed to the spot."

Harry Hosier, known as "Black Harry," was attested the most eloquent and popular Methodist itinerate of his day by 'eminent divine.' While traveling with Freeborn Garrettson, Garrettson became very ill and Black Harry preached the sermon for him. He held the audience spellbound for two hours. He often substituted for the other preachers.

It has been stated that Garrettson felled the first tree that was used in the erection of the first Sound Church, which, with the aid of thirty converts, he built in 1784. The site was purchased, "one acre more or less," for twenty shillings or today for \$5.00. The deed, bearing date of April 29, 1784 was granted by John Robinson to Trustees James Laws, John (Eydlet) Aydelotte, John (Dare) Dier and John Coe of Worcester County, Maryland and Solomon Evans, Arthur Williams, Andrew Williams, Ezekiel Williams and William Powell of Sussex County, Delaware. The deed contains the proviso "that the ministers preach no other doctrine than is contained in Rev. John Wesley's notes on the New Testament, and his four volumes of sermons." The deed also specified ". . . a preaching-house or chapel for the use of the Methodist or those of the Clergy of the Church of England that are friendly thereto." It stated too that any vacancies in the board of trustees should be filled by the surviving trustees and that their numbers should be kept up to nine trustees forever. The deed was witnessed by Rackiffe Conner, Robert Wildgoose (now known as Wilgus) and Thomas McGee. It was acknowledged in Common Pleas Court on May 5, 1790, at which time Nathaniel Mitchell was the Prothonotary.

The site of our first Church "stood at the head of small gully making into the Branch called and known by the name of Indian Town Branch, head of the sound," from which the church derived its name. Later thru the years it was known as Tunnells Store and presently is called Johnsons Corner.

Today an old graveyard stands under the oak trees where the Church once stood by the same stream of water which is now named Derricksons Creek.

The Church was of hewed frame and was shingled on the sides as well as on the roof, with two small windows in each side wall. The Church, which was 24' by 36', had two doors in the end of the building toward the road. One door was for the men and one for the women as they were seated inside on opposite sides of the center aisle. At the end of the services the minister would dismiss the congregation. Only the professed Christians would remain in the Church, then the doors would be closed and a class meeting would be held.

From the year of its erection in 1784 until 1806, services were held without interruption. In that year a meeting of the trustees was held at which time it was decided to adjourn "*sine die*." We find this phrase is in Latin with the meaning, "without delay; indefinitely: an adjournment" (that is, without setting a day for reassembling). This action was taken because of the lack of money necessary to repair the chapel, which had become wholly unfit for use.

In 1807, after ten days notice, the congregation again convened, when the name "Williams M. E. Chapel, Head of Sound" was adopted. The name Sound was restored in later years. The trustees elected were Arthur Williams, Ezekiel Williams, William Rickards, William Powell, Thomas Evans, Robert Wildgoose and Isaac Rogers. After this the building was repaired and services were resumed.

The Church was used for worship from 1784 until 1868, a period of 84 years. During this period according to THE GARDEN OF METHODISM by E. C. Hallman, the Peninsula Conference records show the visits of Bishop Francis Asbury as such: Preached November 25, 1786, October 20, 1787, held Quarterly Meetings October 23-24, 1787; visited October 28, 1788, preached October 26, 1790, May 27, 1799, April 26, 1802 and April 3, 1810.

In 1828 the Church was again in need of repairs and an appeal for subscriptions was made to "all charitable and well-meaning persons, friendly to the religion of Christ." A year later it was rebuilt and services were again resumed.

After looking through different books and records we find different dates and even different reasons why the second church was started. One states the church burned in the year 1867. Another states the church building was moved to the present site and still another states services were held regularly until 1876 when it was abandoned and a new church was erected about a mile southeast of the original site. Another simply states a new church was built in 1870.

Whatever, another Church was built almost on the same plot as the present Church today as taken from the book, THE CHURCHES OF DELAWARE by Frank R. Zebly (owned by Dorothy Pepper). It has been stated the quarter-acre site was donated on January 16, 1871 by Charles Collins to James Brasure, Jacob H. Brasure, Edward W. McCabe, John R. Macolum and James L. Brasure, trustees. The deed mentions that the meeting-house had been erected and that it was called "Union Sound M. E. Church." It also describes the site as being on the road to Finicar's Island, which probably was Fenwick Island misspelled. Pioneers in rebuilding the Church were James Brasure, Jacob Brasure, Ruben Bishop, Alfred Lynch, Ezekiel Williams, Lemuel Williams, Thomas Adkins, John Williams and Edward Williams.

The Church was end to the road, with a door in the center, two windows on each side, and 3 joists across the building to keep it from spreading apart. There were two aisles; ladies on the right side, men on the left, as was the custom. The old shingles of the other church were used to back the sides up to the windows, and the outside was never painted.

This church was later purchased by Anais D. Derrickson and Joseph McCabe and moved to their farm being known as Sugar Hill Farm and presently known as Swann Keys. People today still remember seeing the building being used as a barn with stained glass windows in some places.

No books on churches or any Delaware books states a church being built around 1891. D. J. Long in 1938, gave the statement of the Church being built in the "fall of 1891 and dedicated February, 1892." Mr. and Mrs. George Marvel brought to our attention a notebook they found belonging to Mrs. Marvels' (Althea Pepper) grandfather. Mr. William E. Pepper kept a record of the work weeks he performed for the Sound Church erection and the date was in the month October in the year 1892.

Around 1966 David Bunting found an old Sound Church marker in back of his home at Frankford, Delaware. Upon finding the marker, he phoned Mrs. Grace Cobb, who lives next door to the church, and offered it to her. She was happy to get it for the church and returned it to its original home. This marker can be seen in the photograph of the church as the corner foundation block with the inscription "Sound M.E. Church 1892."

Adjoining the church was the District School plot No. 30. On September 2, 1911 it was purchased from the Commissioners. In the grove beside the Church a Camp-meeting was held each year until 1931 when it was then discontinued. Many people remember happy and sad occasions there even today. The Camp-Meeting is a story of its own.

Around 1916 and 1917, dates still uncertain, a revival was going on. The church was lighted with gas lights. These gas lights got out of control and began exploding. This was a terrifying scene and people began screaming and were running out the doors and even jumping out the windows. Mrs. Pearl (Murray) Townsend remembers being told during her childhood she was handed out thru the window as a baby and being saved in this manner. Mr. Rollie Hudson remembers people being in panic and trying to get out any hole or way they could. This fire did not do very much damage to the Church itself.

In 1919 the Church was remodeled. Three-way steps and a vestibule were added to the front of the building. A steeple was added with a brand new bell. The bell itself was sent down by train on a flat bed trailer car and was said to have weighed around 1,400 pounds. The railroad company had the flat bed car pulled to one side and left it to the people of Sound Church to move the bell. They did. It was taken from the railcar and brought to the church by horse and wagon and the people had their new bell in their new steeple on the church.

On February 5, 1924, James M. Gray donated one acre of land for cemetery purposes only. This plot is located on a road a half-mile east of the church and includes the Gray family graveyard. At the present time it is not being used as the Church cemetery but members of the congregation help clean and maintain the graveyard.

On December 11, 1937, which is remembered by many, as a very cold, cold Saturday night, the church caught fire while a meeting was held by the Rev. Robb. There were wood stoves being used at that time, one on each side of the Church. The fire started in the chimney nearest Williamsville close to the ceiling. People again began running from the Church but this time they removed the benches they had been sitting on and the

preachers pulpit. Mr. Harvey McCabe is said to have rung the church bell the entire time trying to call for more help in putting the blaze out. The bell finally fell and broke. The Church was unable to be saved and burned totally. An altar rail, from the previous Church, (where Freeborn Garrettson had led revivals) burned in the fire also.

Today the benches that were in the Church are still in use. Almost all are in the Church located at the crossroads in Omar. One is being used in Johnsons Store today and many of us use it at one time or another every week.

Within a year, as the people really went all out, a new church was built under the ministry of Rev. John E. Jones. During the construction of the Church, services were held in the Red Men's Hall located in Williamsville. On September 3, 1938 the Church was dedicated with the sermon being delivered by the Dist. Supt. Dr. John J. Bunting. In the afternoon, Rev. Otis P. Jefferson preached and Governor Richard C. McMullen made an address. The evening service was delivered by the Rev. John Graham, a former pastor. During the morning services, the collection of money to pay all bills incurred, was in charge of by U.S. Senator John G. Townsend, Jr., and needless to say, it was successful.

After going thru records of marriages we found the first wedding in the new church was March 23, 1940. The couple was George and Althea Marvel who are still active members in the church.

Early in 1947 the congregation secured the Old White Oak Schoolhouse and moved it from Buntings (no longer a post office town) to a site beside the Church. This Community House was sponsored by the Pioneer Class and was erected on the site of the Sound Camp-meeting Grounds. Their desire was for the building to be used by the young people and always be a memorial to the founders of the Old Sound Camp-Meeting. The dedication took place on Sunday, June 15, 1947, 2:00 P.M. with different addresses given by Hon. John Townsend, Senator John Williams, Hon. Clayton A. Bunting and Dist. Supt Dr. T. C. Mullingam. The High School band was even there to honor the occasion. The minister at that time was Rev. W. W. Hamilton.

It was later remodeled for use as church-house having Chicken and Dumpling Suppers with homemade pies and cakes. Today many people use its facilities and Fried Chicken Suppers are held there by the United Methodist Women during the summer months.

Starting of 1962 addition to Church

Before Addition

In August of 1962 the people of Sound began another undertaking. The project included an addition to the church of four Sunday School rooms, rest-rooms, a preacher's study and a meeting room. Central heat for the entire church was installed and many repairs were accomplished. The Consecration Services were held on April 28, 1963 with former pastor, Rev. John E. Jones, (who started the church building), and Rev. Ivon P. Downing who was pastor during the building addition program.

A mortgage taken in July of 1963 was cancelled on September 8, 1967 and on September 15, 1967 a dedication dinner was held in the community house. The guest speaker, Rev. Ivon P. Downing, was invited by the pastor Rev. William P. Werner.

Today the Church has a total membership of 115 and an average of 70 attending each Sunday and with pride we will soon celebrate our 200th birthday.

Sound Camp Meetings

August 1874 is the first mention of Sound Camp Meeting. Records of that year mention that Reverend J. A. Arters performed baptisms at the Sound Woods Meeting, which quite possibly could have been a forerunner of the Camp Meeting.

Sometime around 1898 the current minister, at Sound Church refused to hold a camp meeting. This caused several members to attend a camp meeting at the Methodist Protestant Camp which was held across the road from the Sound Church. They attended this camp for about seven years until, in 1906, the landowner gave each tenter a written notice to move his tent off the land. The people then moved their tents back across the road to the original camp on the Sound Churchground. There are no records of campmeeting from 1905 until 1917 when Rev. O. H. Connelly reopened the Sound Camp meetings.

Different land parcels were later bought by the people of Sound. The first was dated on August 1, 1916 "between Charlotte E. Bunting and Merrel her husband both of Baltimore Hundred, Sussex County and State of Delaware as parties of first part and Sound Camp Meeting Association, Trustees John E. Williams, Elisha Gray, I. E. Powell, A. D. Derrickson, Peter Truitt, Flem A. Long, James B. Dickerson, S. W. Hudson and their successors of Hundred, County and State aforesaid as parties of second part." \$217.50 was the sum of money paid unto them for over two acres of land for the use of the "church (Sound) as for Camp meetings or any social gathering and said describe land shall never be fenced or admittance charged to campmeetings."

The second deed, dated August 16, 1919 "between Peter P. Truitt and Orna, his wife, both of Baltimore Hundred, Sussex County, and State of Delaware as parties of first part and the Sound Campmeeting Association trustees John E. Williams, S. Walter Hudson, Flem Long, Albert Hudson, Ernest J. Evans, Alvin Daisey and Daniel J. Murray and their successors all of aforesaid Hundred, County, and State aforesaid as parties of second part" for the sum of \$50.00. This contained "Two acres and sixty five square Perches more or less."

Camp consisted of a large pavillion centered in a ring of wooden tents. The tents were made of wood with dirt floors covered with straw, and had a loft upstairs for sleeping. The people didn't bring their bed frames from home, just the bedding. They built rough frames for sleeping in the loft. On the back of the tent was a kitchen which often was not enclosed with solid walls, but with slatted hoards to allow for better ventilation. The people would haul from home a cooking stove, dishes, utensils, and whatever furniture they needed for their stay. Often the older tents had the whole front open so that the "sitting room" opened right off the campground.

There was a boarding tent where visitors could rest and find shelter either for the night, or just the afternoon. This tent was a three-story construction with a second-floor dormitory for the women and a third-floor dormitory for the men. The church employed two or four Negroes to keep the boarding tent prepared for visitors. Their duties included among other things, killing chickens for meals and preparation of meals. A confectionary store and an ice cream store were also on the grounds and were operated by local citizens.

There were about seventy-five tents on the campground. Often there would be one or more which was vacant and could be rented for about \$10.00 a camp season.

Camp started on Friday and continued till Monday week. There was usually no service on the first Monday as this was wash day. Tuesdays and Thursdays were the big days at camp and were packed with services and activities. On the final day, they conducted a "Breaking Up" service. Even with the hustle and bustle of packing for home, there was good attendance at this service.

There were usually three services a day. Early morning prayer service would begin when Mr. Jim Truitt who lived in Bayville, would run through the camp ringing a bell to get everyone to rise bright and early. After lunch, afternoon preaching would be held, and the night's psalm service would begin after the promenading. The Sound preacher had the responsibility of engaging speakers for the services. The following is a schedule for the week of July 7, 1921:

Sunday, July 7, 1921	Morning Afternoon Evening	Godwin of Tangier Hallman of Ocean View Burk of Ocean City
Monday, July 8, 1921	Evening	Bailey of Georgetown
Tuesday, July 9, 1921	Morning Afternoon Evening	Nixon of Leemont, Virginia W. B. Honer, Oxford, Maryland H. L. Derrickson, Oxford, Md.

Wednesday, July 10, 1921	Afternoon	Children's meeting and Devotional - J. L. of Sound
Thursday, July 11, 1921	Morning Afternoon Evening	Conolly Z. W. Wells Zimmerman
Friday, July 12, 1921	Afternoon Evening	Hallman Prettyman
Saturday, July 13, 1921	Evening	Devotional
Sunday, July 14, 1921	Morning Afternoon Evening	Beauchamp Hastings Allen

The campground was lit by about a dozen fires which were built on large wooden platforms filled with dirt, set atop large logs settled into the ground and extending about twelve feet into the air. Gas lights were used after this and then Mr. James Brasure was responsible for a Delco light plant for the campground lighting.

Early each evening within the circle of tents, the youngsters would promenade. Several courtships developed at the camp meetings, some of which ended in marriage. Chances are these romances might have started when a young man asked a young lady to promenade with him. Promenading was supposed to come to a halt at the start of the nightly service, but the young folks were often reluctant to stop. In later years, chains would be strung to keep promenading from continuing past the allowed time.

Camp meetings came to an end at Sound Campground in 1931 when the current minister, Mr. McCorkle refused to hold camp. However, memories of the camp meetings linger still.

The campmeeting grounds still have trustees today. They are: Charles Hudson, George (Bun) Marvel, George Williams, Albert Hudson, Rollie P. Hudson and Charles Grise.

The Methodist Women

Written by Peggy Hudson

In the early American Methodist Church, the role of women was one of being seen and not heard. The early Methodists followed the policy of John Wesley in requiring the separation of men and women in the church. The "Discipline" of 1784 stated: "There is no exception – Let them sit apart in our chapels." The strictness of the early Methodists at this point caused one member to jokingly remark that the "middle aisle was a dividing line that neither sex dared to trespass." If there were two entrances to the churches, the men and women entered by separate doors. The first Sound Chapel built in 1784 did contain two separate front doors.

Women figured prominently in the ministry of Jesus. He healed them and spoke of them in his sermons and parables, and he in turn received their financial and ministerial support.

Numerous women are mentioned in the Epistles of Paul. Despite the fact that Paul was heavily influenced in the faith by his mother and grandmother, his writings indicated that the role of women in the church had to be one of silence. In 1st Corinthians, 14th Chapter he declared "Let your women keep silent in the churches, for it is not permitted for them to speak; but they are commanded to be under obedience, as also saith the law. And if they will learn anything, let them ask their husbands at home: for it is a shame for women to speak in the church."

As the years passed and the Methodist movement began to spread across America, the role of the preacher changed from the circuit rider to the itinerant preacher. This meant that parsonages or homes were to be established for these preachers. At this juncture, Miss Lucinda B. Helm volunteered her services to the board of Church Extension. She declared that "We women ought to come to the front and assist in providing homes for the preachers."

The General Conference of 1886 authorized a Women's Department of the Board of Church Extension, to supply parsonages for itinerant preachers. Miss Helm became the first secretary of the Women's department.

Today one of the responsibilities of the Sound Methodist Women and Roxana Methodist Women has been the upkeep of the Roxana Parsonage.

The work of women in the early Sound Church began under the name of the Ladies Aid Society. The ladies would hold their meetings in individual homes. Husbands were invited and many attended with their wives. Some of the early presidents of the society were: Mrs. Ella Adkins, Mrs. Elizabeth Johnson and Mrs. Carrie Pepper. Mrs. Viola Pepper served the Society well as she was treasurer for over twenty years.

Later on the meetings of the Women's Society were held in the Community House, next door to the Church. The Community House was entrusted to the Ladies by the Camp-ground Trustees, the only stipulation being that they were responsible for the upkeep of the building. Husbands were still invited, however due to the growth of the Society their attendance began to fade.

The Women became involved in many projects aimed at helping to relieve the burden of the church treasury. Some of these projects were rummage sales, bakes and an annual Chicken & Dumpling supper. Later on when the beach areas began to grow in population, the women would have three fried chicken suppers during the summer months. Part of the profits from these projects were used in helping pay off the debt of our new Sunday School department, built in 1962 under the direction of Rev. Ivon P. Downing. Today the women have purchased new carpet for the Sanctuary, helped pay for the air conditioning unit, new song books for the choir, new Methodist hymnals and several other improvements in and around the church building.

Some of the latest presidents of the Methodist Women at Sound have been: Laura Clark, Mabel Tyre, Audrey Cooper, Iva Dennis, Achsah Brasure, Peggy Hudson and Grace Cobb.

Today the Methodist Women is one of the most successful branches of the United Methodist Church.

George P. Furman (1849-1919) and his wife, Lizzie, (1858-1925) were active members of Zion Church for many years. Mr. Furman was a Sunday School teacher, a class leader and exhorter.

Their son, John R., and his wife, Martha, donated their family home to the church on May 2, 1925, to be used as a parsonage and is under the administration of the Furman Memorial Committee.

The first parsonage as pictured was built at a cost of \$800.00 and is now the home of Mrs. Minnie Daisey.

The Furman Memorial Home has served 19 ministers and their families since it was donated by John R. and Martha Furman.

PSALM 100

Make a joyful noise unto the Lord, all ye lands.

Serve the Lord with gladness: come before his presence with singing.

Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture.

Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name.

For the Lord is good; his mercy is everlasting; and his truth endureth to all generations.

Sound Church

Congregation publishes book on group's past

By DICK CARTER

Most Delawareans are familiar with Barratt's Chapel, the venerable brick meeting house near Frederica, which, for nearly two centuries has been known as "the Cradle of Methodism" in America.

At the time that the first formal establishment of the Methodist Church in America took place there in 1784, however, Methodism had already been a way of life in some parts of Delaware for more than five years.

Down in the swampy lowlands of southeastern Sussex County, in an area which until 1775 had officially been a part of Worcester County, Md., a congregation of Methodists had been quietly in existence since 1779.

IT WAS FIRST established by the fiery young Methodist evangelist Freeborn Garrettson. A native of Accomac County, Va., Garrettson had started his career in 1775 at the age of 23. By 1779 he had already travelled thousands of miles up and down the eastern seaboard on horseback to spread the Methodist message.

Persistent legend has it that Garrettson's first sermons in Baltimore Hundred were delivered under the spreading boughs of an enormous white oak at "head off the sounds," the northernmost point of Big Assawoman Bay near present-day Johnson's Corner.

Garrettson, who visited the fledgling congregation regularly on his lengthy journeys, is said to have years, during which time the Sound Methodist congregation grew steadily.

FINALLY IT WAS thought appropriate to have a church to house the congregation. An acre of ground near the site of Garrettson's first sermons was purchased by a group of trustees from John Robinson for the present-day equivalent of \$5 in April of 1784, more than six months before Bishop Francis Asbury formally established the denomination at Barret's Chapel.

Garrettson cut the first tree for the new church. Like most buildings of that place and time, it had hand-hewn timbers and walls and roof of cypress shingles.

Although that first church had long since disappeared, Sound Church has continued in existence for 198 years, the second oldest Methodist congregation in Sussex County (following a Lewes congregation established in 1778).

It is interesting to note that while one of the first two Baptist congregations in Sussex was also established at Head of Sounds in 1781, it had disappeared by the early 1800's.

AS A WAY of preserving the history and traditions of Old Sound Methodist Church, a group of the present-day members banded together last spring to produce a book called "Heritage of Sound Church." It has recently been published and is now available.

The large 72-page book gives a detailed history of the church and its congregation, of the religious practices of its early members, and of the construction and location of the three children buildings which have served the church.

Illustrated throughout with old photographs and sketches, the book has cover illustrations and several other art works by Aubrey Cordrey of Piney Neck (who in his spare time is also a Delaware State Police Captian).

VARIOUS CHURCH WOMEN have written historical articles. Much of the historical data was supplied by local historian Dorothy Pepper of Selbyville.

The major editing and organizing of the book was done by Mrs. Grace Cobb, Mrs. Achsah Brasure, and Mrs. Peggy Jean Timmons with considerable assistance from either church members.

Perhaps the most interesting feature of the history is the publication of virtually all existing church baptismal and marriage records from 1860, the earliest date for which records can be found, to the present. Records of the Roxana Methodist Church from the 1920's onward alsare also included.

Thus, it is possible for those who are members of the church or whose families were associated with it to trace back their families for nearly 120 years.

THE BOOK LISTS more than 50 ministers who have served Sound Church. It includes photographs of many of them and of notable early members of the congregation.

Like many Methodist Churches on Delmarva, Sound also had a camp meeting for many years during the early 1900's and old photographs and accounts of that are included.

All in all, the book is a valuable document not only for members or descendents of members of the church but for Sussex County history buffs as well.

500 COPIES of the history had been printed and they are now on sale for five dollars a copy.

Grace (Mrs. Jessie W.) Cobb, the chairman of the project, said last week that anyone wishing to buy a copy of the history may do so by contacting her at 436-5595.

Copies are also available at the church, located on Del. Route 54 one mile east of Williamsville, and at The Gift Shop in Millville, Lewis Flower Shop in Ocean View, and The Village Market in Williamsville.

THE CHURCHES OF DELAWARE

by

FRANK R. ZEBLEY

Author of "Along the Brandywine"

*A history, in brief, of the nearly 900 churches
and former churches in Delaware as
located by the Author.*

1947

Wm. S. McCabe. In 1912, this building was moved to the opposite end of the lot and used as a school for the younger grades. Title to the half-acre former public school plot adjoining the church property was secured on Feb. 5, 1915. The old church which had been moved to this plot was destroyed by fire in October, 1922. The present stone church was built in 1911. It was dedicated by Bishop Hamilton and Dr. Krantz on Sun., July 14, 1912. A new parsonage was completed at the same time. A reopening service was held in 1934. Four young men have gone out from Salem to become ministers.

Selbyville M. P. Church was the outgrowth of tent-meetings started in the fall of 1909. A church site was purchased on Mar. 10, 1910, from Jacob M. Holloway. Meetings were continued in the tent until 1911 when a large church was built on Duke St. This church was destroyed by fire on Sun. evening, Jan. 28, 1923 and it was not replaced.

Selbyville P. E. Mission. In June, 1946, a group of Episcopalians in Selbyville started to hold regular meetings in Pomeroy's Log Cabin with the intention of establishing an Episcopal Mission and building a house of worship.

Zoar M. E. Church, colored, is located on the outskirts of Selbyville, on the road to Roxana. This church was organized in 1883. They purchased a one-acre church site on May 13, 1884, from James R. Bishop. This church was located on the Selbyville-Head of Sound Road and was named Long's A. M. E. Chapel.

The present one-acre site was purchased, on Oct. 24, 1924, from Philip C. Showell and the church was moved across the fields to the new site. The name "Zoar" was then adopted. On Oct. 5, 1929, the Balto. Trust Co. donated a strip of land 25 ft. wide as an outlet for the property.

Calvary Holy Church, colored, hold their meetings in an old schoolhouse about two miles east of Selbyville.

Williamsville M. P. Church was organized in 1905 and a church was built on the edge of the town. This church was destroyed by fire in August, 1910. A new church was built on the same site. It was closed in 1913. The building was sold to the Mechanic's who moved it into the center of the town where it was put in use as Mechanic's Hall. In 1945, the building was converted into a dwelling.

A Church of the Sanctified was built in Williamsville in the fall of 1892. It was located where Lynch's Hatchery now stands. The building was destroyed by fire on July 10, 1894 and was not rebuilt.

Sound Methodist Church (M.E.) is located a short distance east of Williamsville. The first church was built in 1784 and was located at Johnson's Corner where the Johnson family graveyard is located. The first church was built through the efforts of Freeborn Garrettson, the horseback-riding early missionary of Methodism.

Mr. Garrettson preached here for the first time on Apr. 3, 1779. He preached again on June 2, 1779 and he mentioned in his Journal that the Baptists were very active in this section.

The church site was donated, for 20 shillings, on Apr. 29, 1784 by John Robinson to Solomon Evans, Arthur Williams, Andrew Williams, Wm. Powell and Ezekiel Williams of Sussex County and James Law, John Aydelott, John Dier and John Coe of Worcester County, Maryland, trustees. The site "stood

at the head of a small gulley making into the Branch called and known by the name of Indian Town Branch" and comprised "one acre more or less."

The deed specified "that a preaching-house or chapel for the use of the Methodists or those of the Clergy of the Church of England that are friendly thereto." It also specified that any vacancies in the board of trustees should be filled by the surviving trustees and that their number should be kept up to nine trustees forever. The deed was witnessed by Rackiffe Conner, Robert Wildgoose and Thomas McGee. It was acknowledged in Common Pleas Court on May 5, 1790, at which time Nathaniel Mitchell was the Prothonotary.

This church had two doors, one for the men and one for the women who were seated on opposite sides of the center aisle. At the end of the services the minister would dismiss the congregation. Only the professed Christians would remain in the church, then the doors would be closed and a class-meeting would be held.

Francis Asbury attended a Quarterly Meeting at Sound on Oct. 23, 1787. He preached there on Oct. 26, 1790. In his Journal he mentions Bro. Williams. Services were held without interruption until 1806 when they were discontinued for one year. Trustees were elected on Sept. 28, 1807 and the name "Williams' M. E. Chapel, Head of Sound" was adopted. After this, the building was repaired and services were resumed. In 1829, the church was rebuilt.

A new church was built on the present site, adjoining Dist. School No. 30, in 1870. The quarter-acre site was donated, on Jan. 16, 1871, by Charles Collins to James Brasure, Jacob H. Brasure, Ed. W. McCabe, John R. Macolum and James L. Brasure, trustees. The deed mentions that the meeting-house had been erected and that it was called "Union Sound M. E. Church." It also describes the site as being on the road to Finicar's Island, which probably was Fenwick Island, misspelled.

On Sept. 2, 1911, the school plot, adjoining the church was purchased from the Commissioners of School Dist. No. 30. On Feb. 5, 1924, James M. Gray donated one acre of land for cemetery purposes only. This plot is located on a dirt road a half-mile east of the church and includes the Gray family graveyard. Up to the present time it has not been utilized as the church graveyard, most of the interments being made at the Roxana Church cemetery.

The church was destroyed by fire on Dec. 11, 1937. An altar rail around which Freeborn Garrettson had conducted revivals was burned. During the construction of a new church services were held in the Red Men's Hall.

The church was dedicated on Sept. 4, 1938, with the pastor, the Rev. John E. Jones, in charge. At the morning service the collection of money to pay all of the bills incurred was in charge of U. S. Senator John G. Townsend, Jr., and needless to say it was successful. The sermon was preached by Dist. Supt. Dr. John J. Bunting. In the afternoon the Rev. Otis P. Jefferson preached and Governor Richard C. McMullen made an address. The evening sermon was delivered by the Rev. John Graham, a former pastor.

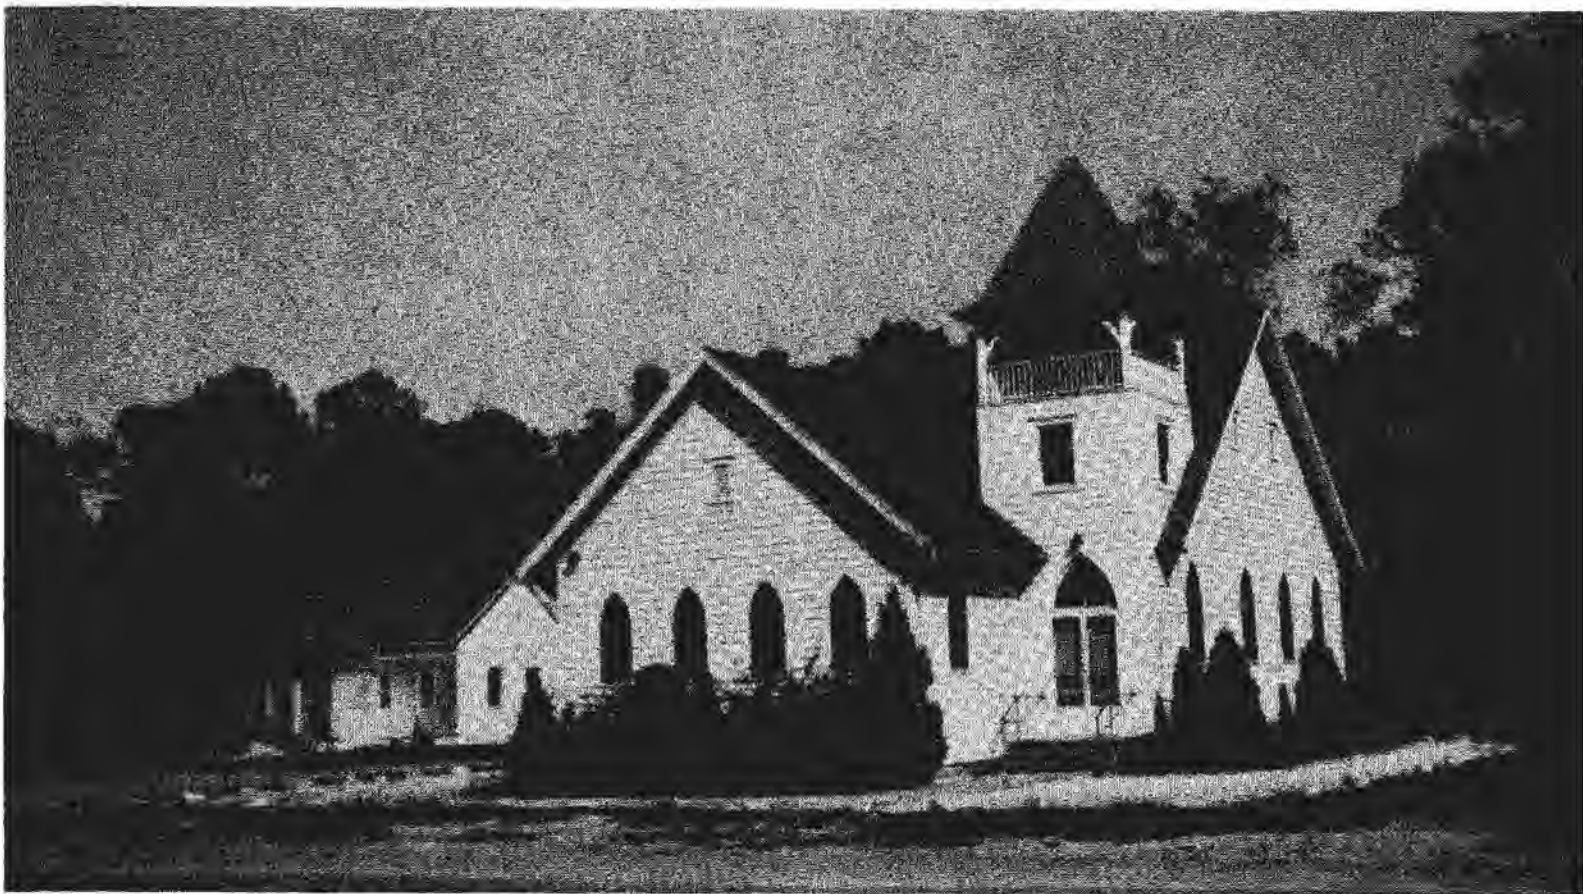

Early in 1947, the congregation secured the old White Oak schoolhouse and moved it to a site close to the church. It was then remodeled for use as a church-house.

In the grove beside the church a camp-meeting was held each year, until 1927, when it was discontinued.

Sound Baptist Church was organized on Aug. 12, 1779, at the Head of Sound. During the first thirteen years of its existence, six young men were schooled for the ministry. No church was ever built and the congregation gradually went out of existence.
